## REQUIRED SUPPLIES & SOFTWARE

Note: Although students can use their smart phones and tablets to access their online course(s), exams, discussions, assignments, and other graded activities should be performed on a personal computer. Neither Blackboard nor GVTC provide technical support for issues relating to the use of a smart phone or tablet so students are advised to not rely on these devices to take an online course. Students should not share login credentials with others and should change passwords periodically to maintain security. Students will also need the following:

1. YouTube will be used to upload and view speeches. Students must create a YouTube account.
2. Digital camera – Smart phones are acceptable. Historically, cellular telephones camera have been the best option for recording and submitting presentations.
3. Video: *Twelve Angry Men* This video stars Henry Fonda and revolves around the efforts of eleven members of jury in a murder trial to convince one member to change his “not guilty” vote to “guilty.” The video dramatizes many of the aspects of small-group discussion covered in the textbook.

## IMPORTANT NOTE:

Students should not share credentials with others and should change passwords periodically to maintain security.

2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

## STUDENT REQUIREMENTS (ONLINE)

Students are expected to complete all work required by the instructor. Students will have at least one week to complete tests and assignments. Refer to the Lessons Plans at the end of this document for

due dates for each module. Assignments must be keyed in Microsoft Word, saved, uploaded, and attached for grading in Blackboard.

Students are expected to prove weekly academic engagement by meeting assignment deadlines each week. Students are expected to communicate frequently through college email and discussion boards. College email is accessed at <https://portal.office.com>, under Quick links on our webpage, or in the menu of your Blackboard course.

### **IMPORTANT:**

1. Lack of knowledge of Blackboard username and/or password or the lack of knowledge of username or password required to obtain access to the computers on the STC campus is not an instructor issue. Do not contact me about this!
2. Personal computer issues are not my concern. Be sure that you have a backup plan should you encounter technology issues. Assignment due dates will not be changed because of computer difficulties.
3. Ensure that you have knowledge of attaching files to emails and knowledge of the discussion board feature in Blackboard.
4. Each module has a specific due date for the assignments. The assignments in each module are due the last day stated on the syllabus/lesson plan. If the module requires a speech, the final day for uploading the speech to YouTube and submitting the link is the date stated on the syllabus for that module. You are welcome to complete and to submit your assignments early; however, the assignment may not be evaluated until the end date of the module. You may need to revisit some assignments to complete discussion boards.
5. Before submitting an assignment to a drop box or discussion board, BE SURE you are submitting the correct assignment and submitting to the correct location. I will not evaluate assignments not properly submitted.

Instructors do not have access to usernames, passwords, or software that you may need to add to your computer in order for you to complete assignments in this course.

## ONLINE ATTENDANCE

It is the student's responsibility to be academically engaged each week doing course related activities. The completion dates of these activities will be used to determine a student's last date of attendance in the event a student withdraws, stops attending, or receives an F in a course.

Students will not be withdrawn by an instructor for attendance; however, all instructors will keep records of graded assignments and student participation in course activities. Students will be expected

to complete all work required by the instructor as described in the individual course syllabus.

### WITHDRAWAL PROCEDURE

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% point of the term in which student is enrolled (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" (Withdrawn) is assigned for the course(s) when the student completes the withdrawal form.

Important – Student-initiated withdrawals are not allowed after the 65% point. After the 65% point of the term in which student is enrolled, the student has earned the right to a letter grade and will receive a grade for the course. Please note: Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of "F" (Failing 0-59) being assigned.

Informing your instructor that you will not return to his/her course, does not satisfy the approved withdrawal procedure outlined above.

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a

representative of the Financial Aid Office to determine any financial penalties that may be accessed due to the withdrawal. A grade of "W" will count in attempted hour calculations for the purpose of Financial Aid.

### **ONLINE PROCTORED EVENT WITHDRAWALS**

Students who do not complete the proctored exam for an online class on the scheduled date and do not present a valid excuse within three business days of the scheduled event will be withdrawn from the course with a "WF" (Withdrawn Failing) and will be disabled in their online class. If the proctored event is scheduled during final exams, any student who misses the proctored exam will receive an "F" for the course.

### **PROCTORED EVENT REQUIREMENT**

**Due to the uncertainties of COVID-19, this event will not be proctored for Spring Semester 202114. Students will complete the event, but will not be required to come on campus to do it.**

The event may be a major exam, assignment, or presentation, etc. that will count a minimum of 20% of the course grade. Students who do not complete the event as scheduled must submit a valid documented excuse within three business days after the scheduled event. If the excuse is approved by the instructor of the course, students must make arrangements with the instructor to makeup/reschedule the missed event. The penalty and makeup instructions will be at the instructor's discretion. Events will be given after the 65% point of the semester. **Students who do not complete the event on the scheduled date and do not present a valid documented excuse within three business days of the scheduled event will be withdrawn from the course with a "WF" (Withdrawn Failing). If the event is scheduled during final exams, any student who misses the event will be issued an "F" (Failing) for the course.**

### **PROCTORING FEES**

Students are not charged a proctoring fee when taking a proctored event at Southeastern Technical College or any other TCSG college. Students who choose to use an off-campus proctor may be assessed a proctoring fee by the proctoring site. In this instance, the student is responsible for payment.

### **ACADEMIC DISHONESTY POLICY**

The STC Academic Dishonesty Policy states All forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the STC Catalog and Student Handbook.

### **PROCEDURE FOR ACADEMIC MISCONDUCT**

The procedure for dealing with academic misconduct and dishonesty is as follows:

#### **1. First Offense**

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will

input the incident into Banner for tracking purposes.

## **2. Second Offense**

Student is given a grade of Withdrawn Failing (WF) for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

## **3. Third Offense**

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

### HERE ARE SOME VIDEO PREPARATION SUGGESTIONS:

1. Is the camera shot of you a flattering shot?
2. Are you looking directly at the camera?
3. Are you dressed appropriately?
4. Do you look confident? Eye contact tells the story.
5. Are you talking too fast? Too slowly?
6. Did you actually rehearse your speech? You have the opportunity to record and review your speech multiple times until you are pleased with the product, so take advantage of technology. However, do not upload your presentation until you are completely satisfied with the video.
7. Are you organized, and have you planned what you are going to say? Have you completed a thorough preparation outline?
8. Are you completely and utterly prepared, and do you appear that way? Do you sound conversational? Overly rehearsed?
9. Are you within the time limit?

### DEFINITION OF PUBLIC SPEAKING

Speaking in “public” is defined as speaking before an audience of living people in a structured public venue, for a deliberate reason. Learning to speak in public requires that a speaker be audience-centered, which means that the speaker has to take audience knowledge, interests, attitudes, and beliefs into consideration when preparing a speech. Therefore, if the “public” or “audience” is minimized or even eliminated you will not have the experience of preparing and presenting for a *live* public audience. As well, you will leave the course with less than acceptable skills and experience in public speaking, tailoring your remarks to a specific audience or situation, learning to adapt to situation interference, audience feedback, and experiencing all the vagaries that often take place in public speaking events. Also speaking without an audience will jeopardize your success in the course.

**However, with the current social interaction restrictions enforced by COVID-19, An audience is not required for any speeches for Spring semester.**

YouTube will be used to upload and view speeches. Students must create a YouTube account. If you do not already have a YouTube account, go to YouTube and create an account. The directions are simple. After uploading your speech to YouTube, copy the link and submit in the correct Discussion Board in Blackboard.

### SUBMITTING SPEECHES

Use the best recording device (digital) you have at your disposal. Digital cameras and the camera in your laptop work well if they are arranged properly.

- YouTube will be used to upload and view speeches. Students must create a YouTube account.

- Digital camera – Smart phones are acceptable. Historically, cellular telephones camera have been the best option for recording and submitting presentations

You will record your speech adhering to the Guidelines for Online Speaking as stated in the text. Speeches are not informal presentations. Be certain that you view your speech, BEFORE UPLOADING TO YOUTUBE, for setting, lighting, framing, eye contact, and personal appearance. After viewing your presentation, you are encouraged to present your speech once more, paying close attention to your areas of concern. Again, view and critique your presentation according to the content in Chapter 19. Before presenting your speech, think about your target audience, your classmates. Your classmates and I will access your presentation and we will evaluate. After you are satisfied with your presentation, upload to YouTube and submit your link.

Before presenting your speech, evaluate your environment. You may sit or stand for this presentation. Whether sitting or standing, be sure that your camera is located only a couple feet away. Practice this before you present.

You will receive additional communication about peer review for presentations.

#### **EMAIL**

Email is the preferred method of communication/contact in this course. When sending email, you are to use correct grammar and mechanics. I reserve the right to deduct points from your Overall Average for non-compliance.

#### **DISCLAIMER STATEMENTS**

The instructor reserves the right to change the syllabus and/or lesson plan as necessary.

The official copy of the syllabus is located inside the online Blackboard course shell or will be given to the student during face to face class time the first day of the semester. The syllabus displayed in advance of the semester, in a location other than the course a student is enrolled in, is for planning purposes only.
