

Math 0090 Learning Support Math

(COREQ Course or Stand Alone Module Course)

COURSE SYLLABUS – Web-Enhanced

Spring Semester 2020 - 202014

COURSE INFORMATION

Credit Hours/Minutes: 3/2250

Campus/Class Location: Vidalia Campus / Main Building, Room 323

Class Meets: 9:30 AM – 10:45 AM, Tuesday and Thursday

Course Reference Number (CRN): 40289

Preferred Method of Contact: College Email (Office 365)

INSTRUCTOR CONTACT INFORMATION

Instructor Name: Mr. Jamie Powers

Email Address: [Jamie Powers jpowers@southeasterntech.edu](mailto:jpowers@southeasterntech.edu)

Campus/Office Location: Swainsboro Campus, Building 2, Room 2106

Office Hours: 3 p.m. – 7:30 p.m. Monday/Wednesday

Phone: 478-289-2221

Fax Number: 478-289-2276

Tutoring Hours (if applicable): Made by appointment with instructor

SOUTHEASTERN TECHNICAL COLLEGE (STC) CATALOG AND HANDBOOK

Students are responsible for all policies and procedures and all other information included in Southeastern Technical College's [Catalog and Handbook](http://www.southeasterntech.edu/student-affairs/catalog-handbook.php) (<http://www.southeasterntech.edu/student-affairs/catalog-handbook.php>).

REQUIRED TEXT

This class includes both students enrolled as Technical Certificate of Credit (TCC) with no General Education requirements and students taking either Math 1012 or Math 1111 as Co-requisite classes.

The syllabus describes requirements for all students and those that are specific based on the enrollment type. No Text Purchase is required for Technical Certificate of Credit (TCC) with no General Education requirements students taking only Math 0090 Modules 1-6. These students will access the e-textbook, which is included with the MathXL software program. Students are required to purchase the MathXL Access Code from the STC Bookstore or directly from MathXL. The Instructor will provide MathXL registration information during the first class. Students, who prefer to purchase a book as a resource, may obtain the book information from the instructor.

Students taking both MATH 0090 and Math 1012 or MATH 0090 and Math 1111 as co-requisite classes will use their Math 1012 **e-textbook /textbook** or Math 1111 **e-textbook /textbook**. Students are required to attend Math 1012 or Math 1111 AND Math 0090. Math 0090 will be a lab course used to assist with Math 1012 or Math 1111 concepts. (No text may be required in Math 1111 or Math 1012. See the specific syllabus for those courses.)

In rare cases, and by approval only, a student may take MATH 0090 Modules 7-15. These students will access the e-textbook, which is included with the MathXL software program. Students are required to purchase the MathXL Access Code from the STC Bookstore or directly from MathXL. The Instructor will provide MathXL registration information during the first class. Students, who prefer to purchase a book as a resource, may obtain the book information from the instructor.

REQUIRED SUPPLIES & SOFTWARE

The required MathXL Access Code can be purchased at the STC bookstore or directly from MathXL. Students not registered in MathXL by the end of the No Show period will be removed from the course. Students who have a code that expires during the current term of MATH 0090 must immediately purchase a new code to regain access to course work.

A calculator is required. An online calculator tool is provided within the MathXL Software. Students taking only Math 0090 (Modules 1-6) may purchase a standard scientific calculator. Often a hand held calculator will be more useful than the computer generated one.

Students taking Math 1012 and Math 0090 should see the Math 1012 Syllabus for the type of calculator suggested. Students taking Math 1111 and Math 0090 should see the Math 1111 Syllabus for the type of calculator suggested.

Access to the Internet is required if students wish to work on assignments away from the STC campus. All students have an email address that can be accessed through the mySTC portal on the STC homepage. Students are encouraged to use this email address when registering for MathXL, but students may use any valid email address. The college email address needs to be typed in the format 9XXXXXXXX@students.southeasterntech.edu when using it as a part of the MathXL software.

The instructor provides the MathXL Course ID to students on the first day of class. Note: Co-requisite students will only work in their MATH 1012 or MATH 1111 MathXL courses and will not enroll in the Math 0090 MathXL course. They will use this time to work on their Math1012 or Math1111 MathXL assignments.

Students should not share login credentials with others and should change passwords periodically to maintain security.

CALCULATOR USAGE

The use of cell phones or other internet capable devices are not allowed for calculator usage. Students are expected to bring a calculator appropriate for the course content each day of class and for use in the online course. If calculator usage is not allowed for some topics, students are required to adhere to those expectations.

COURSE DESCRIPTION

COREQ Students Course Description: Co-Requisite students (also enrolled in Math1012 or Math1111) will follow the course description on their MATH 1012 or MATH 1111 syllabus.

Module Students Course Description: Emphasize in-depth arithmetic skills, basic and intermediate algebra skills. Topics include number theory, whole numbers, fractions, decimals, percents, ratio/proportion, measurement, geometry, application problems, introduction to real numbers, algebraic expressions, solving linear equations, graphs of linear equations, polynomial operations, polynomial factoring, inequalities, rational expressions and equations, linear graphs, slope, systems of equations, radical expressions and equations, and quadratic equations, and applications involving previously listed topics. Students will progress at their own pace to master each module.

MAJOR COURSE COMPETENCIES AND OUTLINE

- **For Math 1012 or Math 1111 Co-requisite students:**
Co-requisite students will find these in the respective Math 1012 or Math 1111 course syllabus.

- **For Technical Certificate of Credit (TCC) with no General Education requirements students:**
 1. Module 1 - Whole Numbers
 2. Module 2 - Fractions
 3. Module 3 - Decimals
 4. Module 4 - Percent and Ratio/Proportion
 5. Module 5 - Measurement
 6. Module 6 - Geometry

- **For Math 0090 Modules 7-15 (By Permission Only – Not the Recommended Path):**
 7. Module 7 - Introduction to Real Numbers & Algebraic Expressions
 8. Module 8 - Linear Equations & Inequalities
 9. Module 9 - Graphs of Linear Equations and Linear Inequalities
 10. Module 10 – Systems of Linear Equations
 11. Module 11 –Polynomial Operations
 12. Module 12 – Factoring Polynomials
 13. Module 13 – Rational Expressions & Equations
 14. Module 14 - Radical Expressions & Equations
 15. Module 15 - Quadratic Equations

PREREQUISITE(S)

- **For Math 1012 or Math 1111 Co-requisite students:**
Co-Requisite Option Eligibility: (Math) Diploma level math students are eligible to take Math 1012 and Math 0090 on a co-requisite basis. Degree level students are eligible to take Math 1111 and Math 0090 on a co-requisite basis. Banner Documentation/Instructor Documentation/Dean Documentation of eligibility.

- **For Technical Certificate of Credit (TCC) with no General Education requirements students:**
None

- **For Math 0090 Modules 7-15 (By Permission Only):**
Banner Documentation/Instructor Documentation/Dean Documentation of eligibility.

GENERAL EDUCATION CORE COMPETENCIES

Southeastern Technical College has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS

MATH 0090 Modules 1-6 students, MATH 0090 Module 7-15 students, and Co-Requisite Students are provided a personalized learning environment. Computer based learning is the primary mode of content delivery. Some of the following items may not apply to Co-Requisite students. Student requirements are as follows:

1. Complete all assignments required in MathXL. Students who are not registered for MathXL by the end of the No Show period will be removed from the course.
2. Work on task with the MathXL assignments while in the classroom.
3. Prepare for tests, homework, and quizzes by utilizing the MathXL resources: Media Videos, E-Textbook, Study Plan, and Homework Tutorial Buttons.
4. Work inside and outside of the MathXL classroom in order to complete assignments before the end of the semester.
5. Co-Requisite Students work on Math 1012 or Math 1111 assignments, ask questions, and do extra work to prepare for the next class day in Math 1012 or Math 1111
6. Proctored/Password Protected tests must be taken on campus during the scheduled class time in the MathXL classroom with the instructor present. Proctored Tests are password protected. The password will be entered by the instructor during the first 15 minutes of class time.
7. No notes or other material may be used during the MathXL proctored tests. Calculators are allowed.
8. Students must complete any MathXL proctored test in one class session without interruption and in the presence of the instructor or assigned designee. A proctored test must be started within the first 15 minutes of a class session and must be completed in one session. Students should expect a minimum of 60 minutes to take a proctored test.
9. Students are not allowed to have any windows open other than the testing window when taking a proctored test in MATH 0090. Students will be asked to place a red cup on the computer screen during the proctored test.
10. In the event the student has to wait on a proctored test until the next class day, the student should continue to work in MathXL by watching the pretest Media Videos, by reading the E-Textbook, and by completing problems in the Study Plan for the Module.
11. Complete and sign the Co-Requisite acknowledgement attached to this Syllabus. Return this to your Instructor promptly.

ATTENDANCE FOR LEARNING SUPPORT

Class attendance is a very important aspect of a student's success. Being absent from class prevents students from receiving the full benefit of a course and also interrupts the learning process. Southeastern Technical College considers both tardiness and leaving early as types of absenteeism. Responsibility for class attendance rests with the student. Regular and punctual attendance at all scheduled classes is required for student success. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Instructors have the right to give unannounced quizzes/assignments. Students who miss an unannounced quiz

or assignment will receive a grade of 0. Students who stop attending class, but do not formally withdraw, may receive a grade of F and face financial aid repercussions in upcoming semesters.

Instructors are responsible for determining whether missed work may be made up and the content and dates for makeup work is at the discretion of the instructor.

Attendance is counted from the first scheduled class meeting of each semester. To receive credit for a course a student must attend at least 90% of the scheduled instructional time. All work missed due to tardiness or absences must be made up at the convenience of the instructor. Any student attending less than the required scheduled instructional time (90%) may be dropped from the course as stated below in the Withdrawal Procedure.

Tardy means arriving after the scheduled time for instruction to begin. Early departure means leaving before the end of the scheduled time. Three (3) tardies or early departures equal one (1) absence for the course.

This class meets **2 days a week for 15 weeks** which is equivalent to 30 class meetings. **The maximum number of days a student may miss for this class is equivalent to 3 class days during the semester including tardiness and early departure infractions.**

Note: Minutes are counted as absence time for tardies or early departures which are excessive in time-frame. *(Any tardy or early departure that is over 1/3 of the class time will be counted as 1/2, 3/4, or a full absence upon the discretion of the instructor.)*

STUDENTS WITH DISABILITIES

Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact the appropriate campus coordinator to request services
Swainsboro Campus: [Macy Gay \(mgay@southeasterntech.edu\)](mailto:mgay@southeasterntech.edu), 478-289-2274, Building 1, Room 1210
Vidalia Campus: [Helen Thomas \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126, Building A, Room 165

SPECIFIC ABSENCES

Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY

Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please make arrangements with the appropriate campus coordinator.

Swainsboro Campus: [Macy Gay \(mgay@southeasterntech.edu\)](mailto:mgay@southeasterntech.edu), 478-289-2274, Building 1, Room 1210
Vidalia Campus: [Helen Thomas \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126, Building A, Room 165

It is strongly encouraged that requests for consideration be made **PRIOR** to delivery and early enough in the pregnancy to ensure that all the required documentation is secured before the absence occurs. Requests made after delivery MAY NOT be accommodated. The coordinator will contact your instructor to discuss accommodations when all required documentation has been received. The instructor will then discuss a plan with you to make up missed assignments.

WITHDRAWAL PROCEDURE FOR LEARNING SUPPORT

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% point of the term in which student is enrolled (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" (Withdrawn) is assigned for the course(s) when the student completes the withdrawal form.

Students who are dropped from courses due to attendance after drop/add until the 65% point of the semester will receive a "W" for the course.

Important – Student-initiated withdrawals are not allowed after the 65% point. Only instructors can drop students after the 65% point for violating the attendance procedure of the course. Students who are dropped from courses due to attendance after the 65% point will receive either a "WP" (Withdrawn Passing) or "WF" (Withdrawn Failing) for the semester.

Please Note - If a student withdraws or is withdrawn from a learning support class and is taking the co-req class also, the student will be withdrawn from that class as well. (Example: Student withdraws or is withdrawn from ENGL 0090, ENGL 00902 or ENGL 00903, they will also be withdrawn from the co-req of ENGL 1010 or ENGL 1101. If they are withdrawn from MATH 0090, they will be withdrawn from MATH 1012 or MATH 1111.)

Informing your instructor that you will not return to his/her course, does not satisfy the approved withdrawal procedure outlined above.

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. A grade of "W" will count in attempted hour calculations for the purpose of Financial Aid.

EXIT EXAM

(THIS IS FOR TECHNICAL CERTIFICATE OF CREDIT (TCC) WITH NO GENERAL EDUCATION REQUIREMENTS STUDENTS TAKING ONLY MATH 0090 MODULES 1-6

Students who successfully complete the Module 6 pretest (80%) or the Module 6 Posttest (70%), must also score a 70% or higher on the Cumulative Posttest for Modules 4-6 during class time before completing the course.

1. Option 1: Students who have successfully completed MATH 0090 will be allowed to take the exemption exam once for MATH 1012 in the effort to exempt MATH 1012. If a passing score is not achieved, no harm is done. The student may take MATH 1012 the next semester.
2. Option 2: Students who have not successfully completed the Cumulative Posttest for Modules 4-6 (70%) may register for MATH 0090 Modules 1-6 the next semester or may register for the co-requisite option. Students choosing to take MATH 0090 only will be allowed to start at the beginning of the Module where they left off on Day 1 of next semester. Students with a break in enrollment, excluding Summer Semester, will be required to begin at Module 1
3. Option 3: Students who have successfully completed Module 1-3 Cumulative Exam by the last day of the semester are eligible to enroll in Math 0090 the next Semester to complete Modules 4-6 or enroll in the co-requisite option the next semester taking both Math 0090 and Math 1012. (MATH 0090 will be a lab component allowing students to work on MATH 1012 with a math teacher present.) Students choosing to take MATH 0090 only will be allowed to start at the beginning of the Module where they left off on Day 1 of the next semester, students with a break in enrollment, excluding Summer Semester, will be required to begin at Module 1

- Option 4: Students who do not successfully complete the Cumulative Posttest for Modules 1-3 will receive an F in the course and may register for MATH 0090 the following semester or may register for the co-requisite option of MATH 0090 & MATH 1012. MATH 0090 will be a lab component allowing students to work on MATH 1012 with a math teacher present.

MAKEUP GUIDELINES (TESTS, QUIZZES, HOMEWORK, PROJECTS, ETC.)

MATH 0090 is a personalized learning environment; therefore, no makeup guidelines are applicable for this course. Students are expected to complete all components of each assignment.

ACADEMIC DISHONESTY POLICY

The Southeastern Technical College Academic Dishonesty Policy states that all forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the Southeastern Technical College Catalog and Handbook.

PROCEDURE FOR ACADEMIC MISCONDUCT

The procedure for dealing with academic misconduct and dishonesty is as follows:

1. First Offense

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

2. Second Offense

Student is given a grade of "WF" (Withdrawn Failing) for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

3. Third Offense

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

STATEMENT OF NON-DISCRIMINATION

The Technical College System of Georgia (TCSG) and its constituent Technical Colleges do not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, spouse of military member, or citizenship status (except in those special circumstances permitted or mandated by law). This nondiscrimination policy encompasses the operation of all technical college-administered programs, federally financed programs, educational programs and activities involving admissions, scholarships and loans, student life, and athletics. It also applies to the recruitment and employment of personnel and contracting for goods and services.

All work and campus environments shall be free from unlawful forms of discrimination, harassment and retaliation as outlined under Title IX of the Educational Amendments of 1972, Title VI and Title VII of the Civil Rights Act of 1964, as amended, the Age Discrimination in Employment Act of 1967, as amended, Executive

Order 11246, as amended, the Vietnam Era Veterans Readjustment Act of 1974, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Americans With Disabilities Act of 1990, as amended, the Equal Pay Act, Lilly Ledbetter Fair Pay Act of 2009, the Georgia Fair Employment Act of 1978, as amended, the Immigration Reform and Control Act of 1986, the Genetic Information Nondiscrimination Act of 2008, the Workforce Investment Act of 1998 and other related mandates under TCSG Policy, federal or state statutes.

The Technical College System and Technical Colleges shall promote the realization of equal opportunity through a positive continuing program of specific practices designed to ensure the full realization of equal opportunity.

The following individuals have been designated to handle inquiries regarding the nondiscrimination policies:

<p>American With Disabilities Act (ADA)/Section 504 - Equity- Title IX (Students) – Office of Civil Rights (OCR) Compliance Officer</p>	<p>Title VI - Title IX (Employees) – Equal Employment Opportunity Commission (EEOC) Officer</p>
<p>Helen Thomas, Special Needs Specialist Vidalia Campus 3001 East 1st Street, Vidalia Office 165 Phone: 912-538-3126 Email: Helen Thomas hthomas@southeasterntech.edu</p>	<p>Lanie Jonas, Director of Human Resources Vidalia Campus 3001 East 1st Street, Vidalia Office 138B Phone: 912-538-3230 Email: Lanie Jonas ljonas@southeasterntech.edu</p>

ACCESSIBILITY STATEMENT

Southeastern Technical College is committed to making course content accessible to individuals to comply with the requirements of Section 508 of the Rehabilitation Act of Americans with Disabilities Act (ADA). If you find a problem that prevents access, please contact the course instructor.

GRIEVANCE PROCEDURES

Grievance procedures can be found in the Catalog and Handbook located on Southeastern Technical College’s website.

ACCESS TO TECHNOLOGY

Students can now access Blackboard, Remote Lab Access, Student Email, Library Databases (Galileo), and BannerWeb via the mySTC portal or by clicking the Current Students link on the [Southeastern Technical College \(STC\) Website \(www.southeasterntech.edu\)](http://www.southeasterntech.edu).

TECHNICAL COLLEGE SYSTEM OF GEORGIA (TCSG) GUARANTEE/WARRANTY STATEMENT

The Technical College System of Georgia guarantees employers that graduates of State Technical Colleges shall possess skills and knowledge as prescribed by State Curriculum Standards. Should any graduate employee within two years of graduation be deemed lacking in said skills, that student shall be retrained in any State Technical College at no charge for instructional costs to either the student or the employer.

GRADING POLICY MODULES 1-6 STUDENTS

THIS IS FOR TECHNICAL CERTIFICATE OF CREDIT (TCC) WITH NO GENERAL EDUCATION REQUIREMENTS STUDENTS TAKING ONLY MATH 0090 MODULES 1-6

MathXL Tests 100% these are proctored tests and are taken in class.

The pretest will count in this calculation if the score is 80% or higher. The Posttest will count in this calculation if 80% on the pretest is not achieved. Cumulative Post Tests will also count in the calculation. A grade of 70% or higher is required on Post Tests.

To successfully exit MATH 0090 for Modules 1-6, students must complete Modules 1-6 with an 80% or better on each pretest or 70% or better on each Posttest. An 80% or better on a pretest permits a student to skip all module assignments and move on to the next module or Cumulative Posttest. Students making less than 80% on a Pretest must complete all module assignments with a minimum grade of 90% on each homework, 70% on each quiz, and 70% on each Posttest.

To receive partial credit for the MATH 0090 Modules 1-6 Course, students must successfully complete a minimum of Modules 1-3 including the Cumulative Posttest for Modules 1-3 with a 70% and must register for MATH 0090 the following semester or may register for the co-requisite option the following semester. Students who do not meet the partial requirements will receive an F in the course and may register for MATH 0090 the following semester or may register for the co-requisite option of MATH 0090 & MATH 1012.

Students taking MATH 0090 ONLY, and who successfully complete Module 1-3 Cumulative Exam and who continue to work on modules until the end of the semester will receive an A*, B*, C* partial grade and are eligible for the MATH 0090 and Math 1012 co-requisite option by enrolling in both classes the next semester or may register the next Semester to complete modules 4-6. Math students who do not reach the minimum point by the end of the semester will receive an F in MATH 0090, but are still eligible for the MATH0090 and MATH 1012 co-requisite option. See instructor for more details.

GRADING POLICY CO-REQUISITE STUDENTS

These students will receive the grade they earn in Math 1012 or Math 1111 in Math 0090. See MATH 1012 or MATH 1111 Course Syllabus. As noted in the withdrawal policy section, co-requisite students who are withdrawn from Math 0090 are also withdrawn from Math 1012 or Math 1111.

GRADING POLICY MATH 0090 MODULES 7-15 STUDENTS (BY PERMISSION ONLY):

MathXL Tests 100% these are proctored tests and are taken in class.

The pretest will count in this calculation if the score is 80% or higher. The Posttest will count in this calculation if 80% on the pretest is not achieved. Cumulative Post Tests will also count in the calculation. A grade of 70% or higher is required on Post Tests.

To successfully exit MATH 0090 for Modules 7-15, students must complete Modules 7-15 with an 80% or better on each Pretest or 70% or better on each Posttest. An 80% or better on a Pretest permits a student to skip all module assignments and move on to the next module or Cumulative Posttest. Students making less than 80% on a Pretest must complete all module assignments with a minimum grade of **90%** on each homework, 70% on each quiz, and 70% on each Posttest.

To receive partial credit for the MATH 0090 Modules 7 - 15, students must successfully complete a minimum of Modules 7-9 including the Cumulative Posttest for Modules 7-9 with a 70% and must register for learning support the following semester. An A*, B*, C* partial grade will be assigned, but the student does not exit learning support. Students who do not meet the partial requirements will receive an F* in the course and must register for learning support the following semester.

Students who have completed Module 12 and who are still attending & working on the remaining modules until the end of the semester may pay for an exit ACCUPLACER before the last day of the semester with permission from the instructor. The exit ACCUPLACER will be given by the instructor or designee and will be scheduled on the last day of the semester or during the Final Exam Days. Eligible students will not be penalized for the score as successful completion of Module 12 places a student in the MATH 0090 with MATH 1111 co-requisite option. Eligible students who achieve the college algebra score will exit learning support and may take MATH 1111 the next semester. The ACCUPLACER exam must be taken during the time scheduled by the instructor.

GRADING SCALE

Letter Grade	Range
A*	90-100
B*	80-89
C*	70-79
D*	60-69
F*	0-59

DISCLAIMER STATEMENTS

- The instructor reserves the right to change the syllabus and/or lesson plan as necessary.
- The official copy of the syllabus is located inside the online Blackboard course shell or will be given to the student during face to face class time the first day of the semester. The syllabus displayed in advance of the semester, in a location other than the course a student is enrolled in, is for planning purposes only.

MATH TUTORING

Please see your instructor to arrange tutoring times or to gain information about other instructors who provide tutoring. In addition, Mathxl is a rich tutorial system which includes a Study Plan, videos, and links to resources such as View an Example and Help me Solve This. Keep a well-organized notebook when doing online work in MathXL so you can reference the material later when you need tutoring.

Lesson Plan for Co-Requisite Students taking

MATH 1012/0090 or MATH 1111/0090

Follow all expectations in the MATH 1012 or MATH 1111 Syllabus. Attend MATH 0090 to work on the MATH 1012 or MATH 1111 assignments. Attendance in MATH 0090 is required and withdrawal affects the coreq math class enrollment.

For Modules 5B and 6, use the Conversion Sheet Provided by the Instructor on all Assignments.	<ul style="list-style-type: none"> • Continue each week using the expectations listed by Week 1. • Counsel with your instructor. 	5 a, b, c

Suggested Weekly Pacing Guide	Module	Assignments	Expectations	Competency Area
Week 10	Module 6 - Geometry	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	6 a, b, c
Week 11	Module 6 - Geometry	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	6 a, b, c
Weeks 12-15	Continue Working on Mod 1-6	Students who have not completed Modules 1-6 may continue at their own pace by working on your personalized learning path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	1-6 a, b, c
Weeks 12-15		Cumulative Posttest for Modules 4-6	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	4-6 a, b, c

MAJOR COURSE COMPETENCIES

Only Technical Certificate of Credit (TCC) with no General Education requirements students:

1. Module 1 - Whole Numbers
2. Module 2 - Fractions
3. Module 3 - Decimals
4. Module 4 - Percent and Ratio/Proportion
5. Module 5 - Measurement
6. Module 6 - Geometry

GENERAL CORE EDUCATIONAL COMPETENCIES

- a) The ability to utilize standard written English.
- b) The ability to solve practical mathematical problems.
- c) The ability to read, analyze, and interpret information.

Math 0090 Learning Support Math Modules 7-15

By Permission Only

Spring Semester 2020 (202014) Lesson Plan

Suggested Weekly Pacing Guide	Module	Assignments	Expectations	Competency Area
Day 1 of Semester – Week 1	Introduction to MATH 0090 Class/Lab Rules & Regulations Discuss syllabus Register for MathXL MathXL Orientation Module 7 – Introduction to Real Numbers and Algebraic Expressions	Register For MathXL Do Sample Homework & Quiz Start Preparing for Module 7 Pretest To Finish On Time: Students must complete additional assignments, outside of the hybrid & class time by doing additional work out of class time. At least 2-hours of additional out of class time may be needed per week. Students may work on any material that is not password protected. When waiting on a password, students should be using the Study Plan, the Media Videos, and the E-Textbook to study for the test or prepare for the next module. This 15 week pacing guide is intended for students who complete all Modules 7-15. Successful completion of Module 12 allows students to enroll in the co-requisite option the following semester. Students successfully completing Module 12 are also eligible to pay for an ACCUPLACER retest which will be given by the course instructor or designee.	<ul style="list-style-type: none"> • Work on MathXL assignments during class and at home. • Work at a pace that allows you to meet the end of course expectations. • Be prepared for in class testing. • Keep a detailed notebook of work that is organized by Module. • Seek help during and out of class time. • Check college email daily. 	7 a, b, c

Suggested Weekly Pacing Guide	Module	Assignments	Expectations	Competency Area
Week 2	Module 8 – Linear Equations and Inequalities	<p>Work on your Personalized Learning Path.</p> <p>For Module 8, use the Formula Sheet Provided by the Instructor on all Assignments.</p>	<ul style="list-style-type: none"> • Work on MathXL assignments during class and at home. • Work at a pace that allows you to meet the end of course expectations. • Be prepared for in class testing. • Keep a detailed notebook of work that is organized by Module. • Seek help during and out of class time. • Check college email daily. 	8 a, b, c
Week 3	Module 9 – Graphs of Linear Equations and Linear Inequalities	<p>Work on your Personalized Learning Path.</p> <p>(Module 9 has a practice graphing homework you can do before the PreTest to give you the opportunity to learn how to use the graphing tool first. Extra practice in the study plan is also encouraged.)</p>	<ul style="list-style-type: none"> • Continue each week using the expectations listed by Week 1. • Counsel with your instructor. 	9 a, b, c
Week 4	Module 11 – Polynomial Operations	<p>Work on your Personalized Learning Path.</p> <p>Cumulative Post-Test for Modules 7-9 Module 10 is completed at a later date.</p>	<ul style="list-style-type: none"> • Continue each week using the expectations listed by Week 1. • Counsel with your instructor. 	7,8,9,11 a, b, c

Suggested Weekly Pacing Guide	Module	Assignments	Expectations	Competency Area
Week 5	Module 12 – Factoring Polynomials	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	12 a, b, c
Week 6	Module 12 – Factoring Polynomials	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	12 a, b, c
Week 7	Module 10 – Systems of Linear Equations	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	10 a, b, c
Week 8	Module 13 – Rational Expressions and Equations	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	13 a, b, c
Week 9	Module 13 – Rational Expressions and Equations	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	13 a, b, c
Week 10	Module 14 – Radical Expressions and Equations	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	14 a, b, c

Suggested Weekly Pacing Guide	Module	Assignments	Expectations	Competency Area
Week 11	Module 14 – Radical Expressions and Equations	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	14 a, b, c
Week 12	Module 14 – Radical Expressions and Equations	Work on your Personalized Learning Path.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	14 a, b, c
Week 13	Module 15 – Quadratic Equations	Work on your Personalized Learning Path. Cumulative Posttest for Modules 7-15 Successful Completion of Modules 7-15 is an exit from learning support.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	15 a, b, c
Week 14	Module 15 – Quadratic Equations	Work on your Personalized Learning Path. Cumulative Posttest for Modules 7-15 Successful Completion of Modules 7-15 is an exit from learning support.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	15 a, b, c
Week 15		Complete your personalized learning path and plan to take the Accuplacer with your instructor if it applies to you.	<ul style="list-style-type: none"> Continue each week using the expectations listed by Week 1. Counsel with your instructor. 	7-15 a, b, c

MAJOR COURSE COMPETECIES

7. Module 7 - Introduction to Real Numbers & Algebraic Expressions
8. Module 8 - Linear Equations & Inequalities
9. Module 9 - Graphs of Linear Equations and Linear Inequalities
10. Module 10 – Systems of Linear Equations
11. Module 11 –Polynomial Operations
12. Module 12 – Factoring Polynomials
13. Module 13 – Rational Expressions & Equations

14. Module 14 - Radical Expressions & Equations
15. Module 15 - Quadratic Equations

GENERAL CORE EDUCATIONAL COMPETENCIES

- a) The ability to utilize standard written English.
- b) The ability to solve practical mathematical problems.
- c) The ability to read, analyze, and interpret information.

EXIT EXAM MATH 0090 MODULES 7-15 OPTIONS

- Option 1: Students who have successfully completed all requirements for Modules 7-15 by the last day of the semester will exit Learning Support Algebra. The student is eligible to take MATH 1111 the next semester.
- Option 2: Students who have not successfully completed Module 15 by the last day of the semester must register for MATH 0090 Modules 7-15 next semester. These students will be allowed to start at the beginning of the Module where they left off on Day 1 of the next semester. Students with a break in enrollment, excluding Summer Semester, will be required to begin at the first module (7).
- Option 3: Students who have successfully completed Module 12 and who are still attending & working on the remaining modules until the end of the semester may pay for an exit ACCUPLACER before the last day of the semester with permission from the instructor. The exit ACCUPLACER will be given by the instructor or designee and will be scheduled on the last day of the semester or during the Final Exam Days. The ACCUPLACER exam must be taken during the time scheduled by the instructor. Students with a break in enrollment, excluding Summer Semester, will be required to begin at the first module (7).
- Option 4: Students who have successfully completed Module 12 by the last day of the semester are eligible to enroll in the co-req option the next semester taking both MATH 0090 & MATH 1111. MATH 0090 will be a lab component allowing students to work on MATH 1111 with a math teacher present.
- Option 5: Students who do not complete the Cumulative Posttest for Modules 7-9 will earn an F for the semester. The student must take MATH 0090 the next semester.
