## **GENERAL EDUCATION CORE COMPETENCIES**

Southeastern Technical College has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

## **STUDENT REQUIREMENTS (ONLINE)**

Students are expected to complete all work required by the instructor and to attend the required proctored campus exam. Students will have at least one week to complete tests and assignments. All tests, excluding the final exam, and assignments are due at 11:55 pm on the due date listed in the course syllabus. Assignments have to be completed online in Blackboard. Please start early in the week just in case any technical issues come up as no late work is accepted.

Students are expected to prove weekly academic engagement by meeting assignment deadlines each week and spending a minimum of 3 hours during the semester doing the required homework, quizzes, and tests. Students are expected to communicate frequently through college email and discussion boards. College email (Office 365) is accessed at <https://portal.office.com>, under the mySTC tab on our webpage, under Quick links on our webpage, or in the menu of our Blackboard course. The Send Email link on the menu of our Blackboard course allows students to easily send an email to classmates or the instructor, but checking email must be done using Office 365.

### **ONLINE ATTENDANCE**

It is the student's responsibility to be academically engaged each week doing course related activities. The completion dates of these activities will be used to determine a student's last date of attendance in the event a student withdraws, stops attending, or receives an "F" (Failing 0-59) in a course.

Students will not be withdrawn by an instructor for attendance; however, all instructors will keep records of graded assignments and student participation in course activities. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Students will have at least one week to complete tests and assignments. All tests and assignments are due at 11:55pm on Monday of each week. Exceptions to the due dates of assignments due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

### **STUDENTS WITH DISABILITIES**

Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact the appropriate campus coordinator to request services

Swainsboro Campus: [Macy Gay \(mgay@southeasterntech.edu\)](mailto:mgay@southeasterntech.edu), 478-289-2274, Building 1, Room 1210

Vidalia Campus: [Helen Thomas \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126, Building A, Room 165

### **SPECIFIC ABSENCES**

Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

### **PREGNANCY**

Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please make arrangements with the appropriate campus coordinator.

**Swainsboro Campus:** [Macy Gay \(mgay@southeasterntech.edu\)](mailto:mgay@southeasterntech.edu), 478-289-2274, Building 1, Room 1210

**Vidalia Campus:** [Helen Thomas \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126, Building A, Room 165

It is strongly encouraged that requests for consideration be made **PRIOR** to delivery and early enough in the pregnancy to ensure that all the required documentation is secured before the absence occurs. Requests made after delivery **MAY NOT** be accommodated. The coordinator will contact your instructor to discuss accommodations when all required documentation has been received. The instructor will then discuss a plan with you to make up missed assignments.

### **WITHDRAWAL PROCEDURE**

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to

the 65% point of the term in which student is enrolled (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of “W” (Withdrawn) is assigned for the course(s) when the student completes the withdrawal form. Important – Student-initiated withdrawals are not allowed after the 65% point. After the 65% point of the term in which student is enrolled, the student has earned the right to a letter grade and will receive a grade for the course. Please note: Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of “F” (Failing 0-59) being assigned.

Informing your instructor that you will not return to his/her course, does not satisfy the approved withdrawal procedure outlined above.

There is no refund for partial reduction of hours. Withdrawals may affect students’ eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. A grade of “W” will count in attempted hour calculations for the purpose of Financial Aid.

### **Online Proctored Event Withdrawals**

Students who do not complete the proctored exam for an online class on the scheduled date and do not present a valid excuse within three business days of the scheduled event will be withdrawn from the course with a “WF” (Withdrawn Failing) and will be disabled in their online class. If the proctored event is scheduled during final exams, any student who misses the proctored exam will receive an “F” for the course.

### **PROCTORED EVENT REQUIREMENT**

In order to validate student identity for all online courses, students enrolled in online courses are **required** to complete one proctored event per online course. The proctored event will be administered on separate days—once on the Vidalia campus and once on the Swainsboro campus. Students must attend one of the proctored sessions as scheduled on the Lesson Plan/Course Calendar. The event will be monitored by the instructor or by an approved proctor. The proctored event may be a major exam, assignment, or presentation, etc. that will count a minimum of 20% of the course grade. Students must attend one of the scheduled proctored sessions and will need to make arrangements with work, childcare, etc. The specific dates of the proctored event are scheduled on the Lesson Plan/Calendar for the online course.

Students living farther than 75 miles from either campus who cannot come to Southeastern Tech for the event must secure an approved proctoring site. The site and the proctor must meet Southeastern Technical College's requirements (instructor will provide more information and necessary forms if this is the case). Note: Students taking proctored events off campus will utilize the Proctor Scheduling and Approval Form found in Blackboard within the Getting Started/Start Here and Proctoring Event area. The completed form should be submitted to the course instructor a minimum of two weeks prior to the proctored event. If approved, the instructor will notify the proctor.

Students arranging off-campus proctoring must take the event on one of the originally scheduled days. Students who do not complete the proctored event as scheduled must submit a valid documented excuse within three business days after the scheduled event. If the excuse is approved by the instructor of the course, students must make arrangements with the instructor to makeup/reschedule the missed event. The penalty and makeup instructions will be at the instructor’s discretion. Proctored events will be given after the 65% point of the semester. **Students who do not complete the proctored event on the scheduled date and do not present a valid documented excuse within three business days of the scheduled event will be withdrawn from the course with a “WF” (Withdrawn Failing). If the proctored event is scheduled during final exams, any student who misses the proctored event will be issued an “F” (Failing) for the course.**

## **PROCTORING FEES**

Students are not charged a proctoring fee when taking a proctored event at Southeastern Technical College or any other TCSG college. Students who choose to use an off-campus proctor may be assessed a proctoring fee by the proctoring site. In this instance, the student is responsible for payment.

**The required proctored event for this class is scheduled on the following dates and times:**

- Choice 1: Swainsboro Campus Session, Thursday, April 30, Room 6218, The Larry Butch Parrish Technology Center, 1:00-3:15.
- Choice 2: Vidalia Campus Session, Monday, May 4, Room 405, The Main Building, 1:00-3:15.

**Proctored Exam Day:** Students will sign-in and must have their picture id (driver's license or college id) checked. Students without proper identification will be dismissed and will not be considered present for the exam. Students may not use their cell phones, electronic devices, or internet capable devices on the exam. Students may use their own free-standing calculator and are not allowed to share calculators. Students may use their own notebooks as reference on the exam. In addition, before starting the exam, students may open the Web View of the Economics book in a new tab as reference for the exam. To do this, go to the chapter 1 folder and open the Web View of the Reading Material. It will open in a new tab and will provide a table of contents for the entire book. (New Instructions will be given if Respondus is required for the exam. It is a secure testing site.)

## **MAKEUP GUIDELINES (TESTS, QUIZZES, HOMEWORK, PROJECTS, ETC.)**

No make-up work is given in the course. All students are expected to complete their work on time and correctly to earn points. There will be no exception to this policy.

## **ACADEMIC DISHONESTY POLICY**

The Southeastern Technical College Academic Dishonesty Policy states that all forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the Southeastern Technical College Catalog and Handbook.

## **PROCEDURE FOR ACADEMIC MISCONDUCT**

The procedure for dealing with academic misconduct and dishonesty is as follows:

### **1. First Offense**

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

### **2. Second Offense**

Student is given a grade of "WF" (Withdrawn Failing) for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

### **3. Third Offense**

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

## STATEMENT OF NON-DISCRIMINATION

The Technical College System of Georgia (TCSG) and its constituent Technical Colleges do not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, spouse of military member, or citizenship status (except in those special circumstances permitted or mandated by law). This nondiscrimination policy encompasses the operation of all technical college-administered programs, federally financed programs, educational programs and activities involving admissions, scholarships and loans, student life, and athletics. It also applies to the recruitment and employment of personnel and contracting for goods and services.

All work and campus environments shall be free from unlawful forms of discrimination, harassment and retaliation as outlined under Title IX of the Educational Amendments of 1972, Title VI and Title VII of the Civil Rights Act of 1964, as amended, the Age Discrimination in Employment Act of 1967, as amended, Executive Order 11246, as amended, the Vietnam Era Veterans Readjustment Act of 1974, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Americans With Disabilities Act of 1990, as amended, the Equal Pay Act, Lilly Ledbetter Fair Pay Act of 2009, the Georgia Fair Employment Act of 1978, as amended, the Immigration Reform and Control Act of 1986, the Genetic Information Nondiscrimination Act of 2008, the Workforce Investment Act of 1998 and other related mandates under TCSG Policy, federal or state statutes.

The Technical College System and Technical Colleges shall promote the realization of equal opportunity through a positive continuing program of specific practices designed to ensure the full realization of equal opportunity.

The following individuals have been designated to handle inquiries regarding the nondiscrimination policies:

**COMPETENCY AREAS:**

1. Basic Economic Principles
2. Microeconomic Principles and Market Models
3. Macroeconomic Principles

**GENERAL CORE EDUCATIONAL COMPETENCIES**

- a) The ability to utilize standard written English.
- b) The ability to solve practical mathematical problems.
- c) The ability to read, analyze, and interpret information.

**GRADING ADDENDUM:**

**Final Exam:** The final exam will consist of one attempt, 120 minutes, and 50 multiple choice questions. The final exam is proctored. Please see the Proctored Event Requirement section of the syllabus and the lesson plan for the date, time, and location. Keep a well-organized notebook to bring with you to the proctored final exam.

**Quizzes:** All quizzes and the final exam will be multiple-choice questions. Each quiz will be 20 multiple-choice questions, of which, you will have 60 minutes to complete it. All quizzes must be completed by due date listed in the course schedule at 11:55 pm or you will receive a 0. No technological related excuses are accepted in the course for any reason; it is your responsibility to make sure that you complete all your work on time to get full points. You will get two attempts on each quiz, and I will take the highest score of those two attempts. You will get different questions, so make sure to review your answers to ensure that you can learn from your mistakes. You are not required to take both attempts, but it is a great way to learn and improve on the material.

When you are taking any assessment, any technological issue that does not allow you to complete the assessment will result in the grade you earned. This is the same policy that applies to all students, so do not email me any excuses to why you cannot complete the assessments. You will need to ensure that you have a secure internet connection and that you are active during the assessment as you need to click every minute. All students are held to the same policies in the course, so if you cannot finish the assessment for any reason, you will receive the score you earned at that point. No exceptions to this rule, so make sure to plan early and be careful when taking any assessment.

When you take your quiz, you have to complete it within the time period of when you started it. So, if you have 60 minutes to take a quiz and you start it at 1 pm, you will have to end it on the same day by 2 pm. You can leave and start it during that time period, but the clock will keep moving. Also, you only get ONE attempt on a single launch of a quiz, so when you start it, you have to complete it at that point.

### **DISCUSSION EXPECTATIONS AND REQUIREMENTS:**

You will be participating in discussion boards throughout the course. You will need to review the due dates to ensure that you are active during that week to do well. I am grading the quality of your initial post and two peer responses, which can be to any of the questions that I post as well.

**YOUR FIRST POST MUST BE BY THE FIRST THURSDAY at 11:55pm OF EACH MODULE OR YOU WILL LOSE 10 POINTS!!!!**

To do well, I will recommend that you write 3-4 paragraphs for your response to the discussion question and 1-2 paragraph response to your fellow classmates or my additional questions that I post. I also recommend that you are using economic terms in your evaluation and responses as this are a good way to achieve maximum points. Each post should be "value added." In other words, your posts should further the thread topics; show that you have learned something from our readings, or outside research; bring anecdotal, life experiences to the threaded issues; ask relevant and forward moving questions; or otherwise promote the course objectives for the week. Posts like "I agree," or "Great post" are nice, good-will posts--but do not count as a graded post.

**INITIAL POST (30 total points):** For each initial post, you need to evaluate/analyze the discussion question using appropriate economic terminology in your work in at least 3-4 paragraphs. It is important to make sure you are using proper sources and use of the economic terminology as this is what you are being graded on. When evaluating the discussion question, make sure that you are not summarizing the discussion question, but extending the analysis of the discussion question through the use of the terminology found in the text. You need to label your initial post as the following in the discussion thread with the following subject. LAST NAME. INITIAL POST. For example, BERGAN. INITIAL POST #1

**PEER RESPONSES (10 total points each, 20 total points):** You will be responding to 2 students or to any of my questions that I post. For each peer response, you need to respond with at least a one paragraph (at least 4 sentences) response doing the same routine as you did for the initial post. It is important to make sure that with your development with your peer response that you are extending your analysis.

Each post should be "value added." In other words, your posts should further the thread topics; show that you have learned something from our readings, or outside research; bring anecdotal, life experiences to the threaded issues; ask relevant and forward moving questions; or otherwise promote the course objectives for the week. Posts like "I agree," or "Great post" are nice, good-will posts--but do not count as a graded post.

**DISCUSSION EVALUATION / RUBRIC:** You will write an initial post (3-4 paragraph response) to the discussion forum and you will reply to two posts during the week. Those may be in reply to comments on your initial post or to other students. A response needs to have more depth than “I agree” or “you are wrong.” A peer response can be classified to any of the questions I post within the week, as well. Your grade will be determined by your overall involvement in the forum and will be made up of three elements.

Critical Elements	Distinguished (A)	Proficient (B)	Emerging (C)	Not Evident (F)	Percentage
Critical Thinking	You have a well-thought- out initial post and two peer responses and your first post is by Thursday	You have a well-thought-out initial post and at least one substantive response and first post by Thursday	You have a well-thought-out initial post and responded to one post and did not get first post by Thursday	You had no initial post and/or failed to respond to anyone	40
Application	Your posts showed you answered the question; you demonstrated that you understood the course concepts. You had application within your work and appropriate use of economic terms. Your length for your initial post and peer responses are the appropriate length.	Your posts showed you answered the question; you did not completely understand the course concepts, did not address all parts of the questions and use appropriate use of economic terms in your work. Your length for your peer responses and initial post should be longer to meet the requirements.	Your post showed you struggled to answer the question; you did not understand the course concepts and lacked application and depth of economic terms. Your length of your peer responses and initial post do not meet the standard.	Your posts did not answer the question.	40
Writing (Mechanics/Citations)	No errors related to organization, grammar and style, and citations. The use of APA formatting was correct for all work.	Minor errors related to organization, grammar and style, and citations. There were some errors with APA formatting.	Some errors related to organization, grammar and style, and citations. There were many errors with APA formatting.	Major errors related to organization, grammar and style, and citations. APA formatting was not present.	20

### **DISCUSSION BOARD GRADING:**

- First Post by Thursday of the first Module at 11:55pm, *10 points*
- Initial Post, 5 points for APA formatting, 10 points for content and development, 5 points for use of economic terms, *20 points*
- Peer Responses, 10 points each, *20 points total*
- TOTAL=50 points

### **IMPORTANT NOTES ON HOW TO DO WELL ON THE DISCUSSIONS**

1. Do you have 3-4 paragraphs for initial post?
2. Did you use economic terms from the Week?
3. Did you have at least 2 peer responses of at least one paragraph in length?
4. Did you label your post correctly?
5. Did you get your first post in by Thursday?
6. Did you add value in the discussion board with appropriate use of economic terms?

### **DISCLAIMER STATEMENTS**

- The instructor reserves the right to change the syllabus and/or lesson plan as necessary.
- The official copy of the syllabus is located inside the online Blackboard course shell or will be given to the student during face to face class time the first day of the semester. The syllabus displayed in advance of the semester, in a location other than the course a student is enrolled in, is for planning purposes only.
