Program Admission

COURSE OUTLINE

Nursing Care Associated with the Integumentary System

Order	Description	Learning Domain	Level of Learning
1	Describe the health management, maintenance and prevention of pathological disorders as related to the integumentary system.	Cognitive	Comprehension
2	Describe caring for the individual as a whole with respect to the integumentary system.	Cognitive	Comprehension
3	Describe pathological disorders of the integumentary system.	Cognitive	Comprehension
4	Describe nursing observations and interventions related to each of the diagnostic studies and procedures associated with the integumentary system.	Cognitive	Comprehension
5	Describe the use of the nursing process with emphasis on assessment and client education as related to the integumentary system.	Cognitive	Comprehension
6	Discuss the responsibility of the nurse as a member of the health care interdisciplinary team and the methods of treatment related to the integumentary system.	Cognitive	Comprehension
7	Discuss medications most commonly used in diagnosis, prevention, and treatment of disorders of the integumentary system.	Cognitive	Comprehension
8	Discuss dietary management in the prevention and treatment of integumentary disorders.	Cognitive	Comprehension
9	Discuss standard precautions as they relate to care of the integumentary system.	Cognitive	Comprehension
10	Discuss the integumentary system with respect to the life span.	Cognitive	Comprehension
11	Discuss cultural competence as applicable to the integumentary system.	Cognitive	Comprehension
12	Discuss the integumentary system as applicable to special populations.	Cognitive	Comprehension

Nursing Care Associated with Oncology

	Description	Learning Domain	Level of Learning
1	Explain how cancer cells differ from normal cells.	Cognitive	Comprehension
2	Contrast the characteristics of benign and malignant neoplasms.	Cognitive	Analysis
3	Recognize predisposing factors related to cancer.	Cognitive	Analysis
4	Explain cancer treatment modalities.	Cognitive	Comprehension
5	Explain nursing interventions used in cancer treatment.	Cognitive	Comprehension
6	Discuss the emotional impact of cancer on the patient and the family.	Cognitive	Comprehension
7	Discuss oncology concerns with respect to the life span.	Cognitive	Comprehension

11	Discuss the reproductive systems with respect to the life span.	Cognitive	Comprehension
12	Discuss cultural competence as applicable to the reproductive systems.	Cognitive	Comprehension
13	Discuss the reproductive systems as applicable to special populations.	Cognitive	Comprehension

Basic Computer Skills

Order	Description	Learning Domain	Level of Learning
1	Apply basic computer technology related to health care.	Cognitive	Application

GENERAL EDUCATION CORE COMPETENCIES

STC has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS

Students are expected to complete all daily assignments and exams. A unit exam average of 70% or above for the unit exams must be obtained in order to take the final exam. A course grade of 70% must be obtained in order to advance into future nursing courses.

Students must make a 100% on a calculation exam before attending clinical each semester. There is a thirty minute time limit on the exam. Student has a maximum of 3 attempts each semester to complete the calculation exam with a 100%. Each attempt will be a different but similar version. If the student fails to achieve 100% on the third attempt, the student will receive a grade of F for the course and will not be allowed to progress in the program.

No assignment opportunities will be given for extra credit. Any unit test grade will be entered as is to the nearest 10th. No scores will be rounded up or down. This rule applies to every grade issued during this semester. All final averages will be recorded as is (i.e. a 69.9 is a 69.9)

During an examination, students are required to place all textbooks and personal property on the floor in front of the classroom. Students will be required to rotate seats prior to testing per instructions from the instructor. No talking is allowed once the exam begins. Students found with their cell phone or any other personal communication device during the exam will be considered cheating. Which will result in a zero for the exam. All exams are timed with students receiving one minute to answer each examination question. An additional minute will be added per calculation exam question.

It is highly recommended that students take full advantage of the all resources available to them; workbooks, end of chapter review questions, NCLEX-PN review questions, and internet sources but, will be **REQUIRED** to complete assignments listed below and all ATI assignments (skills modules and practice test) that correspond with covered chapters

Prior to the exam any ATI assignments must be completed with a passing score; print out report and turn in prior to test

Students will not be allowed in class on test day or able to take the exam without the appropriate print-out(s). Classroom door may be locked at the start of class.

If these requirements are not met the student may not be allowed to take the exam. This will be counted as the 1 make-up exam unless the student has already missed a previous test and then it will be counted as a zero for the exam. The make-up exam is subject to a 10 point deduction if the student does not provide the instructor with an excused absence.

Med/Surg (FA Davis) & EVOLVE Online Resources

Completion of the Med/Surg (FA Davis) & EVOLVE Online Resources is highly recommended to help prepare you for exams and should increase your level of success in this class.

Workbook Chapters

Completion of the workbook for applicable chapters are optional but highly encouraged (Med Surg and Peds) and should increase your level of success in this class.

NCLEX-PN BOOK

Completion of the NCLEX –PN book chapters is highly recommended to help prepare you for exams and should increase your level of success in the class.

POWER POINTS

Power points for each chapter are available on the student **M: drive**. This student drive can be accessed by going to the STC website and logging into Remote Lab Access.

REMEDIATION PROCEDURE:

Failure to pass any regular examination with a minimum grade of 70 or above will result in mandatory remediation of the material covered in the exam. Remediation assignments are non-negotiable. The Student Remediation Conference Form will be completed, and the student must complete a remediation assignment. For the designated remediation assignment, the student will be given a written assignment based on the weak area(s) noted on the exam. All remediation assignments must be completed before the student will be allowed to take the final exam.

ATTENDANCE GUIDELINES

Class attendance is a very important aspect of a student's success. Being absent from class prevents students from receiving the full benefit of a course and also interrupts the learning process. Southeastern Technical College considers both tardiness and leaving early as types of absenteeism. Responsibility for class attendance rests with the student. Regular and punctual attendance at all scheduled classes is required for student success. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Instructors have the right to give unannounced quizzes/assignments. Students who miss an unannounced quiz or assignment will receive a grade of 0. Students who stop attending class, but do not formally withdraw, may receive a grade of F and face financial aid repercussions in upcoming semesters.

Instructors are responsible for determining whether missed work may be made up and the content and dates for makeup work is at the discretion of the instructor.

Additional ATTENDANCE Provisions

Requirements for instructional hours within Health Science and Cosmetology programs reflect the rules of respective licensure boards and/or accrediting agencies. Therefore, these programs have stringent attendance policies. Each program's attendance policy is published in the program's handbook and/or syllabus which specify the number of allowable absences. All provisions for required make-up work in the classroom or clinical experiences are at the discretion of the instructor.

Attendance is counted from the first scheduled class meeting of each semester. To receive credit for a course a student must attend at least 90% of the scheduled instructional time. Time and/or work missed due to tardiness or absences must be made up at the convenience of the instructor. Any student attending less than the required scheduled instructional time (90%) may be dropped from the course as stated below in the Withdrawal Procedure.

Tardy means arriving after the scheduled time for instruction to begin. Early departure means leaving before the end of the scheduled time. Three (3) tardies or early departures equal one (1) absence for the course. A tardy will be issued if a student has missed less than 20% of instructional class time. An automatic absence will be issued if the student misses greater than 20% of instructional class time. This averages out to 10 minutes per hour. Tardies after lunch and early departures are calculated in the same manner.

For this class, which meets 3 days a week for 4 weeks, the maximum number of days a student may miss is 1 day during the semester.

SPECIAL NEEDS

Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact Helen Thomas, 912-538-3126, hthomas@southeasterntech.edu, to coordinate reasonable accommodations.

SPECIFIC ABSENCES

Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY

Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please advise me and make appropriate arrangements with Helen Thomas, 912-538-3126, hthomas@southeasterntech.edu.

WITHDRAWAL PROCEDURE

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% portion of the semester (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" is assigned when the student completes the withdrawal form from the course.

Students who are dropped from courses due to attendance (see your course syllabus for attendance policy) after drop/add until the 65% point of the semester will receive a "W" for the course. Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of 'F' being assigned.

After the 65% portion of the semester, the student will receive a grade for the course. (Please note: A zero will be given for all missed assignments.)

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. All grades, including grades of 'W', will count in attempted hour calculations for the purpose of Financial Aid.

Remember - Informing your instructor that you will not return to his/her course does not satisfy the approved withdrawal procedure outlined above.

MAKEUP GUIDELINES

(Tests, quizzes, homework, projects, etc.): In the event of an absence on an exam day, the instructor may require a physician's excuse before a student is allowed to take a make-up exam. A student will only be allowed to make-up one theory exam which will be given at the discretion of the instructor. A grade of "0" will be given to all subsequent exams missed. The make-up exam may or may not be the same as the original exam. It may also be a different test format. If a student misses the final exam and has already used their ONE time make-up, the student will NOT be allowed to make-up the final exam and be given a zero for the final exam.

EXIT EXAM

Prior to graduation from the STC PN program, the student is required to pass the ATI PN Comprehensive Predictor Exit Exam with a minimum 90% predicted probability of passing NCLEX. This is a requirement for graduation and not an option. The student will have three chances to achieve this. If the student does not meet the required percentage on the first try, the student may retake the exam. On the second try, if the student does not achieve the required percentage then the student will remediate with an instructor in the deficient content areas prior to retaking the exam for the third try. The student will be required to pay for the exam if a third attempt is required. If on the third try the percentage is not achieved, the student must retake the nursing courses which include the deficient content material. The student will also receive a grade of "F" in PNSG 2415.

ACADEMIC DISHONESTY POLICY

The STC Academic Dishonesty Policy states All forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the STC Catalog and Student Handbook.

PROCEDURE FOR ACADEMIC MISCONDUCT

The procedure for dealing with academic misconduct and dishonesty is as follows:

1. First Offense

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

2. Second Offense

Student is given a grade of "WF" for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

3. Third Offense

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.
