Program Admission

COURSE OUTLINE

Nursing Care Associated with the Integumentary System

Order	Description	Learning Domain	Level of Learning
1	Determine the health management, maintenance and prevention of pathological disorders as related to the integumentary system.	Cognitive	Application
2	Prioritize the care for the individual as a whole with respect to the integumentary system.	Cognitive	Evaluation
3	Recognize pathological disorders of the integumentary system.	Cognitive	Analysis
4	Incorporate nursing observations and interventions related to each of the diagnostic studies and procedures associated with the integumentary system.	Cognitive	Synthesis
5	Individualize the nursing process with emphasis on assessment and client education as related to the integumentary system.	Cognitive	Synthesis
6	Collaborate as a member of the healthcare inter-professional team in relation to integumentary system.	Cognitive	Synthesis
7	Anticipate the responsibility of the nurse and methods of treatments related to the integumentary system.	Cognitive	Synthesis

Order	Description	Learning Domain	Level of Learning
8	Recognize medications most commonly used in diagnosis, prevention, and treatment of disorders of the integumentary system.	Cognitive	Analysis
9	Anticipate dietary management in the prevention and treatment of integumentary disorders.	Cognitive	Synthesis
10	Select standard precautions as they relate to care of the integumentary system.	Cognitive	Evaluation
11	Differentiate the integumentary system with respect to the life span.	Cognitive	Analysis
12	Adapt cultural competence as applicable to the integumentary system.	Cognitive	Synthesis
13	Assess the integumentary system as applicable to special populations.	Cognitive	Application
14	Interpret elements of fluid balance and electrolytes.	Cognitive	Application
15	Integrate basic computer technology in healthcare.	Cognitive	Synthesis

Nursing Care Associated with Oncology

Order	Description	Learning Domain	Level of Learning
1	Explain how cancer cells differ from normal cells.	Cognitive	Comprehension
2	Contrast the characteristics of benign and malignant neoplasms.	Cognitive	Analysis
3	Recognize predisposing factors related to cancer.	Cognitive	Analysis
4	Explain cancer treatment modalities.	Cognitive	Comprehension
5	Explain nursing interventions used in cancer treatment.	Cognitive	Comprehension
6	Discuss the emotional impact of cancer on the patient and the family.	Cognitive	Comprehension
7	Discuss oncology concerns with respect to the life span.	Cognitive	Analysis
8	Adapt cultural competence as applicable to oncology concerns.	Cognitive	Synthesis
9	Assess oncology concerns as applicable to special populations.	Cognitive	Application
10	Integrate basic computer technology in healthcare	Cognitive	Synthesis

Nursing Care Associated with the Reproductive Systems

Order	Description	Learning Domain	Level of Learning
1	Determine health management, maintenance, and prevention of illness as they relate to the reproductive systems.	Cognitive	Application
2	Prioritize the care for the individual as a whole with respect to the reproductive systems.	Cognitive	Evaluation

Order	Description	Learning Domain	Level of Learning
3	Recognize conditions, which deviate from normal that affect the reproductive systems.	Cognitive	Analysis
4	Incorporate nursing observations and interventions related to diagnostic studies and procedures that apply to the reproductive systems.	Cognitive	Synthesis
5	Individualize the nursing process with emphasis on assessment and client education related to the reproductive systems.	Cognitive	Synthesis
6	Collaborate as a member of the healthcare inter-professional team in relation to the reproductive systems	Cognitive	Synthesis
7	Anticipate the responsibility of the nurse and the methods of treatment related to the reproductive systems.	Cognitive	Synthesis
8	Recognize medications most commonly used in diagnosis, prevention, and treatment of disorders of the reproductive systems.	Cognitive	Analysis
9	Anticipate dietary regimens for the reproductive systems.	Cognitive	Synthesis
10	Select standard precautions as they relate to the reproductive systems.	Cognitive	Evaluation
11	Differentiate the reproductive systems with respect to the life span.	Cognitive	Analysis
12	Adapt cultural competence as applicable to the reproductive systems.	Cognitive	Synthesis
13	Assess the reproductive systems as applicable to special populations.	Cognitive	Application
14	Integrate basic computer technology in healthcare.	Cognitive	Synthesis

GENERAL EDUCATION CORE COMPETENCIES

Southeastern Technical College has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS

Students are expected to complete all daily assignments and exams. A unit exam average of 70% or above must be obtained in order to take the final exam. Students that do not obtain an exam average of 70% will not be able to take the final exam and will receive a grade of zero (0) on the final exam and will receive an F for the course. A course grade of 70% must be obtained in order to advance into future nursing courses.

No assignment opportunities will be given for extra credit. Any unit exam grade will be entered as is to the nearest 10th. No scores will be rounded (up or down). *For example: exam has 60 questions and each question will be worth 1.66 pts. The student misses 7 questions $1.66 \cdot 7 = 11.62$. $100 - 11.62 = 88.38$. Grade will be recorded as 88.3.* This rule applies to every grade issued during this semester. All final averages will be recorded as is (ie a 69.9 is a 69.9).

During an examination, students are required to place all textbooks and personal property on the floor in front of the classroom. Students will be required to rotate seats prior to testing per instructions from the instructor. No talking is allowed once the exam begins. Students found with their cell phone or any other personal communication device during the exam will be considered cheating. Which will result in a zero for the exam. All exams are timed with students receiving one minute to answer each examination question. An additional minute will be added per calculation exam question.

It is highly recommended that students take full advantage of all resources available to them: workbooks, end of chapter review questions, NCLEX-PN review questions, and internet sources. However, ALL ATI assignments listed below on the lesson plan are **REQUIRED** to be completed prior to the exam. All ATI assignments must be completed with the appropriate score, printed out, and turned in to the instructor at least 30 minutes prior to exam. Assignments turned in after the deadline may result in a 5 point deduction from exam grade. Students will not be allowed in class on exam day or able to take the exam without the appropriate print-out(s). Classroom door may be locked at the start of class.

If these requirements are not met, the student may not be allowed to take the exam. This will be counted as the 1 make-up exam unless the student has already missed a previous exam and then it will be counted as a zero for the exam. The make-up exam is subject to a 10 point deduction if the student does not provide the instructor with an excused absence.

Medical/Surgical (F.A. Davis) Online Resources

Completion of the Med/Surg (F.A. Davis) Online Resources is highly recommended to help prepare you for exams and should increase your level of success in this class.

Workbook Chapters

Completion of the workbook for applicable chapters are optional but highly encouraged (Medical Surgical and Maternity/Pediatric) and should increase your level of success in this class.

POWER POINTS

Power points for each chapter are available on the student **M: drive**. This student drive can be accessed by going to the STC website and logging into Remote Lab Access.

STUDENT SUCCESS PLAN

The Student Success Plan documents deficiencies in performance and provides a means for improvement. A success plan should be initiated for the following reasons:

- If the student has (1) a cumulative unit exam average of < 70 percentage (%) after the completion of 25% of the unit exams or (2) a skill(s) performance deficiency.
- The faculty will initiate individual counseling session and complete the Student Success Plan.
- if the student has (1) a cumulative unit exam average of < 70% after the completion of 50 % of the unit exams or (2) a skill(s) performance deficiency,

- The faculty will initiate individual counseling session, as well as review and update the Student Success Plan and submit an Early Alert.
- if the student exhibits behavior outside the expected:
 - codes of conduct outlined in professional codes of ethics, professional standards,
 - All procedures/requirements/policies outlined in program handbooks/documents,
 - STC e Catalog and Handbook, and/or
 - Clinical facility policies and procedures.

The faculty will initiate an individual counseling session and complete an Academic Occurrence Notice and the Student Success Plan.

Technical College System of Georgia **E**arly **A**lert **M**anagement **S**ystem (TEAMS) & The Student Success Plan are designed to ensure that students are well informed about strategies for success, including college resources and assistance. One of the responsibilities of the Program faculty is to monitor the academic progression of students throughout the curriculum. The faculty believes that the student is ultimately responsible for seeking assistance; however, faculty will meet or refer students who are having academic difficulties.

- TEAMS is designed to provide assistance for students who may need help with academics, attendance, and personal hardships.

ATTENDANCE GUIDELINES

Class attendance is a very important aspect of a student's success. Being absent from class prevents students from receiving the full benefit of a course and interrupts the learning process. Southeastern Technical College considers both tardiness and leaving early as types of absenteeism. Responsibility for class attendance rests with the student. Regular and punctual attendance at all scheduled classes is required for student success. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Instructors have the right to give unannounced quizzes/assignments. Students who miss an unannounced quiz or assignment will receive a grade of zero. Students who stop attending class, but do not formally withdraw, may receive a grade of "F" (Failing 0-59) and face financial aid repercussions in upcoming semesters.

Instructors are responsible for determining whether missed work may be made up and the content and dates for makeup work is at the discretion of the instructor.

ADDITIONAL ATTENDANCE PROVISIONS

Requirements for instructional hours within Health Science and Cosmetology programs reflect the rules of respective licensure boards and/or accrediting agencies. Therefore, these programs have stringent attendance

policies. Each program's attendance policy is published in the program's handbook and/or syllabus which specify the number of allowable absences. All provisions for required make-up work in the classroom or clinical experiences are at the discretion of the instructor.

Attendance is counted from the first scheduled class meeting of each semester. To receive credit for a course a student must attend at least 90% of the scheduled instructional time. Time and/or work missed due to tardiness or absences must be made up at the convenience of the instructor. Any student attending less than the required scheduled instructional time (90%) may be dropped from the course as stated below in the Withdrawal Procedure.

For this class, which meets 75 hours, the maximum number of hours a student may miss is **7 hours 30 minutes**.

STUDENTS WITH DISABILITIES

Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact the appropriate campus coordinator to request services.

Swainsboro Campus: [Macy Gay mgay@southeasterntech.edu](mailto:MacyGay@southeasterntech.edu) , 478-289-2274, Building 1, Room 1210

Vidalia Campus: [Helen Thomas hthomas@southeasterntech.edu](mailto:HelenThomas@southeasterntech.edu) , 912-538-3126, Building A, Room 165

SPECIFIC ABSENCES

Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY

Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please make arrangements with the appropriate campus coordinator.

Swainsboro Campus: [Macy Gay mgay@southeasterntech.edu](mailto:MacyGay@southeasterntech.edu) , 478-289-2274, Building 1, Room 1210

Vidalia Campus: [Helen Thomas hthomas@southeasterntech.edu](mailto:HelenThomas@southeasterntech.edu) , 912-538-3126, Building A, Room 165

It is strongly encouraged that requests for consideration be made PRIOR to delivery and early enough in the pregnancy to ensure that all the required documentation is secured before the absence occurs. Requests made after delivery MAY NOT be accommodated. The coordinator will contact your instructor to discuss accommodations when all required documentation has been received. The instructor will then discuss a plan with you to make up missed assignments.

WITHDRAWAL PROCEDURE

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% point of the term in which student is enrolled (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" is assigned for the course(s) when the student completes the withdrawal form.

Students who are dropped from courses due to attendance after drop/add until the 65% point of the semester will receive a "W" for the course.

The 65% point for this course is November 20, 2019.

Important – Student-initiated withdrawals are not allowed after the 65% point. Only instructors can drop students after the 65% point for violating the attendance procedure of the course. Students who are dropped from courses due to attendance after the 65% point will receive either a “WP” or “WF” for the semester. Informing your instructor that you will not return to his/her course, does not satisfy the approved withdrawal procedure outlined above.

There is no refund for partial reduction of hours. Withdrawals may affect students’ eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. A grade of “W” will count in attempted hour calculations for the purpose of Financial Aid.

MAKEUP GUIDELINES (EXAMS, QUIZZES, HOMEWORK, PROJECTS, SKILLS, ETC.)

In the event of an absence on an exam day, the instructor may require a physician’s excuse before a student is allowed to take a make-up exam. A student will only be allowed to make-up one theory exam, which will be given at the discretion of the instructor. A grade of “0” will be given to all subsequent exams missed. The make-up exam may or may not be the same as the original exam. It may also be a different test format. If a student misses the final exam and has already used their ONE time make-up, the student will NOT be allowed to make-up the final exam and be given a zero for the final exam.

It is the student’s responsibility to obtain notes, lecture recordings, or information presented in class when the student is absent.

ACADEMIC DISHONESTY POLICY

The Southeastern Technical College Academic Dishonesty Policy states that all forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the Southeastern Technical College Catalog and Handbook.

PROCEDURE FOR ACADEMIC MISCONDUCT

The procedure for dealing with academic misconduct and dishonesty is as follows:

1. First Offense

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

2. Second Offense

Student is given a grade of "WF" (Withdrawn Failing) for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

3. Third Offense

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.
