PREREQUISITES: Applicants must be registered with the ARRT as a radiographer.

COREQUISITES: RADT 2520

GENERAL EDUCATION CORE COMPETENCIES:

STC has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS: Students are responsible for working on course material individually and are responsible for communicating questions of concern to the instructor in a timely manner. Students are expected to complete all assignments by the due dates.

Students are responsible for reading the syllabus/lesson plan and policies/procedures in the STC E-Catalog as well as the Online Course Orientation. All online students must post a pledge that they have read and understand the syllabus and STC Online Orientation policy within the first three days of class.

Students are responsible for checking emails and BlackBoard announcements daily. Students may use either Owl Mail or BlackBoard E-mail as a method of communication.

Students will be required to complete a total of 270 clinical hours, 100 documented mammograms, and various procedures as required by the ARRT to sit for the registry in Mammography. All documents are contained within the BlackBoard course created for RADT 2530. Students should submit weekly timesheets to the instructor for review, as well as a Clinical Evaluation at 70 hours logged, 140 hours logged, and at the end of the semester.

Clinical Schedule

The clinical schedule will be determined by the student and the clinical site where they are logging their clinical hours and procedures. This schedule should be submitted to the course instructor no later than the end of the first week of classes.

It is incumbent on the student to submit their schedule in a timely fashion as all of the clinical hours must be completed to receive credit for the course and to have the instructor sign off on their application for the ARRT examination.

Clinical Paperwork

Your clinical grade will be determined according to the following parameters:

Completion of 270 Clinical Hours	35%
Completion of all required exams/procedures	35%
3 Clinical Evaluations	20%
Discussion Board Postings	10%

Timesheets/Attendance

Timesheets may be printed from the coursework tab in the ANGEL course for RADT 2530. It is the students' responsibility to keep up with their timesheets. The timesheets are official records of attendance. **Attendance without a record does not exist.** All timesheets must be checked by the Program Faculty on a weekly basis. Any illegible record of time will not count. Students will not receive credit for clinical hours that are not recorded on the timesheet. Any falsification related to logged clinical hours will be viewed as an enormous ethical violation and no program faculty will sign off on the student's application to sit for the ARRT examination in Mammography. Additionally, the student will be given a failing grade for the course.

****Please note that none of the expenses related to the clinical courses will be refunded if the student is unable, unwilling, or ineligible from completing the clinical component of this course. ****

ONLINE ATTENDANCE: It is the student's responsibility to be academically engaged each week doing course related activities. The completion dates of these activities will be used to determine a student's last date of attendance in the event a student withdraws, stops attending, or receives an F in a course.

Students will not be withdrawn by an instructor for attendance; however, all instructors will keep records of graded assignments and student participation in course activities. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Students will have various assignments due throughout the semester. Please refer to your lesson schedule (located at the end of the syllabus) for specific due dates. Exceptions to the due dates of assignments due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

ONLINE ATTENDANCE ADDENDUM: For this course, attendance will be determined by submitting a weekly timesheet of logged clinical hours to the instructor. The course standards dictate that you log a minimum of 270 clinical hours. If you are found to be deficient in clinical hours or procedures, you will be given a grade commensurate with the number of hours logged and procedures performed.

SPECIAL NEEDS: Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact Helen Thomas, 912-538-3126, hthomas@southeasterntech.edu, to coordinate reasonable accommodations.

Specific Absences: Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY: Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please advise me and make appropriate arrangements with Helen Thomas, (912) 538-3126, hthomas@southeasterntech.edu.

WITHDRAWAL PROCEDURE: Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% portion of the semester (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" is assigned when the student completes the withdrawal form from the course.

Students who are dropped from courses due to attendance (see your course syllabus for attendance policy) after drop/add until the 65% point of the semester will receive a "W" for the course. Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of 'F' being assigned.

After the 65% portion of the semester, the student will receive a grade for the course. (Please note: A zero will be given for all missed assignments.)

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. All grades, including grades of 'W', will count in attempted hour calculations for the purpose of Financial Aid.

Remember - Informing your instructor that you will not return to his/her course does not satisfy the approved withdrawal procedure outlined above.

STATEMENT OF NON-DISCRIMINATION: Southeastern Technical College does not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, disabled veteran, veteran of Vietnam Era or citizenship status, (except in those special circumstances permitted or mandated by law). ACADEMIC DISHONESTY POLICY: The STC Academic Dishonesty Policy states All forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the STC Catalog and Student Handbook.

Procedure for Academic Misconduct

The procedure for dealing with academic misconduct and dishonesty is as follows:

--First Offense--

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

--Second Offense--

Student is given a grade of "WF" for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

--Third Offense--

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.
