

**PNSG 2030/ Nursing Fundamentals
COURSE SYLLABUS
Spring Semester 2020**

INSTRUCTOR CONTACT INFORMATION

Instructor Name: Candi Newton, RN

Email Address: [Candi Newton_cnewton@southeasterntech.edu](mailto:Candi.Newton_cnewton@southeasterntech.edu)

Campus/Office Location: Vidalia Campus, Gillis Building, Classroom 746, Office 816

Office Hours: 0800-0900 & 1630-1800

Phone: 912-538-3145

Fax Number:

Tutoring Hours: Please schedule an appointment.

COURSE INFORMATION

Credit Hours/Minutes: 6/8250

Class Location: Swainsboro Campus, Building 8 (Health Science Building), Practical Nursing Classroom 8103

Class Meets: Monday, Tuesday, and Wednesday: 0900-1200 & 1300-1600 from **1-7-2020 to 3-11-2020**

Course Reference Number (CRN): **40133**

EHR Tutor Course Key: To Be Announced

SOUTHEASTERN TECHNICAL COLLEGE'S (STC) CATALOG AND STUDENT HANDBOOK

Students are responsible for all policies and procedures and all other information included in Southeastern Technical College's [Catalog and Student Handbook](http://www.southeasterntech.edu/student-affairs/catalog-handbook.php) (<http://www.southeasterntech.edu/student-affairs/catalog-handbook.php>).

REQUIRED TEXT

1. Fundamentals of Nursing Care: Concepts, Connections, and Skills, 3rd Edition, FA Davis by Burton, Smith & Ludwig
2. Nursing Care Plans, 10th Edition, Doenges, Morehouse et al.
3. Davis's Nursing Skills **Videos** for LPN/LVN, 3rd Edition (This is not a book. Student has access to skills videos through FA Davis website.)
4. Pharmacology Clear and Simple, 3rd Edition, F.A. Davis, Watkins
5. Understanding Medical Surgical Nursing, 6th Edition, FA Davis, Williams and Hopper
6. Safe Maternity and Pediatric Nursing Care, FA Davis, Linnard-Palmer and Coats
7. Assessment Technologies Institute (ATI) books. (The instructor will issue ATI books to the student.)

REQUIRED SUPPLIES & SOFTWARE

1. ATI Web Service
2. Electronic Health Record (EHR) Tutor (Included in purchase of ATI)
3. Ear phones (for ATI Assignments)
4. Full uniform
5. Skills Pack (purchased through Meridy's)
6. Watch with a second hand
7. Pen/Pencils
8. Notebook
9. Basic Calculator

Students should not share login credentials with others and should change passwords periodically to maintain security.

COURSE DESCRIPTION

This course is an introduction to the nursing process. Topics include: nursing as a profession; ethics and law; client care which is defined as using the nursing process, using critical thinking, and providing client education and includes principles and skills of nursing practice, documentation, and an introduction to physical assessment; customer/client relationships; standard precautions; basic life support; infection control/blood; and basic emergency care/first aid and triage.

MAJOR COURSE COMPETENCIES

1. Nursing as a Profession
2. Ethics, Morals and Legal Implications
3. Infection Control/Blood-borne/Airborne Pathogens
4. Basic Emergency Care/First Aid and Triage
5. Basic Life Support
6. Client Care
7. Basic Computer Skills Related to Health Care

PREREQUISITE(S)

Program Admission

COURSE OUTLINE

	Nursing as a Profession	Learning Domain	Level of Learning
1	Discuss the history of nursing.	Cognitive	Comprehension
2	Cite nursing organizations, membership requirements, and benefits.	Cognitive	Comprehension
3	Explain the basic steps of the nursing process.	Cognitive	Comprehension
4	Develop the parameters of critical thinking as it applies to nursing practice.	Cognitive	Application
5	Describe the different levels of nursing.	Cognitive	Comprehension

	Nursing as a Profession	Learning Domain	Level of Learning
6	Discuss employment opportunities for the practical nurse.	Cognitive	Comprehension
7	Understand the types of health care delivery services and agencies.	Cognitive	Comprehension
8	Describe the delivery systems of nursing care.	Cognitive	Comprehension
9	Describe the functions of members of the interdisciplinary health care team.	Cognitive	Comprehension

	Ethics, Morals and Legal Implications	Learning Domain	Level of Learning
1	Discuss the role of ethics in nursing practice.	Cognitive	Comprehension
2	Explain the role of ethics and accountability in nursing practice.	Cognitive	Comprehension
3	Determine the requirements for Georgia practical nursing licensure.	Cognitive	Application
4	Describe the sources for standards of care for nursing practice.	Cognitive	Comprehension
5	Describe the legal implication of negligence.	Cognitive	Knowledge
6	Discuss regulations and implications relative to the Health Insurance Portability and Accountability Act of 1996 (HIPAA.)	Cognitive	Comprehension
7	Discuss the procedures for organ procurement, advanced directives, consents, release, minors, etc.	Cognitive	Comprehension
8	Summarize the legal aspects of documentation.	Cognitive	Comprehension
9	Describe types of abuse across the life span.	Cognitive	Comprehension

	Infection Control and Blood-borne/Airborne Pathogens	Learning Domain	Level of Learning
1	Define the roles, standards and guidelines for the following agencies: Center for Disease Control (CDC) and Prevention; Occupational Health (OSHA) and Safety Administration; and Federal Drug Administration (FDA).	Cognitive	Knowledge
2	Describe the characteristics of each link of the infection chain.	Cognitive	Comprehension
3	Define blood/air-borne pathogens.	Cognitive	Knowledge
4	Identify exposure risks related to health occupations.	Cognitive	Knowledge
5	Demonstrate pre- and post- exposure precautions to include handwashing, gloving (sterile/nonsterile), Personal Protective Equipment (PPE).	Cognitive	Application
6	Describe causative agent, symptoms, occurrence, reservoir, mode of transmission, incubation period, period of communicability, prevention and control measures of the following diseases: Human Immunodeficiency Virus/Acquired Immunodeficiency Syndrome, all types of Hepatitis (A,B,C,), Tuberculosis, Meningitis, antibiotic resistant microbes and Herpes Viruses.	Cognitive	Comprehension

	Basic Emergency Care/First Aid and Triage Basic	Learning Domain	Level of Learning
1	Perform initial assessment.	Psychomotor	Guided Response
2	Demonstrate various techniques for control of bleeding.	Psychomotor	Guided Response
3	Describe first aid for various types of shock.	Cognitive	Comprehension
4	Perform application of bandages and splints.	Psychomotor	Guided Response
5	Describe assessment and treatment of burns, poisoning, seizures, insect stings/bites, heat and cold exposure, syncope.	Cognitive	Comprehension

	Client Care	Learning Domain	Level of Learning
1	Demonstrate proficiency in obtaining and documenting blood pressure, temperature, pulse, respiration, weight and height.	Psychomotor	Guided Response
2	Describe factors that affect vital signs including normal and abnormal values.	Cognitive	Comprehension
3	Demonstrate physical assessments.	Psychomotor	Guided Response
4	Demonstrate concepts of infection control to include but not be limited to sterile technique, handling sterile equipment and supplies.	Psychomotor	Guided Response
5	Explain physiological and pathological influences on body alignment.	Cognitive	Comprehension
6	Demonstrate the correct procedure for lifting.	Psychomotor	Guided Response
7	Describe the various procedures for moving clients and assisting them with mechanical devices.	Cognitive	Comprehension
8	Demonstrate techniques for changing an occupied, unoccupied, and a surgical hospital bed.	Psychomotor	Guided Response
9	Cite aspects of a safe environment.	Cognitive	Comprehension
10	Demonstrate techniques for bathing an adult, giving a back rub, and morning and evening care, assisting with activities of daily living including appropriate documentation.	Psychomotor	Guided Response
11	Describe common foot and nail problems, their causes, and related nursing interventions including appropriate documentation.	Cognitive	Comprehension
12	Describe the major types of oral problems, their causes, and related nursing interventions including appropriate documentation.	Cognitive	Comprehension
13	Describe common hair and scalp problems, their causes, and related nursing interventions including appropriate documentation.	Cognitive	Comprehension
14	Describe techniques for cleansing and irrigating the eyes, ears, and nose including appropriate documentation.	Cognitive	Comprehension
15	Describe the physiological, psychological, and developmental effects of immobility.	Cognitive	Comprehension
16	Demonstrate appropriate nursing interventions for an immobilized	Psychomotor	Guided

	Client Care	Learning Domain	Level of Learning
	client including documentation of these interventions.		Response
17	Demonstrate use of restraints including documentation of their usage.	Psychomotor	Guided Response
18	Discuss the causes, prevention, and treatment of pressure sores including appropriate documentation.	Cognitive	Comprehension
19	Demonstrate use of the nursing process.	Psychomotor	Guided Response
20	Demonstrate assessment of an adult client including general appearance and mental functions including documentation of this assessment.	Psychomotor	Guided Response
21	Demonstrate documentation of nursing care.	Psychomotor	Guided Response
22	Demonstrate feeding adults including documentation of feeding.	Psychomotor	Guided Response
23	Describe nutritional problems contributing to fluid imbalances including appropriate documentation.	Cognitive	Comprehension
24	Describe the characteristics of normal and abnormal urine and feces including documentation of these characteristics.	Cognitive	Comprehension
25	Demonstrate assisting a client with a bedpan, urinal, or bedside commode.	Psychomotor	Guided Response
26	Demonstrate techniques for urinary catheterization including appropriate documentation.	Psychomotor	Guided Response
27	Demonstrate techniques for administering an enema including appropriate documentation.	Psychomotor	Guided Response
28	Demonstrate techniques for collecting urine and stool specimens including appropriate documentation.	Psychomotor	Guided Response
29	Demonstrate techniques for bladder and catheter irrigation and catheter care including appropriate documentation.	Psychomotor	Guided Response
30	Demonstrate measurement of fluid intake and output including documentation of these measurements.	Psychomotor	Guided Response
31	Describe types of oxygen therapy.	Cognitive	Comprehension
32	Demonstrate use of oxygen therapy including appropriate documentation.	Psychomotor	Guided Response
33	Demonstrate suctioning techniques such as oral, nasotracheal, and tracheostomy suctioning including appropriate documentation.	Psychomotor	Guided Response
34	Describe airway management including aerosol treatments, chest physiotherapy, and pulse oximetry.	Cognitive	Comprehension
35	Demonstrate techniques for wound care including documentation of these techniques.	Psychomotor	Guided Response
36	Demonstrate techniques for wound irrigation including appropriate documentation.	Psychomotor	Guided Response
37	Demonstrate techniques for application of sterile dressings, bandages, and binders including documentation of these techniques.	Psychomotor	Guided Response

	Client Care	Learning Domain	Level of Learning
38	Demonstrate techniques for applying hot and cold treatments including documentation of these techniques.	Psychomotor	Guided Response
39	Describe perioperative-nursing care including documentation of this care.	Cognitive	Comprehension
40	Demonstrate techniques for administering immediate postoperative care including appropriate documentation.	Psychomotor	Guided Response
41	Demonstrate effective use of client care communication systems.	Psychomotor	Guided Response
42	Demonstrate the use of therapeutic aspects of professional relations as relates to clients, family and the interdisciplinary healthcare team.	Psychomotor	Guided Response
43	Describe the grieving process.	Cognitive	Comprehension
44	Discuss emotional and physical needs of the dying client including nursing care and the available support networks.	Cognitive	Comprehension
45	Demonstrate techniques for administering post-mortem care including appropriate documentation.	Psychomotor	Guided Response
46	Explain the role of computer technology in health care.	Cognitive	Comprehension

GENERAL EDUCATION CORE COMPETENCIES

STC has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS

Students are expected to complete all daily assignments and exams. A unit exam average of 70% or above must be obtained in order to take the final exam. Students that do not obtain an exam average of 70% will not be able to take the final exam and will receive a W for all PNSG courses in which they are enrolled and will not be able to progress in the program.

Students are required to take a calculation exam prior to attending clinical each semester as outlined on appropriate course syllabi. The student will have 3 attempts to score 100%. With each attempt a similar, but different exam will be given. The student will be allowed three minutes per problem. There will be a minimum of ten questions on the exam. The student will have one week between each attempt for remediation. Students will be allowed to use a standard calculator for the exam. No personal devices will be utilized for the exam. If a student is unsuccessful after three attempts, the student will receive a W for all PNSG courses in which they are enrolled and will not be able to progress in the program. The importance of this is to promote safe medication administration in the clinical setting and reduce medication errors.

No assignment opportunities will be given for extra credit. Any unit exam grade will be entered as is to the nearest 10th. No scores will be rounded (up or down). *For example: exam has 60 questions and each question will be worth 1.66 pts. The student misses 7 questions $1.66 \times 7 = 11.62$. $100 - 11.62 = 88.38$. Grade will be recorded as 88.3.* This rule applies to every grade issued during the semester. All final averages will be recorded as is (ie a 69.9 is a

69.9).

During an examination, students are required to place all textbooks and personal property on the floor in front of the classroom. Students may be required to rotate seats prior to testing per instructions from the instructor. No talking is allowed once the exam begins. Students found with their cell phone or any other personal communication device during the exam will be considered cheating; which will result in a zero for the exam. All exams are timed with students receiving one minute to answer each examination question. An additional minute will be added per calculation exam question.

ATI assignments listed on the lesson plan must be completed with the required score, printed out, and turned in to the instructor at least 30 minutes prior to the exam. Assignments turned in after the deadline may result in a 5 point deduction from the exam grade. Students will not be allowed to take the exam without the appropriate completed assignments. Classroom door may be locked at the start of class.

If the assignment requirements are not met, the student may not be allowed to take the exam. This may be counted as the 1 make-up exam. The make-up exam may be subject to a 10 point deduction if the student does not provide the instructor with an excused absence.

MAKEUP GUIDELINES (TESTS, QUIZZES, HOMEWORK, PROJECTS, ETC...)

In the event of an absence on an exam day, the instructor may require a physician's excuse before a student is allowed to take a make-up exam. A student will only be allowed to make-up one theory exam, which will be given at the discretion of the instructor. A grade of "0" will be given to all subsequent exams missed. The make-up exam may or may not be the same as the original exam. It may also be a different test format. If a student misses the final exam and has already used their ONE time make-up, the student will NOT be allowed to make-up the final exam and be given a zero for the final exam.

It is the student's responsibility to obtain notes, lecture recordings, or information presented in class when the student is absent.

SKILLS LAB

All students are required to bring Practical Nursing Program Skills Book, Master Skills Checklist and personal Skills Pack to the skills lab. Failure to have these items on lab days may be considered missed time for that day. It is the responsibility of the student to be prepared for skills lab by watching and reviewing Davis's Nursing Skills **Videos** for LPN/LVN prior to the scheduled lab day. Scheduled skills are found in the lesson plan of this syllabus.

RESOURCES

It is highly recommended that students take full advantage of all resources available to them.

FA Davis Online Resources (Davis edge)

FA Davis Online Resources is highly recommended to help prepare student for exams and should increase level of success in this class.

Power Points

Power points for each chapter are available on the student **M: drive**. This student drive can be accessed by going to the STC website and logging into Remote Lab Access.

STUDENT SUCESS PLAN:

The Student Success Plan documents deficiencies in performance and provides a means for improvement. A success plan should be initiated for the following reasons:

- If the student has (1) a cumulative unit exam average of < 70 % after the completion of 25% of the unit exams or (2) a skill(s) performance deficiency. The faculty will initiate individual counseling session and complete the Student Success Plan.
- If the student has (1) a cumulative unit exam average of < 70 % after the completion of 50 % of the unit exams or (2) a skill(s) performance deficiency. The faculty will initiate individual counseling session, as well as review and update the Student Success Plan and submit an Early Alert.
- if the student exhibits behavior outside the expected:
 - codes of conduct outlined in professional codes of ethics, professional standards,
 - All procedures/requirements/policies outlined in program handbooks/documents,
 - STC e Catalog and Student Handbook, and/or
 - Clinical facility policies and procedures.

The faculty will initiate an individual counseling session and complete an Academic Occurrence Notice and the Student Success Plan.

(T)echnical College System of Georgia (E)arly (A)lert (M)anagement (S)ystem (TEAMS) & The Student Success Plan are designed to ensure that students are well informed about strategies for success, including college resources and assistance. One of the responsibilities of the Program faculty is to monitor the academic progression of students throughout the curriculum. The faculty believes that the student is ultimately responsible for seeking assistance; however, faculty will meet or refer students who are having academic difficulties.

• TEAMS is designed to provide assistance for students who may need help with academics, attendance, personal hardships, etc.

Specific information about the Student Support services listed below can be found at [STC Website \(www.southeasterntech.edu\)](http://www.southeasterntech.edu) by clicking on the Student Affairs tab.

- Tutoring
- Technical Support
- Textbook Assistance
- Work-Study Programs
- Community Resources

ATTENDANCE PROVISIONS

Health Sciences

Requirements for instructional hours within Health Science and Cosmetology programs reflect the rules of respective licensure boards and/or accrediting agencies. Therefore, these programs have stringent attendance policies. Each program's attendance policy is published in the program's handbook and/or syllabus, which specify the number of allowable absences. All provisions for required make-up work in the classroom or clinical experiences are at the discretion of the instructor.

Attendance is counted from the first scheduled class meeting of each semester. To receive credit for a course a student must attend at least 90% of the scheduled instructional time. Time and/or work missed due to

tardiness or absences must be made up at the convenience of the instructor. Any student attending less than the required scheduled instructional time (90%) may be dropped from the course as stated below in the Withdrawal Procedure.

For this course, which meets **165 hours**, the maximum number of hours a student can miss is **16.5 hours** during **Nursing Fundamentals (PNSG 2030)**. Once instruction begins, all time missed will be counted in the total time of hours missed from class.

When instruction has begun, there will be no class interruptions. The admittance into class during a lecture will occur after class breaks. This time will be calculated in with the total time of hours missed.

STUDENTS WITH DISABILITIES

Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact the appropriate campus coordinator to request services.

Swainsboro Campus: [Macy Gay mgay@southeasterntech.edu](mailto:Macy_Gay_mgay@southeasterntech.edu) , 478-289-2274, Building 1, Room 1208

Vidalia Campus: [Helen Thomas hthomas@southeasterntech.edu](mailto:Helen_Thomas_hthomas@southeasterntech.edu) , 912-538-3126, Building A, Room 108

SPECIFIC ABSENCES

Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY

Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please make arrangements with the appropriate campus coordinator.

Swainsboro Campus: [Macy Gay mgay@southeasterntech.edu](mailto:Macy_Gay_mgay@southeasterntech.edu) , 478-289-2274, Building 1, Room 1208

Vidalia Campus: [Helen Thomas hthomas@southeasterntech.edu](mailto:Helen_Thomas_hthomas@southeasterntech.edu) , 912-538-3126, Building A, Room 108

It is strongly encouraged that requests for consideration be made PRIOR to delivery and early enough in the pregnancy to ensure that all the required documentation is secured before the absence occurs. Requests made after delivery MAY NOT be accommodated. The coordinator will contact your instructor to discuss accommodations when all required documentation has been received. The instructor will then discuss a plan with you to make up missed assignments.

WITHDRAWAL PROCEDURE

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% point of the term in which student is enrolled (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" (Withdrawn) is assigned for the course(s) when the student completes the withdrawal form.

Important – Student-initiated withdrawals are not allowed after the 65% point. Only instructors can drop students after the 65% point for violating the attendance procedure of the course. Informing your instructor that you will not return to his/her course, does not satisfy the approved withdrawal procedure outlined above.

Students who are dropped from courses due to attendance after drop/add until the 65% point of the semester will receive a "W" for the course. Students who are dropped from courses due to attendance after the 65% point will receive a WP (Withdrawal Passing-average of 60 or higher) or a WF (Withdrawal Failing-average of 59 or lower). Students will receive a grade of zero for all assignments missed beginning with the Last Date of Attendance (LDA) and the date the student exceeds the attendance procedure.

If a student cannot progress in the Program due to academic deficiency, the student will receive a W (Withdrawn) from all PNSG courses for the semester and will be unable to progress in the nursing program. The faculty will enter the LDA along with the W into BannerWeb.

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. A grade of 'W' will count in attempted hour calculations for the purpose of Financial Aid.

Remember - Informing your instructor that you will not return to his/her course does not satisfy the approved withdrawal procedure outlined above.

ACADEMIC DISHONESTY POLICY

The STC Academic Dishonesty Policy states all forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the STC Catalog and Student Handbook.

PROCEDURE FOR ACADEMIC MISCONDUCT

The procedure for dealing with academic misconduct and dishonesty is as follows:

- **First Offense**
Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.
- **Second Offense**
Student is given a grade of "WF" for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.
- **Third Offense**
Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

STATEMENT OF NON-DISCRIMINATION

The Technical College System of Georgia (TCSG) and its constituent Technical Colleges do not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, spouse of military member, or citizenship status (except in those special circumstances permitted or mandated by law). This nondiscrimination policy encompasses the operation of all technical college-administered programs, federally financed programs, educational programs and activities involving admissions, scholarships and loans, student life, and athletics. It also applies to the recruitment and employment of personnel and contracting for goods and services.

All work and campus environments shall be free from unlawful forms of discrimination, harassment and retaliation as outlined under Title IX of the Educational Amendments of 1972, Title VI and Title VII of the Civil Rights Act of 1964, as amended, the Age Discrimination in Employment Act of 1967, as amended, Executive Order 11246, as amended, the Vietnam Era Veterans Readjustment Act of 1974, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Americans With Disabilities Act of 1990, as amended, the Equal Pay Act, Lilly Ledbetter Fair Pay Act of 2009, the Georgia Fair Employment Act of 1978, as amended, the Immigration Reform and Control Act of 1986, the Genetic Information Nondiscrimination Act of 2008, the Workforce Investment Act of 1998 and other related mandates under TCSG Policy, federal or state statutes.

The Technical College System and Technical Colleges shall promote the realization of equal opportunity through a positive continuing program of specific practices designed to ensure the full realization of equal opportunity.

The following individuals have been designated to handle inquiries regarding the nondiscrimination policies:

ADA/Section 504 - Equity- Title IX (Students) - OCR Compliance Officer	Title VI - Title IX (Employees) - EEOC Officer
Helen Thomas, Special Needs Specialist Vidalia Campus 3001 East 1 st Street, Vidalia Office 108 Phone: 912-538-3126 Email: Helen Thomas hthomas@southeasterntech.edu	Lanie Jonas, Director of Human Resources Vidalia Campus 3001 East 1 st Street, Vidalia Office 138B Phone: 912-538-3230 Email: Lanie Jonas ljonas@southeasterntech.edu

ACCESSIBILITY STATEMENT

Southeastern Technical College is committed to making course content accessible to individuals to comply with the requirements of Section 508 of the Rehabilitation Act of Americans with Disabilities Act (ADA). If you find a problem that prevents access, please contact the course instructor.

GRIEVANCE PROCEDURES

Grievance procedures can be found in the Catalog and Handbook located on STC's website.

ACCESS TO TECHNOLOGY

Students can now access Blackboard, Remote Lab Access, Student Email, Library Databases (Galileo), and BannerWeb via the mySTC portal or by clicking the Current Students link on the [Southeastern Technical College \(STC\) Website \(www.southeasterntech.edu\)](http://www.southeasterntech.edu).

TECHNICAL COLLEGE SYSTEM OF GEORGIA (TCSG) GUARANTEE/WARRANTY STATEMENT

The Technical College System of Georgia guarantees employers that graduates of State Technical Colleges shall possess skills and knowledge as prescribed by State Curriculum Standards. Should any graduate employee within two years of graduation be deemed lacking in said skills, that student shall be retrained in any State Technical College at no charge for instructional costs to either the student or the employer.

GRADING POLICY

Assessment/Assignment	Percentage
Unit Exams (calculated based on average of 5 Unit Exams given)	75%
Final Exam (calculated based on average of 1 Final Exam given)	25%
Lab Skills Check-offs are a pass/fail for the following skills: Foley Catheter Insertion/Discontinuance, Head to Toe Physical Assessment and Manual Vital Signs (Blood Pressure, Pulse, and Respirations)	Pass/Fail: Maximum of 2 attempts per skill

GRADING SCALE

Letter Grade	Range
A	90-100
B	80-89
C	70-79
D	60-69
F	0-59

Competency Areas:

- 1.) Nursing as a Profession
- 2.) Ethics, Morals and Legal Implications
- 3.) Infection Control/Blood-borne/Airborne Pathogens
- 4.) Basic Emergency Care/First Aid and Triage
- 5.) Client Care

General Core Educational Competencies:

- a) The ability to utilize standard written English.
- b) The ability to solve practical mathematical problems.
- c) The ability to read, analyze, and interpret information.
