

AIRC 1060 A/C Systems Applications and Installation

COURSE SYLLABUS

Fall Semester 2017

COURSE INFORMATION

Credit Hours/Minutes: 4/ 4500

Class Location: Room # 423

Class Meets: M/T/W/R 2:45-4:00pm

CRN:20386

INSTRUCTOR CONTACT INFORMATION

Instructor Name: Vince Scott

Office Location: Room 426

Office Hours: M/T/W/R 4:00-5:00

Email Address: vscott@southeasterntech.edu

Phone: (912)538-3146

Fax Number: (912)538-3156

Tutoring Hours (if applicable): By Appointment Only

REQUIRED TEXT

Fundamentals of HVACR 3rd Edition by Carter Stanfield and David Skaves, Pearson Publisher ISBN: 0-13-401616

REQUIRED SUPPLIES & SOFTWARE

Safety glasses, notebook for taking notes, 3 ring binder for hand-outs, and pen or pencil to use in class every day. A Digital Volt, Ohm meter with a clamp-on AMP meter.

NOTE: You must have textbook and notebook with pen or pencil with you each day for class !

COURSE DESCRIPTION

This course provides an introduction to fundamental electrical concepts and theories as applied to the air conditioning industry.

MAJOR COURSE COMPETENCIES

1. Safety
2. Installation Procedures
3. Split Systems
4. Add-on Systems
5. Packaged Systems
6. System Wiring
7. Air Filtration

8. Heat-Load Calculations

9. Duct Design

PREREQUISITE(S)

AIRC 1040 or Provisional Admission

COURSE OUTLINE

This course provides an introduction to fundamental electrical concepts and theories as applied to the air conditioning industry.

GENERAL EDUCATION CORE COMPETENCIES

STC has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS

Students are expected to complete all tests and comprehensive problems by the due dates. A ten point penalty will be assessed for each day a comprehensive problem is late. There are no makeup tests. Tests are made available for several days; therefore, there are no makeup tests. Students who miss a test will be assigned a grade of zero. Students are responsible for policies and procedures included in the *STC E-Catalog*.

ATTENDANCE GUIDELINES

Class attendance is a very important aspect of a student's success. Being absent from class prevents students from receiving the full benefit of a course and also interrupts the learning process. Southeastern Technical College considers both tardiness and leaving early as types of absenteeism. Responsibility for class attendance rests with the student. Regular and punctual attendance at all scheduled classes is required for student success. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Instructors have the right to give unannounced quizzes/assignments. Students who miss an unannounced quiz or assignment will receive a grade of 0. Students who stop attending class, but do not formally withdraw, may receive a grade of F and face financial aid repercussions in upcoming semesters.

Instructors are responsible for determining whether missed work may be made up and the content and dates for makeup work is at the discretion of the instructor.

Students will not be withdrawn by an instructor for attendance; however, all instructors will keep records of graded assignments and student participation in course activities. The completion dates of these activities will be used to determine a student's last date of attendance in the event a student withdraws, stops attending, or receives an F in a course.

SPECIAL NEEDS

Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact Helen Thomas, 912-538-3126, hthomas@southeasterntech.edu, to coordinate reasonable accommodations.

SPECIFIC ABSENCES

Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY

Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please advise me and make appropriate arrangements with Helen Thomas, 912-538-3126, hthomas@southeasterntech.edu.

WITHDRAWAL PROCEDURE

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% portion of the semester (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" is assigned when the student completes the withdrawal form from the course.

Students who are dropped from courses due to attendance (see your course syllabus for attendance policy) after drop/add until the 65% point of the semester will receive a "W" for the course. Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of 'F' being assigned.

After the 65% portion of the semester, the student will receive a grade for the course. (Please note: A zero will be given for all missed assignments.)

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. All grades, including grades of 'W', will count in attempted hour calculations for the purpose of Financial Aid.

Remember - Informing your instructor that you will not return to his/her course does not satisfy the approved withdrawal procedure outlined above.

WORK ETHICS

The Technical College System of Georgia instructs and evaluates students on work ethics in all programs of study. Ten work ethics traits have been identified and defined as essential for student success: appearance, attendance, attitude, character, communication, cooperation, organizational skills, productivity, respect, and teamwork. Students will be required to take a work ethics exam as marked in the lesson plan. A grade of 70 or better is required to complete the work ethics requirements for this class.

MAKEUP GUIDELINES (TESTS, QUIZZES, HOMEWORK, PROJECTS, ETC...)

(Tests, quizzes, homework, projects, etc...): If a student misses a test, a grade of zero will be assigned. **Only students with extenuating circumstances (who contact the instructor on the day of the test regarding their absence) will be allowed to take a makeup test, which will replace the zero.** Extenuating circumstances are determined at the instructor's discretion. Unless otherwise scheduled with the instructor, it is expected that the test will be taken the next day, scheduled outside of regular class time. Failure to follow this procedure will result in a grade of zero.

ACADEMIC DISHONESTY POLICY

The STC Academic Dishonesty Policy states All forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can

also be found in the STC Catalog and Student Handbook.

PROCEDURE FOR ACADEMIC MISCONDUCT

The procedure for dealing with academic misconduct and dishonesty is as follows:

1. First Offense

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

2. Second Offense

Student is given a grade of "WF" for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

3. Third Offense

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

STATEMENT OF NON-DISCRIMINATION

The Technical College System of Georgia and its constituent Technical Colleges do not discriminate on the basis of race, color, creed, national or ethnic origin, sex, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, spouse of military member or citizenship status (except in those special circumstances permitted or mandated by law). This school is in compliance with Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin; with the provisions of Title IX of the Educational Amendments of 1972, which prohibits discrimination on the basis of gender; with the provisions of Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap; and with the American with Disabilities Act (ADA).

The following individuals have been designated to handle inquiries regarding the nondiscrimination policies:

ADA/Section 504 - Equity- Title IX (Students) - OCR Compliance Officer	Title VI - Title IX (Employees) - EEOC Officer
Helen Thomas, Special Needs Specialist Vidalia Campus 3001 East 1 st Street, Vidalia Office 108 Phone: 912-538-3126 hthomas@southeasterntech.edu	Blythe Wilcox, Director of Human Resources Vidalia Campus 3001 East 1 st Street, Vidalia Office 138B Phone: 912-538-3147 bwilcox@southeasterntech.edu

GRIEVANCE PROCEDURES

Grievance procedures can be found in the Catalog and Handbook located on STC's website.

ACCESS TO TECHNOLOGY

For information regarding Blackboard, the Information Delivery System (IDS), Student Owl Mail, and Banner Web, please see the IT Department link on STC's website at www.southeasterntech.edu

TCSG GUARANTEE/WARRANTY STATEMENT

The Technical College System of Georgia guarantees employers that graduates of State Technical Colleges shall possess skills and knowledge as prescribed by State Curriculum Standards. Should any graduate employee within two years of graduation be deemed lacking in said skills, that student shall be retrained in any State Technical College at no charge for instructional costs to either the student or the employer.

GRADING POLICY

Assessment/Assignment	Percentage
Written Test	30 %
Lab Test	15 %
Work Ethics	5 %
Lab Assignments	50%

GRADING SCALE

A	90-100
B	80-89
C	70-79
D	60-69
F	0-59

AIRC 1060 A/C Systems and Installation

Summer Semester 2018 lesson plan

Date/Week	Unit	Content	Assignments & Tests Due Dates	Competency Area
Aug. 14-17	Chapter 3	**Safety** Application	Review questions at end of chapter Identify and discuss potential electrical hazards and concerns encountered while working with air conditioning wiring and control systems.	1 a, c
Aug 21-24	Chapter 45,46,47,48	**Installation Procedures** Theory and application	Review questions at end of chapter Discuss the installation of various types of cooling and dehumidifying equipment. Design and install a condensate drain system.	2 a, c
Aug. 28-31	Chapter 45,46,47,48	Theory and application	Lab Work Book Install a residential central air conditioning unit.	2 a, c
Sept. 4-7	Chapter 46,47	**Split Systems** Theory and application	Discuss how the split-system differs from the packaged system. Observe and explain the functions of the split-system components.	3 a, c
Sept. 11-14	Chapter 69	**Add-on Systems** Theory and application	Discuss how an add- on system can be installed on an existing heating system. Properly connect an evaporator coil to a furnace plenum.	4 a, c
Sept. 18-21	Chapter 69	Theory and application	Install a condensing unit to an existing heating system.	

Date/Week	Unit	Content	Assignments & Tests Due Dates	Competency Area
Sept. 25-28	Chapter 69,70	**Packaged Systems** Theory and application	Explain the basic advantages of a packaged system. Evacuate a packaged system and charge with proper refrigerant type and amount.	5 a, c
Oct. 2-5	Chapter 70,71	**System Wiring** Theory and application	Explain the factors to be considered when wiring an air conditioning system. Following the manufacturer's instructions, completely wire an air conditioning system with the proper wire. Consult the National Electrical Code to ensure compliance.	6 a, c
Oct. 9-12	Chapter 73,75	**Air Filtration** Theory and application	Change or wash filters. Service electronic filters.	7 a, c
Oct. 16-19	Chapter 71,72	Heat-Load Calculations Tables	Discuss the various tables that are used in heat-load calculations.	8,9 a, c
Oct. 23-26	Chapter 71,72	Heat loss and gain Theory and application	Discuss factors which affect heat loss. Work several test problems using heat loss calculation procedures.	8, 9 a, c
Oct 30,31 Nov 1,2	Chapter 71,72	Theory and application	Discuss factors that affect heat gain. Work several test problems using heat gain calculation procedures.	8, 9 a, c

Date/Week	Unit	Content	Assignments & Tests Due Dates	Competency Area
Nov. 6-8	Chapters 89	**Duct Design** Theory and application	Discuss several acceptable methods for duct design. Assemble two short duct runs using different types of duct. Discuss the factors involved in a duct application.	8,9 a, c
Nov. 13-16	Chapters 89	Theory and application	Identify types of duct materials. Explain the purpose of registers and diffusers.	8, 9 a, c
Nov. 20,21	Chapter 89	Theory and application	Define velocity, CFM, static pressure, and length of ducting as they apply to duct design and construction.	8, 9 a, c
NOV 22,23		HOLIDAY	HOLIDAY	
Nov 27-30	43,44,45,46 47,48,49,69 70,71,72,73 75,77,78,89	Review for Finals		
Dec 5		Finals	Finals	

MAJOR COURSE COMPETENCIES

1. Safety
2. Installation Procedures
3. Split Systems
4. Add-on Systems
5. Packaged Systems
6. System Wiring
7. Air Filtration
8. Heat-Load Calculations
9. Duct Design

GENERAL EDUCATION CORE COMPETENCIES

STC has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.
