**SOUTHEASTERN TECHNICAL COLLEGE'S (STC) CATALOG AND STUDENT HANDBOOK**

Students are responsible for all policies and procedures and all other information included in Southeastern Technical College's [Catalog and Student Handbook \(http://www.southeasterntech.edu/student-affairs/catalog-handbook.php\)](http://www.southeasterntech.edu/student-affairs/catalog-handbook.php).

**REQUIRED TEXT**

Computerized Accounting with QuickBooks Pro 2015, Villani, Paradigm (ISBN 978-0-76386-517-7)

Includes 180 day access to QuickBooks 2015 and Student eResources

**REQUIRED SUPPLIES & SOFTWARE**

Reliable access to internet, Microsoft Excel, and Microsoft Word. Textbook includes 180 days access to QuickBooks Software and Student eResources. Internet browser should be IE 7 or higher or Mozilla Firefox 2.0 or higher. If you do not have computer access, see your instructor for information regarding use of open labs

on both Swainsboro and Vidalia campuses.

Note: Although students can use their smart phones and tablets to access their online course(s), exams, discussions, assignments, and other graded activities should be performed on a personal computer. Neither Blackboard nor Georgia Virtual Technical Connection (GVTC) provide technical support for issues relating to the use of a smart phone or tablet so students are advised to not rely on these devices to take an online course.

**Students should not share login credentials with others and should change passwords periodically to maintain security.**

### **COURSE DESCRIPTION**

Emphasizes operation of computerized accounting systems from manual input forms.

### **MAJOR COURSE COMPETENCIES**

Topics include: company creation (service and merchandising), chart of accounts, customers transactions, vendors transactions, banking activities, merchandise inventory, employees and payroll, and financial reports. Laboratory work includes theoretical application.

### **PREREQUISITE(S)**

ACCT 1100, COMP 1000

### **COURSE OUTLINE**

1. Basic Accounting Procedures-Manual Verses Computerized
2. Perform Accounting Functions for Existing Company in Accounting Software
3. Perform Accounting Functions for New Company in Accounting Software

### **GENERAL EDUCATION CORE COMPETENCIES**

Southeastern Technical College (STC) has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

### **STUDENT REQUIREMENTS (ONLINE)**

- Students are expected to complete all work on the attached lesson plan.
- Within the first three days of class ALL online students must:
  - Complete the Pledge Acknowledgement Quiz in the “Getting Started” link.
  - Complete the Student Introduction in the “Getting Started” link.
  - Complete the Online Orientation Quiz.
  - Send your instructor an STC email stating your intentions to take the course.
- Online students are responsible for checking e-mails and Blackboard announcements DAILY. It's my only means of communication with you. It only takes a few minutes.
- See Technology Access sheet for instructions on logging in to Blackboard, BannerWeb, Student Email, etc.
- Chapter and case assignments must be completed by the date specified; assignments may be submitted early. Homework assignments will not be graded after the due date resulting in a zero (0).

- Discussion boards must be completed by the date specified; assignments may be submitted early. Discussion boards will not be graded after the due date resulting in a zero (0).
- Tests must be completed by the date specified. Tests are posted for a week; there are no makeup tests, and students who miss a test will be assigned a grade of zero. Please do not wait until the last moment to submit in case you have Internet problems with your computer because no make-up tests are allowed, and there are no exceptions. If Internet or browser failure occurs, contact the instructor immediately by email. A decision will be made at that time IF the test will be reset. Only one test per student will be reset per semester if the instructor is notified in time according to the instructions and if the request is granted. Check your email for instructor response to a request for a test reset.
- Any zeros recorded for missed assignments, discussion boards, and tests will be included in the final score calculation.
- At the end of EACH chapter, complete Key Concepts matching. Create a Microsoft Word document. Make sure your name is on your document. Please type 1-10 and the letter answers only. These should be submitted in the Blackboard drop box for the appropriate chapter.
- If your score is less than 100 on a QuickBooks Case, you must make corrections to each QuickBooks file (if they both had errors), re-export your journal ONLY and re-submit in the appropriate chapter's corrections drop box by the next week's deadline. This will be the routine you will follow for each chapter. Check your grades in the grade book, read the comments regarding corrections, make the corrections in QuickBooks, re-export the journals ONLY and submit in the corrections drop box for that particular chapter. Your original grade will not improve when you submit corrections. BUT failure to submit corrections by the next week's deadline will result in a 10-point reduction in your original grade. As humans we are going to make plenty of mistakes, so it's important that we know HOW to correct them in QuickBooks. We don't want to focus on merely submitting "something" by the deadline; we need to learn how to correct our errors. Please make sure you make corrections ASAP before starting the next chapter's assignments— while it's fresh on your mind.
- If you did not submit any or all computer assignments, your score is a zero for each particular assignment. There will be 33 computer assignments (3 assignments for 11 chapters) this semester. So although one missed assignment with a grade of zero might not have a huge impact on your grade, you don't want to continue the practice of not meeting the deadlines. There are also 12 chapters of Key Concepts (only 10 matching questions) to complete this semester. These grades should be 100--so please take the time to carefully, read and complete your key concepts matching.
- Many students look at Blackboard as just a platform to submit their assignments and take tests. But I have been very specific in each chapter folder to prepare demonstrations of my working through the Kristin examples in the chapters and have included a specific list of what to submit for Kristin, Lynn, and Olivia each chapter. Please take advantage of this information provided. If you do your work without referring to Blackboard until you go to submit your work, it's too late to take advantage of the tools provided.

Students are expected to complete all work required by the instructor and to attend the required proctored campus exam. Students will have at least one week to complete tests and assignments. All tests and assignments are due at midnight on Tuesday of each week. Assignments must be keyed in Microsoft Word, saved, uploaded, and attached for grading in Blackboard.

Students are expected to prove weekly academic engagement by meeting assignment deadlines each week and spending a minimum of 3750 during the semester doing the required homework, quizzes, and tests. Students are expected to communicate frequently through college email and discussion boards. College email is accessed at <https://portal.office.com>, under Quick links on our webpage, or in the menu of your Blackboard course.

## **ONLINE ATTENDANCE**

It is the student's responsibility to be academically engaged each week doing course related activities. The completion dates of these activities will be used to determine a student's last date of attendance in the event a student withdraws, stops attending, or receives an "F" (Failing 0-59) in a course.

Students will not be withdrawn by an instructor for attendance; however, all instructors will keep records of graded assignments and student participation in course activities. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Students will have at least one week to complete tests and assignments. All tests and assignments are due at midnight on Tuesday of each week. Exceptions to the due dates of assignments due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

## **SPECIAL NEEDS**

Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact [Helen Thomas \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126, to coordinate reasonable accommodations.

## **SPECIFIC ABSENCES**

Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

## **PREGNANCY**

Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please advise me and make appropriate arrangements with [Helen Thomas \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126, to coordinate reasonable accommodations.

## **WITHDRAWAL PROCEDURE**

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% point of the term in which student is enrolled (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" is assigned for the course(s) when the student completes the withdrawal form.

Important – Student-initiated withdrawals are not allowed after the 65% point. After the 65% point of the term in which student is enrolled, the student has earned the right to a letter grade and will receive a grade for the course. Please note: Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of 'F' being assigned. The 65% point for fall semester is Tuesday, October 23.

Informing your instructor that you will not return to his/her course, does not satisfy the approved withdrawal procedure outlined above.

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. A grade of 'W' will count in attempted hour calculations for the purpose of Financial Aid.

## **Online Proctored Event Withdrawals**

Students who do not complete the proctored exam for an online class on the scheduled date and do not present a valid excuse within three business days of the scheduled event will be withdrawn from the course with a “WF” (Withdrawn Failing) and will be disabled in their online class. If the proctored event is scheduled during final exams, any student who misses the proctored exam will receive an “F” for the course.

### **PROCTORED EVENT REQUIREMENT**

In order to validate student identity for all online courses, students enrolled in online courses are **required** to complete one proctored event per online course. The proctored event will be administered on separate days—once on the Vidalia campus and once on the Swainsboro campus. Students must attend one of the proctored sessions as scheduled on the Lesson Plan/Course Calendar. Dual enrollment students enrolled in online courses have the same options, but can also complete the event on the high school campus. The event will be monitored by the instructor, another College employee, or high school counselor. The proctored event may be a major exam, assignment, or presentation, etc. that will count a minimum of 20% of the course grade. Students must attend one of the scheduled proctored sessions and will need to make arrangements with work, childcare, etc. The specific dates of the proctored event are scheduled on the Lesson Plan/Calendar for the online course.

Students living farther than 75 miles from either campus who cannot come to Southeastern Tech for the event must secure an approved proctoring site. The site and the proctor must meet Southeastern Technical College's requirements (instructor will provide more information and necessary forms if this is the case). Note: Students taking proctored events off campus will utilize the Proctor Scheduling and Approval Form found in Blackboard within the Getting Started/Start Here and Proctoring Event area. The completed form should be submitted to the course instructor a minimum of two weeks prior to the proctored event. If approved, the instructor will notify the proctor.

Students arranging off-campus proctoring must take the event on one of the-originally scheduled days. Students who do not complete the proctored event as scheduled must submit a valid documented excuse within three business days after the scheduled event. If the excuse is approved by the instructor of the course, students must make arrangements with the instructor to makeup/reschedule the missed event. The penalty and makeup instructions will be at the instructor's discretion. Proctored events will be given after the 65% point of the semester. **Students who do not complete the proctored event on the scheduled date and do not present a valid documented excuse within three business days of the scheduled event will be withdrawn from the course with a “WF” (Withdrawn Failing). If the proctored event is scheduled during final exams, any student who misses the proctored event will be issued an “F” (Failing) for the course.**

### **PROCTORING FEES**

Students are not charged a proctoring fee when taking a proctored event at Southeastern Technical College or any other TCSG college. Students who choose to use an off-campus proctor may be assessed a proctoring fee by the proctoring site. In this instance, the student is responsible for payment.

**The required proctored event for this class is scheduled on the following dates and times: Vidalia Campus, Wednesday, November 14 at 1:30 in the Gillis Medical Building Room 839 and Swainsboro Campus, Thursday November 15 at 1:30 in Building 2, Room 2113. The required proctored event for this class will consist of a proctored production exam covering QuickBooks Chapters 1 thru 10. The proctored exam is listed in the lesson plan under Week 14. See the proctored exam announcement in Blackboard for more details regarding the proctored exam.**

Please send your instructor an email by noon Monday, November 12 to schedule which of these dates you will

take your proctored exam.

### **MAKEUP GUIDELINES**

**ALL** assignments must be completed on the specified dates on the attached lesson plan. Ample time is given for completion of all assignments; therefore, **NO ASSIGNMENT WILL BE ACCEPTED LATE**. A grade of zero will be given for any late assignment (assignments, tests, and discussion boards). Any zeros recorded will be included in the final score calculation. Refer to Student Requirements section of this syllabus for more details.

### **ACADEMIC DISHONESTY POLICY**

The Southeastern Technical College Academic Dishonesty Policy states that all forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the Southeastern Technical College Catalog and Student Handbook.

### **PROCEDURE FOR ACADEMIC MISCONDUCT**

The procedure for dealing with academic misconduct and dishonesty is as follows:

#### **1. First Offense**

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

#### **2. Second Offense**

Student is given a grade of "WF" (Withdrawn Failing) for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

#### **3. Third Offense**

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

### **STATEMENT OF NON-DISCRIMINATION**

The Technical College System of Georgia and its constituent Technical Colleges do not discriminate on the basis of race, color, creed, national or ethnic origin, sex, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, spouse of military member or citizenship status (except in those special circumstances permitted or mandated by law). This school is in compliance with Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin; with the provisions of Title IX of the Educational Amendments of 1972, which prohibits discrimination on the basis of gender; with the provisions of Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap; and with the American with Disabilities Act (ADA).
