

**TENTATIVE—SUBJECT TO CHANGE
BIOL 2114: Anatomy & Physiology II**

COURSE SYLLABUS

ONLINE

Fall Semester 2021: LECTURE MINI-MESTER

COURSE INFORMATION

Credit Hours/Minutes: 3/2250

Campus/Class Location: Georgia Virtual Technical Connection (GVTC)/Blackboard

Class Meets: **Online**

Course Reference Number (CRN): **20063**

Preferred Method of Contact: **email** [Sadia Ajohda \(sajohda@southeasterntech.edu\)](mailto:sajohda@southeasterntech.edu)

INSTRUCTOR CONTACT INFORMATION

Instructor Name: **Sadia Ajohda**

Campus/Office Location: **Vidalia Campus, Gillis Building, Office 723**

Office Hours: By appointment

Email Address: [Sadia Ajohda \(sajohda@southeasterntech.edu\)](mailto:sajohda@southeasterntech.edu)

Phone: office 912-538-3216

Fax Number: 912-538-3156

Tutoring Hours: By appointment

SOUTHEASTERN TECHNICAL COLLEGE'S (STC) CATALOG AND HANDBOOK

Students are responsible for all policies and procedures and all other information included in Southeastern Technical College's [Catalog and Handbook \(http://www.southeasterntech.edu/student-affairs/catalog-handbook.php\)](http://www.southeasterntech.edu/student-affairs/catalog-handbook.php).

REQUIRED TEXT

Principles of Anatomy and Physiology, Tortora/Grabowski, 15th Edition, John Wiley and Sons, Incorporated.

REQUIRED SUPPLIES & SOFTWARE

¹ Laptop with functional camera

² Reliable Internet connection

Note: Although students can access their online course using their smart phones and tablets, graded activities such as exams, discussions, assignments, etc. should be performed on a personal computer. Neither Blackboard nor Georgia Virtual Technical Connection (GVTC) provide technical support for issues relating to the use of a smart phone or tablet so students are advised to not rely on these devices to take an online course.

Students should not share login credentials with others and should change passwords periodically to maintain security.

COURSE DESCRIPTION

This course continues the study of the human body. Topics include the endocrine system, cardiovascular system, blood and lymphatic system, immune system, respiratory system, digestive system, urinary system, and reproductive system. Students will complete all required assignments and Tests/Exams online via Blackboard using LockDown Browser and Respondus Monitor (see Student Quick Start Guide below Lesson Plan for more details).

MAJOR COURSE COMPETENCIES

1. Laboratory Safety
2. Endocrine System
3. Cardiovascular System
4. Blood and Lymphatic System
5. Immune System
6. Respiratory System
7. Digestive System
8. Urinary System
9. Reproductive System

PREREQUISITE(S)

Pre-requisite: BIOL 2113 and 2113L

Co-Requisite: BIOL 2114

COURSE OUTLINE

THE ENDOCRINE SYSTEM

1. Discuss the functions of the endocrine system in maintaining homeostasis.
2. Contrast the endocrine and nervous systems.
3. Discuss how hormones work.
4. Discuss the control of endocrine organs.
5. Describe the role of the hypothalamus in endocrine control.
6. Describe the location, hormones, and functions of the following endocrine glands: pituitary, thyroid, parathyroid, adrenal, pancreas, ovaries, testes, pineal, and thymus.
7. Describe endocrine disorders of hypo and hypersecretion.

THE CARDIOVASCULAR SYSTEM (The Heart)

1. Describe the anatomy of the heart and heart wall.
2. Describe the flow of blood through the heart including the pulmonary and systemic circuits.
3. Explain the structural and functional features of the conduction system of the heart and electrocardiogram (EKG) tracings
4. Describe the principal events of the cardiac cycle.
5. Contrast the sounds of the heart and their clinical significance.
6. Calculate cardiac output and discuss factors that affect it.
7. List the risk factors involved in heart disease.

BLOOD VESSELS AND THEIR ROUTES

1. Contrast the structure and function of the various types of blood vessels.
2. Explain how the venous blood is returned to the heart.
3. Explain blood pressure and pulse.
4. Discuss the factors that affect blood pressure.
5. Contrast the clinical significance of systolic, diastolic, and pulse pressure.
6. Discuss the mechanism of capillary exchange.
7. Describe blood flow through systemic and pulmonary circuits. Identify the principal arteries and veins of the systemic, pulmonary, and hepatic portal circulations.
8. Describe unique aspects of fetal circulation.
9. Explain the effects of exercise on the cardiovascular system.
10. Describe significant cardiovascular diseases including coronary artery disease and congestive heart failure.

THE BLOOD AND LYMPHATIC SYSTEM

1. Discuss Components and functions of blood, lymph, interstitial fluid, and the lymphatic system.
2. List the components of plasma and their functions.
3. List the characteristics and functions of formed elements.
4. List the lymphoid cells including lymphocytes thymus cells (T cells) and bone marrow cells (B cells), plasma cells, macrophages & reticular cells.
5. Lymphoid organs including lymph nodes, bone marrow, spleen, thymus, tonsils and nodule aggregates.
6. Identify the stages involved in hemostasis.
7. Explain the blood grouping systems: Type A, Type B, and Type O (ABO). Describe Rhesus (Rh) blood grouping systems as well.
8. Discuss causes of anemia.
9. Describe selected blood disorders and tests.

THE IMMUNE SYSTEM (Resistance)

1. Discuss the basic properties of immunity.
2. Discuss innate and adaptive immunity.
3. Explain the process of cellular immunity and the role of thymus cells (T-cells).
4. Explain the process of humoral immunity and the role of bone marrow cells (B-cells) and antibodies.
5. Discuss the difference between primary and secondary responses.
6. Describe types of active and passive immunity.
7. Describe selected immune disorders.

THE RESPIRATORY SYSTEM (characteristics and functions)

1. Identify the organs of the respiratory system and describe their functions.
2. Contrast internal and external respiration and explain the role of the alveolar-capillary membrane.
3. Describe the events involved in pulmonary ventilation and discuss the significance of pleura.
4. Explain the mechanism of oxygen and carbon dioxide transport in the blood.
5. Describe the various factors that control the rate of respiration.
6. Define selected disorders of the respiratory system

THE DIGESTIVE SYSTEM (functions and processes)

1. Identify the organs of the gastrointestinal tract and the accessory organs of digestion and their functions in digestion.
2. Identify the general histological layers of the digestive organs and explain how the layers are modified to accommodate the function of each organ.
3. Describe the mechanical movements of the gastrointestinal (GI) tract.
4. Identify the major digestive secretions and their functions.
5. List the enzymes involved in the breakdown of carbohydrates, fats, and proteins.
6. Describe the process of absorption of fats, carbohydrates, and proteins.
7. Define the processes involved in the formation of feces and defecation.
8. Describe common disorders of the digestive system.
9. Discuss carbohydrate, fat, and protein metabolism.
10. Discuss metabolic rate and the role of the liver in metabolism.
11. Describe the absorptive and post-absorptive states.

THE URINARY SYSTEM (functions and processes)

1. Identify the external and internal gross anatomical features of the kidneys.
2. Discuss the formation of urine explaining the microscopic anatomy of the nephron and its basic functions of filtration, reabsorption, and secretion.
3. Discuss the role of the kidney in maintaining blood pressure and the function of the juxtaglomerular apparatus.
4. Explain the role of key hormones on the kidney and their role in water and electrolyte balance.
5. Discuss the role of the kidney in homeostasis of potential of Hydrogen (pH).
6. Discuss the components of urine.
7. Discuss the structure and physiology of the ureters, urinary bladder, and urethra.
8. Describe disorders of the urinary system.

THE REPRODUCTIVE SYSTEM (male and female)

1. Explain the structure and functions of the male reproductive organs and the pathway of sperm.
2. Discuss the processes of spermatogenesis and spermatogenesis in the male.
3. Describe the normal composition of semen and the role of the accessory sex glands in production of semen.
4. Discuss the role of hormones in the male reproductive system.
5. Explain the structure and functions of the female reproductive organs and the pathway of the egg and zygote.
6. Discuss the process of oogenesis.
7. Discuss the principal events of the menstrual and ovarian cycles and explain all hormones involved.
8. Discuss the physiology of sexual intercourse.
9. Discuss examples of male and female reproductive diseases.

GENERAL EDUCATION CORE COMPETENCIES

STC has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS (ONLINE)

Students are responsible for the policies and procedures in the Southeastern Technical College's (STC's) Catalog and Handbook. Students are expected to prove weekly academic engagement by meeting assignment deadlines each week and spending a minimum of 2 hours per day during the semester doing the required homework, assignments, and assessments. Students are expected to complete all work required by the instructor and follow online testing instructions and guidelines.

Students are expected to communicate frequently through college email and complete discussion board assignments. College email and other STC resources can be accessed from the [mySTC](#) tab on STC's Website. Email can also be accessed in the menu of your Blackboard course. Students are expected to communicate frequently through STC email. The instructor will utilize **ONLY STC email** for correspondence and share pertinent information to enable successful completion of the course.

Weekly Blackboard/Online Proctored Tests and Final Exam: All Tests and Final Exam will be completed and proctored using Blackboard with LockDown Browser and Respondus Monitor (see instructions below Lesson Plan on how to download LockDown Browser). This allows your test to be proctored by an online analytical program. In order to validate student identity for this online course, you must hold up your STC photo ID, which will be scanned by the webcam to access the test. The program will verify a match between your ID and webcam photo. If cheating is detected, the program will automatically flag your test and you will be locked out, resulting in a grade of zero. You will be recorded while testing and analytics are used to detect suspicious behaviors. The program will detect if you are looking away from your screen such as using a textbook or other resource next to your computer. It will also record sound to detect if someone in the room is providing you with answers. Video segments with potential test violations are flagged for the instructor, with an overall risk level assigned to the test session. You cannot print, capture screen contents, go to other web pages, copy, access other applications, or visit other websites during an online test. You will be locked out of the test. Your test will be flagged with common and advanced methods of digital cheating, such as the use of Virtual Machines, remote desktops, screen-sharing, instant messaging, keystroke combinations, launching applications with timers/alerts, browser cache exploits, etc. These are normal protocols for proctored online testing.

COVID-19 MASK REQUIREMENT

Regardless of vaccination status, masks or face coverings must be worn at all times while in a classroom or lab of Southeastern Technical College. This measure is being implemented to reduce COVID-19 related health risks for everyone engaged in the educational process. Masks or face coverings must be worn over the nose and mouth, in accordance with the Centers for Disease Control and Prevention (CDC). A student's refusal to wear a mask or face covering will be considered a classroom disruption and the student may be asked to leave campus and/or receive further discipline.

COVID-19 SIGNS AND SYMPTOMS

We encourage individuals to monitor for the signs and symptoms of COVID-19 prior to coming on campus. If you have experienced the **symptoms listed below** or have a **body temperature 100.4°F or higher**, we encourage you to self-quarantine at home and contact a primary care physician's office, local urgent care

facility, or health department for further direction. **Please notify your instructor(s) by email and do not come on campus for any reason.**

COVID-19 Key Symptoms
Fever or felt feverish
Chills
Shortness of breath or difficulty breathing (not attributed to any other health condition)
Cough: new or worsening, not attributed to another health condition
Fatigue
Muscle or body aches
Headache
New loss of taste or smell
Sore throat (not attributed to any other health condition)
Congestion or runny nose (not attributed to any other health condition)
Nausea or vomiting
Diarrhea
In the past 14 days, if you:
Have had close contact with or are caring for an individual diagnosed with COVID-19 at home (not in healthcare setting), please do not come on campus and contact your instructor (s).

COVID-19 SELF-REPORTING REQUIREMENT

Students, regardless of vaccination status, who test positive for COVID-19 or who have been exposed to a COVID-19 positive person, are required to self-report using <https://www.southeasterntech.edu/covid-19/>. Report all positive cases of COVID-19 to your instructor and [Stephannie Waters](#), Exposure Control Coordinator, swaters@southeasterntech.edu, 912-538-3195.

ONLINE ATTENDANCE

It is the student's responsibility to be academically engaged each week doing course related activities. The completion dates of these activities will be used to determine a student's last date of attendance in the event a student withdraws, stops attending, or receives an "F" (Failing 0-59) in a course. Students will not be withdrawn by an instructor for attendance; however, all instructors will keep records of graded assignments and student participation in course activities. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Students will have at least one week to complete assignments. Assignments are due by 8am on Mondays each week. Tests are completed on stipulated day and time listed on Lesson Plan. Exceptions to the due dates of assignments due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor. Students will be given a grade zero for any assignment submitted late.

STUDENTS WITH DISABILITIES

Students with disabilities who believe that they may need accommodations in this class based on the impact

of a disability are encouraged to contact the appropriate campus coordinator to request services.

Swainsboro Campus: [Daphne Scott \(dscott@southeasterntech.edu\)](mailto:dscott@southeasterntech.edu) 478-289-2274, Building 1, Room 1210.

Vidalia Campus: [Helen Thomas, \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126, Building A, Room 165.

SPECIFIC ABSENCES

Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY

Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please make arrangements with the appropriate campus coordinator.

Swainsboro Campus: [Daphne Scott \(dscott@southeasterntech.edu\)](mailto:dscott@southeasterntech.edu) 478-289-2274, Building 1, Room 1210.

Vidalia Campus: [Helen Thomas, \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126, Building A, Room 165.

It is strongly encouraged that requests be made **PRIOR** to delivery and early enough in the pregnancy to ensure that all the required documentation is secured before the absence occurs. Requests made after delivery **MAY NOT** be accommodated. The coordinator will contact your instructor to discuss accommodations when all required documentation has been received. The instructor will then discuss a plan with you to make up missed assignments.

WITHDRAWAL PROCEDURE

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the **65% point** of the term in which student is enrolled (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" (Withdrawn) is assigned for the course(s) when the student completes the withdrawal form.

Important – Student-initiated withdrawals are not allowed **after** the **65% point**. After the 65% point of the term in which the student is enrolled, the student has earned the right to a letter grade and will receive a grade for the course. Please note: Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of "F" (Failing 0-59) being assigned.

Informing your instructor that you will not return to his/her course, does not satisfy the approved withdrawal procedure outlined above.

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. A grade of "W" will count in attempted hour calculations for the purpose of Financial Aid.

Remember - Informing your instructor that you will not return to his or her course does not satisfy the approved withdrawal procedure outlined above.

FINAL ELIGIBILITY AND FINAL EXAMINATION

A comprehensive final examination will be given at the end of the semester. All students in the course will complete the Final Exam on the specified date and time as stipulated in lesson plan outline. Final Exam will be timed. There will be **no make-up exam** for the final examination. To determine if you are eligible to take the finals, a student must maintain a **Lecture and Lab Test average of seventy percent (70%) or above prior to the date of the scheduled final exam**. Grades of 69.9% will not be rounded up. If the student has below a 70%

average, the student will be given a letter grade based on Tests average. Blackboard assignments, Learning Objectives, Discussion Boards, etc. are not included in the Test average, only Test grades. There will be no drop grade for this class.

PROCTORED EVENT REQUIREMENT

In order to validate student identity for all online courses, students enrolled in online courses are **required** to complete one proctored event per online course. The proctored event will be administered on separate days—once on the Vidalia campus and once on the Swainsboro campus. Students must attend one of the proctored sessions as scheduled on the Lesson Plan/Course Calendar. The event will be monitored by the instructor or by an approved proctor. The proctored event may be a major exam, assignment, or presentation, etc. that will count a minimum of 20% of the course grade. Students must attend one of the scheduled proctored sessions and will need to make arrangements with work, childcare, etc. The specific dates of the proctored event are scheduled on the Lesson Plan/Calendar for the online course.

Students living farther than 75 miles from either campus who cannot come to Southeastern Tech for the event must secure an approved proctoring site. The site and the proctor must meet Southeastern Technical College's requirements (instructor will provide more information and necessary forms if this is the case). Note: Students taking proctored events off campus will utilize the Proctor Scheduling and Approval Form found in Blackboard within the Getting Started/Start Here and Proctoring Event area. The completed form should be submitted to the course instructor a minimum of two weeks prior to the proctored event. If approved, the instructor will notify the proctor.

Students arranging off-campus proctoring must take the event on one of the-originally scheduled days. Students who do not complete the proctored event as scheduled must submit a valid documented excuse within three business days after the scheduled event. If the excuse is approved by the instructor of the course, students must make arrangements with the instructor to makeup/reschedule the missed event. The penalty and makeup instructions will be at the instructor's discretion. Proctored events will be given after the 65% point of the semester. Students who do not complete the proctored event on the scheduled date and do not present a valid documented excuse within three business days of the scheduled event will be given a zero for the proctored event.

PROCTORING FEES

Students are not charged a proctoring fee when taking a proctored event at Southeastern Technical College or any other TCSG college. Students who choose to use an off-campus proctor may be assessed a proctoring fee by the proctoring site. In this instance, the student is responsible for payment.

MAKEUP GUIDELINES FOR MISSED EXAMS

Students will be allowed to make-up one examination (one lecture and one lab), **EXCLUDING** the final examination, due to an extenuating circumstance. This should be discussed with the instructor. Please submit official copy of medical, court documentation/jury duty, or any other formal written documents supporting the reason for missing a test. **Any other test missed will result in an automatic grade of zero.** If Internet or browser failure occurs while testing, contact instructor immediately via phone (leave a message if necessary) and email later after internet connection is resolved. A decision will be made at that time if the assignment/test will be reset. **Note:** If student notifies instructor regarding inability to complete assignments/tests because of technical problems after due date, the student will **NOT** be allowed to make-up assignments/tests.

EVALUATION PROCEDURES

All examinations/tests will be conducted online on scheduled date and stipulated time listed on lesson plan.

All examinations/tests will be completed via **Blackboard** using **LockDown Browser and Respondus Monitor**

(see Student Quick Start Guide below Lesson Plan for more details). If you do not have a laptop, or unable to make arrangements to borrow one, please contact your instructor immediately. In order to take the final exam, a student must maintain a **Lecture and Lab Test average of seventy percent (70%) or above prior to the date of the scheduled final exam**. Grades of 69.9% will not be rounded up. If the student has below a 70% average, the student will be given a letter grade based on Tests average. Blackboard assignments, Learning Objectives, Discussion Boards, etc. are not included in Test average, **only** test grades. There will be no drop grade for lecture or lab.

Students will need a laptop with functional camera or desktop computer with working webcam to complete tests/exams. You **cannot** take tests on a smart phone or iPad. You must have your STC photo ID, which will be scanned by the webcam, in order to access the test. At the beginning of each test, students will hold up STC photo ID to the camera and the program will verify a match between ID and webcam photo. Students will use **Google Chrome browser only**. All Tests/Exams should be completed on the specified date and time as stipulated in lesson plan outline below. Tests will be timed.

Grades will be available on Blackboard **48 hours** after test deadline stated on the lesson plan. Final grades will be available on Blackboard **1 week** after final exam deadline stated on the lesson plan. Students will not receive feedback online from Blackboard on test/exam questions after a test, this will be done face to face during lab sessions. For feedback or concerns on test questions, you may contact your instructor via STC email with details. Your instructor will then set up a time to discuss and provide feedback if necessary.

BLACKBOARD DISCUSSION BOARD (DB) ASSIGNMENTS

Students will be assigned weekly discussion questions on Blackboard. Discussion questions will account for **10%** of the final grade. If discussion assignments are not completed by deadline, points will be deducted.

After reading chapter material, each student will answer discussion questions as assigned in the lesson plan below (**total of 6 discussion questions**). Discussion assignments **require that you post your contribution FIRST**, read answers posted by your classmates, and give at least **ONE** response to another posting from a classmate **by the deadline**. **VERY IMPORTANT reminder:** Points will be deducted if discussions are not completed by the deadline listed on the lesson plan. Please see the **Rubric** for more details on grading for Discussions (**Rubric** is attached below lesson plan). All responses must contain 4-5 sentences **pertaining to the DB topic**. No credit will be given for 4 sentences such as: *Thank you for your post. You did a great job describing the process. I learned a lot from your descriptions. Great job, keep up the good work.* These 4 sentences do not pertain to any DB topic (points are deducted if these criteria are not met). Do not wait until the last minute to post discussions. Posting early allows you to write thoughtful answers and to be the first one to make important points. Posting early also ensures that you will not miss deadlines. **Remember**, discussion assignments will account for **10%** of the final grade. If discussion assignments do not meet **Rubric** criteria, points will be deducted.

ACADEMIC DISHONESTY POLICY

The Southeastern Technical College Academic Dishonesty Policy states that all forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the Southeastern Technical College Catalog and Handbook.

PROCEDURE FOR ACADEMIC MISCONDUCT

The procedure for dealing with academic misconduct and dishonesty is as follows:

1. First Offense

Student will be assigned a grade of "0" (zero) for the test or assignment. Instructor keeps a record in course or program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner Web for tracking purposes.

2. Second Offense

Student is given a grade of "WF" (Withdrawn Failing) for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" (Withdrawn Failing) has been issued as a result of second offense. The Registrar will input the incident into Banner Web for tracking purposes.

3. Third Offense

Student is given a grade of "WF" (Withdrawn Failing) for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" (Withdrawn Failing) has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

STATEMENT OF NON-DISCRIMINATION

The Technical College System of Georgia (TCSG) and its constituent Technical Colleges do not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, spouse of military member, or citizenship status (except in those special circumstances permitted or mandated by law). This nondiscrimination policy encompasses the operation of all technical college-administered programs, federally financed programs, educational programs and activities involving admissions, scholarships and loans, student life, and athletics. It also applies to the recruitment and employment of personnel and contracting for goods and services.

All work and campus environments shall be free from unlawful forms of discrimination, harassment and retaliation as outlined under Title IX of the Educational Amendments of 1972, Title VI and Title VII of the Civil Rights Act of 1964, as amended, the Age Discrimination in Employment Act of 1967, as amended, Executive Order 11246, as amended, the Vietnam Era Veterans Readjustment Act of 1974, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Americans With Disabilities Act of 1990, as amended, the Equal Pay Act, Lilly Ledbetter Fair Pay Act of 2009, the Georgia Fair Employment Act of 1978, as amended, the Immigration Reform and Control Act of 1986, the Genetic Information Nondiscrimination Act of 2008, the Workforce Investment Act of 1998 and other related mandates under TCSG Policy, federal or state statutes.

The Technical College System and Technical Colleges shall promote the realization of equal opportunity through a positive continuing program of specific practices designed to ensure the full realization of equal opportunity.

The following individuals have been designated to handle inquiries regarding the nondiscrimination policies:

<p>American With Disabilities Act (ADA)/Section 504 - Equity- Title IX (Students) – Office of Civil Rights (OCR) Compliance Officer</p>	<p>Title VI - Title IX (Employees) – Equal Employment Opportunity Commission (EEOC) Officer</p>
<p>Helen Thomas, Special Needs Specialist Vidalia Campus</p>	<p>Lanie Jonas, Director of Human Resources Vidalia Campus</p>

American With Disabilities Act (ADA)/Section 504 - Equity- Title IX (Students) – Office of Civil Rights (OCR) Compliance Officer	Title VI - Title IX (Employees) – Equal Employment Opportunity Commission (EEOC) Officer
3001 East 1 st Street, Vidalia Office 165 Phone: 912-538-3126 Email: Helen Thomas hthomas@southeasterntech.edu	3001 East 1 st Street, Vidalia Office 138B Phone : 912-538-3230 Email: Lanie Jonas ljonas@southeasterntech.edu

ACCESSIBILITY STATEMENT

Southeastern Technical College is committed to making course content accessible to individuals to comply with the requirements of Section 508 of the Rehabilitation Act of Americans with Disabilities Act (ADA). If you find a problem that prevents access, please contact the course instructor.

GRIEVANCE PROCEDURES

Grievance procedures can be found in the Catalog and Handbook located on Southeastern Technical College’s website.

ACCESS TO TECHNOLOGY

Students can now access Blackboard, Remote Lab Access, Student Email, Library Databases (Galileo), and BannerWeb via the mySTC portal or by clicking the Current Students link on the [Southeastern Technical College \(STC\) Website \(www.southeasterntech.edu\)](http://www.southeasterntech.edu).

TECHNICAL COLLEGE SYSTEM OF GEORGIA (TCSG) GUARANTEE/WARRANTY STATEMENT

The Technical College System of Georgia guarantees employers that graduates of State Technical Colleges shall possess skills and knowledge as prescribed by State Curriculum Standards. Should any graduate employee within two years of graduation be deemed lacking in said skills, that student shall be retrained in any State Technical College at no charge for instructional costs to either the student or the employer.

GRADING POLICY

Assessment/Assignment	Percentage
Chapter Tests (4 Tests total) – Blackboard/Proctored	50%
Learning Objectives (LO) Assignment – Blackboard	10%
Discussion Board (6 Discussions total)	10%
Comprehensive Final Exam – Blackboard/Proctored	30%
TOTAL	100%

GRADING SCALE

Letter Grade	Range
A	90-100
B	80-89
C	70-79
D	60-69
F	0-59

Disclaimer Statement: Instructor reserves the right to change the syllabus and/or lesson plan as necessary. The syllabus displayed in advance of the semester in any location is for planning purposes only.

COMPETENCY (COMP) AREAS:

1. Laboratory Safety
2. Endocrine System
3. Cardiovascular System
4. Blood and Lymphatic System
5. Immune System
6. Respiratory System
7. Digestive System
8. Urinary System
9. Reproductive System

GENERAL CORE EDUCATIONAL COMPETENCIES:

- a) The ability to utilize standard written English.
- b) The ability to solve practical mathematical problems.
- c) The ability to read, analyze, and interpret information.

The COVID-19 is a rapidly evolving situation, and we are staying alert to new information and recommendations coming from the Centers for Disease Control and Prevention and the Georgia Department of Public Health. Our current national and state situation is continuously changing, and the administration of Southeastern Technical College (STC) is meeting regularly to respond and act accordingly. Please monitor your **STC student email** for updates, **class cancellations**, health/safety guidance etc.

BIO 2114 Anatomy and Physiology II – FALL 2021

Lesson Plan **(Monday (Mon) ONLINE LECTURE)**. *Subject to change at Instructor's discretion*

Date	Chapter (Ch) Content	Assignments (Assgts.)/ Homework (HW)	Comp Area
<p>TUES 10/12</p> <p>All students have access to courses on Blackboard today (first day of class).</p> <p>PLEASE reserve your seat today (see assignments).</p>	<p>Introduction (Intro.), Syllabus outline, Policies, course organization (org.), Body Systems (Sys.) & Chapter (Ch.) outlines.</p> <p>Ch.18:The Endocrine Sys. Ch.19:The Cardio Sys: Blood Ch.20:The Cardio Sys: Heart Ch.21:The Cardio Sys: Vessels</p> <p><u>It is very important to check STC email daily.</u></p>	<p>Assignments 1-3 must be done today (first day). BLACKBOARD ONLINE TEST RULES/GUIDELINES

Tests/Exams will be proctored on Blackboard Learn using **LockDown Browser and Respondus Monitor**. This is an online testing analytical program. Please follow guidelines carefully. If cheating is detected, the program will automatically flag your test & you will be locked out. Only your instructor can reset the test for you to continue. The program will detect if you are looking away from your screen such as using a textbook or other resource next to your computer. It will also record sound to detect if someone in the room is providing you answers. These are normal protocols for proctored online testing.

Test Requirements & Pre-Test Checklist

- Need laptop or desktop computer with working webcam. You **cannot** take test on a smart phone or iPad.
- Use Google Chrome browser only.
- **Complete Trial Test on Blackboard & download the free LockDown Browser program. Instructions on how to access/download LockDown Browser AND how to access a test is provided below.** This Trial Test will help you get familiar with the online testing procedure.
- You must have STC photo ID, which will be scanned by the webcam to access the test.
- You will hold up your STC ID as instructed on screen and the program will verify a match between ID and webcam photo. Please do not adjust the camera after starting the test. You must ensure your complete face is always visible and in frame (do not veer off or move away from camera view).
- No hats allowed while testing or any other attire that will obscure facial recognition.
- No one should be at your computer station while you are testing. Please sit alone.
- Ensure that you are in an appropriate testing environment. Do not take the test on a bed or sofa. Position yourself at a desk or table with proper lighting and avoid excessive movements which will be flagged as suspicious behavior. Remember, you must stay in frame the entire time while testing. If flagged, this alert could possibly lock you out of the test.
- A system diagnostics check will run to make sure the webcam is working & all applications are closed.
- If you encounter a problem, click on the ***"it's not working link"*** for troubleshooting tips. This built in support allows you to have access 24/7 with a chat support team to help troubleshoot any technical issues.
- No eating or drinking while testing. The test is timed. Your goal is to focus on answering all questions in specified time.
- No scratch sheets, textbooks, notes, power points, **ear buds or other resources permitted while testing.**
- You will be recorded while testing & analytics are used to detect suspicious behaviors. Video segments with test violations are flagged for the instructor, with an overall risk level assigned to the test session.
- You cannot print, capture screen contents, go to other web pages, copy, access other applications, or visit other websites during an online test. You will be locked out of the test. Your test will be flagged with common and advanced methods of digital cheating, such as the use of Virtual Machines, remote desktops, screen-sharing, instant messaging, keystroke combinations, launching applications with timers/alerts, browser cache exploits etc.
- Do not close/reopen your browser or refresh your screen. This will lock you out of the test.
- Stay in full screen mode until the test is completed.
- You cannot start the test, leave the test and return. The test must be completed in one sitting. Therefore, please use the bathroom etc. before the test & arrange for you to not be interrupted during the test.
- Be sure to start the test with a fully charged device or plug in charger.
- Login 15 minutes before the test starts to avoid any technology set back which could cost you time.
- Grades will be available on Blackboard **48 hours** after test deadline stated on the lesson plan. Final grades will be available on Blackboard **1 week** after final exam deadline stated on the lesson plan.

Discussion Board (DB) Grading Rubric

# of DB POSTS	# of DB REPLIES	Grade	Due Date, Length, Grammar and Spelling Requirements
1	1	100	<p>Students who post their initial discussion board response to the discussion board topic and reply to at least one other student's post will be given a 100 on the assignment IF:</p> <ul style="list-style-type: none"> • Initial post and response turned in by the due date on Lesson Plan. • Students must have thorough and thoughtful replies to another student's post. Response must contain 4-5 sentences. No credit will be given for any response or reply that is simply an answer of "yes/no" or "I agree/disagree." All responses must contain 4-5 sentences pertaining to the DB topic. No credit will be given for 4 sentences or comments such as: <i>Thank you for your post. You did a great job describing the process. I learned a lot from your descriptions. Great job, keep up the good work.</i> These 4 sentences do not pertain to any DB topic. • Replying to your own post is NOT considered a reply.
1	0	70	<p>Any student that does not respond to at least one other student's post will not receive a grade above 70. The grade of 70 will be the highest grade that the student will be able to receive on the discussion response and complies with instructions below:</p> <ul style="list-style-type: none"> • Initial post and response turned in by the due date on Lesson Plan. • Students must have thorough/thoughtful replies to another student's post. Response must contain 4-5 sentences as stipulated above. • No credit will be given for any response or reply that is simply an answer of "yes/no" or "I agree/disagree." • Replying to your own post is NOT considered a reply.
0	1	50	<p>Students who do not post their own answer, but only respond to one other student's post will not receive a grade above 50. The grade of 50 will be the highest grade that the student will be able to receive on the discussion response and complies with instructions below:</p> <ul style="list-style-type: none"> • Initial post and response turned in by the due date on Lesson Plan. • Students must have thorough/thoughtful replies to another student's post. Response must contain 4-5 sentences as stipulated above. • No credit will be given for any response or reply that is simply an answer of "yes/no" or "I agree/disagree." • Replying to your own post is NOT considered a reply.
0	0	0	<ul style="list-style-type: none"> • Students will receive a 0 on the discussion question if the student does not post an answer or response to one other students' post by the due date on Lesson Plan.

How to access/download LockDown Browser AND access a test on Blackboard

Students using laptops or not on campus who are taking an online exam using the Respondus LockDown Browser can still access the browser icon by going to the STC website. Follow these steps to access the Respondus Install link:

1. Access the **STC** website.
2. Click **MySTC** at the top of the screen.
3. Scroll down to the **RESPONDUS INSTALL** box.
4. Click the **Respondus Install** link. **Watch the Overview video and INSTALL the product** to pc/laptop. Once downloaded, double click to install the Respondus LockDown Browser and follow the onscreen prompts: **Note:** This link is unique to **STC** and should be used to access the Lockdown Browser install screen in order to complete all Tests required for this course.

FOR MAC USERS:

1. On the install screen, click the **“Do you need the Mac version?”** link **if you are using a Mac computer.**
2. Click the **Install Now** button and follow the onscreen prompts. Once installed, you are set to access tests on Blackboard. **DOWNLOAD IS ONLY NECESSARY ONCE. HOWEVER, IF YOU SWITCH PC/LAPTOPS YOU WILL NEED TO DOWNLOAD AGAIN BEFORE TESTING.**

HOW TO ACCESS A TEST ON BLACKBOARD

- First locate and open the LockDown Browser icon on your PC/laptop 
- This will take you to the normal Blackboard login page.
- Key Blackboard username and password as usual.
- Access course as usual.
- On left menu, click the link “Tests”. This will take you to the page where you can access weekly Tests. You will notice the Respondus LockDown Browser is enabled.
- **IMPORTANT REMINDER:** You must **FIRST** open LockDown Browser before taking a Test or the Trial Test. If you try to access a Test without LockDown Browser you will be asked for a password. **There are no passwords to take any Tests.** If you are asked for a password, it means you are trying to open a Test without LockDown Browser. Remember, you must **FIRST** click on LockDown Browser and this will open Blackboard so you can take a Test.
- Please follow online testing guidelines/rules to avoid getting locked out of a Test.
- When finished testing, click submit.
- After testing click the X on the Respondus LockDown Browser to resume normal browser operations.

Student Quick Start Guide

LockDown Browser® and Respondus Monitor®

WHAT IS RESPONDUS LOCKDOWN BROWSER?

LockDown Browser is a locked browser for taking tests in Blackboard Learn. It prevents you from printing, copying, going to another URL, or accessing other applications during a test. If a Blackboard test requires that LockDown Browser be used, you will not be able to take the test with a standard web browser.

LockDown Browser should only be used for taking Blackboard tests. It should not be used in other areas of Blackboard.

INSTALLING LOCKDOWN BROWSER

If LockDown Browser has already been installed, skip to the next section. If not, LockDown Browser must be installed to each computer (Windows or Mac) being used to take a test.

- › Your institution or instructor will provide the link for downloading and installing LockDown Browser.
- › Follow the onscreen instructions to complete the install.

TAKING A TEST

1. Close all programs, unless one is used to connect you to the Internet.
2. Locate the "LockDown Browser" shortcut on the desktop and double-click it. (For Mac users, launch "LockDown Browser" from the Applications folder.)
3. If prompted, either close a blocked program (e.g. screen capture, instant messaging) by choosing **Yes**. Or, close LockDown Browser and close the blocked program before restarting.
4. Log into Blackboard.
5. Navigate to the test within the course and select Begin Exam.
6. The test will then start. (Note, once a test has been started with Respondus LockDown Browser, you cannot exit until the Submit button is clicked.)

USING WITH A WEBCAM (Respondus Monitor)

You may be required to use LockDown Browser with a webcam, which will record you during an online, nonproctored exam. (The webcam feature is sometimes referred to as "Respondus Monitor.")

Your computer must have a functioning webcam and microphone. A broadband connection is also required.

If a quiz requires LockDown Browser **and** a webcam, follow steps 1-6 in the previous "Taking A Test" section. At this point the Startup Sequence for the webcam begins.

- › You will first need to review and agree to the Terms of Use.
- › The **Webcam Check** will confirm that your webcam and microphone are working properly.
- › The remaining steps of the Startup Sequence will depend on settings chosen by your instructor. Follow the instructions and note your progress along the left side of the screen.
- › If you encounter a problem, select the **It's not working** link for troubleshooting tips.

The test will begin after the Startup Sequence is complete. You cannot exit LockDown Browser until the quiz is submitted for grading.

PROBLEMS?

If you have problems downloading, installing, or taking an assessment with Respondus LockDown Browser, contact your instructor or your institution's help desk.

To be Successful in this Course

As with most college level courses, you must be prepared to allocate and invest the proper amount of time outside of the classroom to be successful. Online students must be self-motivated because **online courses are not easier than traditional courses**. In fact, many times, the opposite is true! You must take a very active role in the process to be successful. The responsibility is yours to keep up with dates, assignments, video meeting sessions, online exams, communicating weekly with your instructor etc. Not completing work on time may result in a grade of zero! **Online courses are NOT self-paced**. You will have finite deadlines and due dates just as you do in the classroom. It has been shown that learners who are well-organized, self-motivated, and able to prioritize and manage time effectively are better able to succeed in online courses. Here are some tips to be successful in this course:

- **Please print this syllabus and lesson plan** (from day 1 of this course). It is important that you keep a hard copy. It is your map that will help you successfully complete this course.
- Follow and stay ahead of your assignments and due dates. Look at your lesson plan **daily** to make sure that you are not missing something important. Pay special attention to chapters tested each week and ensure you are studying the correct chapter material for weekly tests.
- Complete homework and assignments on **Blackboard** before you take an exam. Assignments are designed to prepare you for the exams. Completing any pre-assignments prepares you for similar types of material you will likely see on exams.
- Follow all rules on **Blackboard** online testing listed above in this lesson plan. It will prevent you from being locked out of the test and flagged as suspicious behavior when testing online.
- One of the goals in this online course is to make the course available from a variety of places. That makes email an "asynchronous" form of communication, and an ideal way to interact. Please use STC email as your first contact option for this class.
- Check e-mails daily. Instructor may send vital information, updates, reviews or changes concerning the course and it is important that you are aware to make adjustments accordingly.
- Send e-mails to your instructor as soon as you incur technical problems. This is important and should not wait until the assignment is due or past due.
- Your personal computer problems are not valid issues for late work. It is the responsibility of the student to maintain functioning equipment for an online course. No excuses accepted.
- You are required to log into the **Blackboard** system and post an acknowledgement of STC policies and procedures by the third day of the semester. Failure to do so can result in being No Showed from your online course(s). Online instructors may require you to perform additional tasks in order to reserve your seat in their class so be sure you understand requirements.
- If you are taking an exam in **Blackboard** and lose connection for any reason, you are responsible for contacting your instructor **ASAP**. How might you contact your instructor if Internet connection is down? By **printing your syllabus/lesson plans from day 1** and then calling your instructor on the number listed on the syllabus. If your instructor doesn't answer his/her phone, leave a voicemail. As soon as your Internet connection is active again, you should also email your instructor to make him/her aware of the problem.
- "Attendance" is required for this course and will be recorded at each video class meeting. Please plan to attend all video class sessions on time scheduled to avoid missing any pertinent information.
- Students receiving financial aid should be aware that withdrawing from a course may affect their financial aid.
