

SUBJECT TO CHANGE 05/02/2017

	RNSG 2005 Mental Health Nursing COURSE SYLLABUS Summer Semester 2017
Semester: Summer 2017	Instructor: Donna Jean Braddy MSN, RN (Another ASN instructor may fill in and teach at any time)
Course Title: Mental Health Nursing	Office Hours: M,T,W,R: 7am-8:30am; 3:00-5pm
Course Number: RNSG 2005	Office Location: Gillis Building Room 732
Credit Hours/ Minutes: 3/3750 Didactic 1500 minutes (30 hours) Clinical 2250 minutes (37.5 hours)	Email Address: dbraddy@southeasterntech.edu
Class Location: 836	Phone: 912-538-3172
Class Meets: Monday and Tuesday from 9-11:30 beginning May 22, 2017 and ending July 11, 2016. Clinical rotations will begin June 2, 2017. Please see clinical schedule for specifications.	Fax Number: 912-538-3106
CRN: 60195	Tutoring Hours: please schedule an appointment

REQUIRED TEXT:

1. Videbeck, S. (2017). *Psychiatric-mental health nursing (7th ed.)*. Philadelphia, PA: Wolters Kluwer Health/Lippincott Williams & Wilkins

REQUIRED SUPPLIES & SOFTWARE: pen, pencil, paper, large 3 ring binder, highlighter, computer access, ear phones (for ATI skills Modules), large spiral notebook, calculator, 2 folders, and clinical supplies

COURSE DESCRIPTION: This course focuses on the care of clients experiencing mental disorders. Emphasis is placed on management of clients facing emotional and psychological stressors as well as promoting and maintaining the mental health of individuals and families. Concepts of crisis intervention, therapeutic communication, and coping skills are integrated throughout the course. The community as a site for care and support services is addressed. The role of the nurse as a provider will include: client-centered care; teamwork and collaboration; evidence-based practice; quality improvement; safety; informatics; professionalism; and leadership. Clinical experiences provide the student an opportunity to apply theoretical concepts and implement safe client care to clients experiencing mental disorders.

MAJOR COURSE OUTCOMES:

1. Describe the main theories of personality development.
2. Describe the role of the nurse client relationship
3. Identify current Social, Emotional, Legal, and Ethical Concerns related to Mental Health Nursing.
4. Apply knowledge of pharmacology, psychopathology, nutrition, and established evidence-based nursing practices in the provision of care for patients with common mental health disorders.

PREREQUISITE (S): RNSG 1005, RNSG 1018, RNSG 1020, RNSG 1030

COREQUISITE (S): RNSG 2000

OUTCOMES:

Describe the main theories of personality development.

Order	Description	Learning Domain	Level of Learning
1	Describe characteristics of mental health and mental illness	Cognitive	Understanding
2	Identify important historical landmarks in psychiatric care	Cognitive	Understanding
3	Explain the nurse's role in research and education of mental health disorders	Cognitive	Understanding
4	Discuss cultural considerations for the mental health client	Cognitive	Understanding
5	Describe the current neurobiologic research and theories that are the basis for current psychopharmacologic treatment of mental disorders	Cognitive	Understanding
6	Discuss the nurse's role in mental health education and neurobiologic theories	Cognitive	Understanding
7	Discuss treatment settings and therapeutic programs to people with mental illness	Cognitive	Understanding
8	Contrast different types of residential and community treatment settings and the services they provide	Cognitive	Analyzing

Describe the role of the nurse client relationship.

Order	Description	Learning Domain	Level of Learning
1	Discuss the components of a therapeutic relationship and establishment of therapeutic communication and relationships	Cognitive	Understanding
2	Compare and contrast barriers to effective therapeutic communication	Cognitive	Analyzing
3	Compare and contrast verbal and nonverbal communication	Cognitive	Analyzing
4	Discuss the cultural considerations of communication	Cognitive	Understanding
5	Communicate therapeutically with individual clients and families with mental health alterations	Psychomotor	Applying
6	Discuss factors that can affect the assessment of people with mental illness	Cognitive	Understanding

7	Discuss content of the mental health assessment	Cognitive	Understanding
8	Review assessment of suicide or harm toward others	Cognitive	Understanding

Identify current Social, Emotional, Legal, and Ethical Concerns related to Mental Health Nursing.

Order	Description	Learning Domain	Level of Learning
1	Discuss legal and ethical considerations and issues within mental health	Cognitive	Understanding
2	Contrast anger hostility and aggression	Cognitive	Analyzing
3	Describe signs, symptoms, behaviors, and specific psychotropic disorders associated with an increased risk for hostility and physical aggression in clients	Cognitive	Understanding
4	Discuss the characteristics, risk factors, and family dynamics of abusive and violent behavior	Cognitive	Understanding
5	Discuss child abuse, elder abuse, rape and sexual assault, and community violence	Cognitive	Understanding
6	Explain application of the nursing process in abuse and violence situations	Cognitive	Understanding
7	Describe the grieving process and application of the nursing process	Cognitive	Understanding
8	Recognize cultural considerations related to grief and loss	Cognitive	Remembering

Apply knowledge of pharmacology, psychopathology, nutrition, and established evidence-based nursing practices in the provision of care for patients with common mental health disorders.

Order	Description	Learning Domain	Level of Learning
1	Describe anxiety as a response to stress	Cognitive	Understanding
2	Apply the nursing process to the care of clients with anxiety and anxiety disorders, stress related illnesses, schizophrenia, mood disorders, personality disorders, substance abuse, eating disorders, somatoform disorders, and cognitive disorders	Cognitive	Applying
3	Utilize therapeutic communication and cultural sensitivity in working with clients and families with needs related to anxiety and anxiety disorders, stress related illnesses, schizophrenia, mood disorders, personality disorders, substance abuse, eating disorders, somatoform disorders, and cognitive disorders	Cognitive	Applying
4	Examine types, onset, and clinical course of substance abuse	Cognitive	Analyzing
5	Provide education to clients, families, and community members to increase their knowledge and understanding of anxiety and anxiety disorders, stress related illnesses, schizophrenia, mood disorders, personality disorders, substance abuse, eating disorders, somatoform disorders, and cognitive disorders	Psychomotor	Set
6	Discuss the role of the caregiver for clients with anxiety	Cognitive	Understanding

	and anxiety disorders, stress related illnesses, schizophrenia, mood disorders, personality disorders, substance abuse, eating disorders, somatoform disorders, and cognitive disorders		
7	Discuss autistic disorder, attention deficit hyperactivity disorder, and conduct disorder	Cognitive	Understanding
8	Apply the nursing process to the care of clients with autistic disorder, attention deficit hyperactivity disorder, and conduct disorder	Cognitive	Applying

GENERAL EDUCATION CORE COMPETENCIES: STC has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS: Students are expected to complete all exams and daily assignments. **A unit exam average of 70% or above must be obtained in order to take the final exam.** An **average grade of 70% between unit exams and the final** must be obtained in order to advance to the clinical setting.

For example, if the unit exam average is 72.5 and accounts for 60% of the course grade and the final exam grade is 65.6 and accounts 20% for the course grade, the average before progressing to clinical will be calculated as follows:

Unit Exam Average: $72.5 \times .60 = 43.5$

Final Exam Grade: $65.5 \times .20 = 13.1$.

Average grade for progression to clinical: $43.5 + 13.1 = 56.6$

$56.6 / 80 = 70.7$ average grade and student will be allowed to progress to the clinical portion of the course.

A final clinical average grade of at least 70% must be obtained in order to pass the course.

A final cumulative average of at least 70% must be obtained in order to progress to future nursing courses.

No assignment opportunities will be given for extra credit. Any unit exam grade will be entered as is to the nearest 10th. No scores will be rounded (up or down). *For example: exam has 60 questions and each question will be worth 1.66 pts. The student misses 7 questions $7 \times 1.66 = 11.62$. Grade will be recorded as $100 - 11.62 = 88.38$. This rule applies to every grade issued during this semester. All final averages will be recorded as is (ie a 69.9 is a 69.9).*

During an examination, students are required to place all textbooks and personal property on the floor in the front of the classroom as directed by the instructor. Students may be separated in different classrooms, assigned different seats, and/or provided desk dividers during testing as informed by the instructor. No talking is allowed once the exam begins. Once the exam begins, students will not be allowed to exit the classroom until the exam is completed and/or turned into the instructor. Smart watches, cell phones, or any other electronic devices will not allowed during exams. Students found with electronic/communication devices during the exam will be considered cheating; which will result in a zero

for the exam. All exams are timed with students receiving one minute to answer each examination question. An additional minute will be added per calculation exam question.

Students must make a **100% on a calculation exam before attending clinical**. Students may take the drug calculation exam a maximum of **THREE** attempts. Each attempt will be a different but similar version. Time for remediation will be allowed between attempts. For this exam, students will be allowed 3 minutes per question.

EXAMS: Students will be provided time to look at their exam score in class and a general discussion may occur; however, due to time constraints students are encouraged to schedule an appointment with their instructor or another ASN faculty member to view and get further explanation on the missed concepts.

In addition, if a student believes a test question needs to be challenged, the student must email their instructor the rationale for consideration. This request must be received via email within 24 hours of the examination. No verbal or text message requests will be granted. The test question and rationale will go before a panel of nursing faculty for decision.

ATI ACTIVITIES: All ATI activities must be completed as outlined on ATI rubric. Failure to do so will result in zero points for the missed activity. No points will be awarded if the activity is not completed on time or the benchmark (most are 85% or Satisfactory) is not met. ATI assignments will be checked at **7:00 am** on the morning the assignment is due. If assignment is not satisfactorily completed by this time it will be considered incomplete and points will not be awarded.

TICKET TO CLASS: Assignments *may* be given as homework which will serve as the student's ticket into class. The student will not be allowed in class if they fail to complete the ticket to class assignment. This will count as an absence and the student will not be allowed to return to class until the assignment is completed in its entirety.

ATTENDANCE GUIDELINES: Class attendance is a very important aspect of a student's success. Being absent from class prevents students from receiving the full benefit of a course and also interrupts the learning process. Southeastern Technical College considers both tardiness and leaving early as types of absenteeism. Responsibility for class attendance rests with the student. Regular and punctual attendance at all scheduled classes is required for student success. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Instructors have the right to give unannounced quizzes/assignments. Students who miss an unannounced quiz or assignment will receive a grade of 0. Students who stop attending class, but do not formally withdraw, may receive a grade of F and face financial aid repercussions in upcoming semesters.

ADDITIONAL ATTENDANCE PROVISIONS

Health Sciences

Requirements for instructional hours within Health Science programs reflect the rules of respective licensure boards and/or accrediting agencies. Therefore, these programs have stringent attendance policies. Each program's attendance policy is published in the program's handbook and/or syllabus which specify the number of allowable absences. All provisions for required make-up work in the classroom or clinical experiences are at the discretion of the instructor.

Attendance is counted from the first scheduled class meeting of each semester. To receive credit for a course a student must attend at least 90% of the scheduled instructional time. Time and/or work missed due to tardiness or absences must be made up at the convenience of the instructor. Any student attending less than the required scheduled instructional time (90%) may be dropped from the course as stated below in the Withdrawal Procedure.

Tardy means arriving after the scheduled time for instruction to begin. Early departure means leaving before the end of the scheduled time. Three (3) tardies or early departures equal one (1) absence for the course. A tardy will be issued if a student has missed less than 20% of instructional class time. An automatic absence will be issued if the student misses greater than 20% of instructional class time. This averages out to 10 minutes per hour. For example, a class that meets from 9:00-11:30 will be considered absent if he/she is not in class by 9:30.

The didactic portion of the class will meet for 30 hours. A student is allowed to miss a maximum of 3 hours. Students missing more than 3 hours will be dropped for exceeding the attendance procedure. The 37.5 clinical hours are non-negotiable; missed clinical hours must be made up at the discretion of the instructor.

The clinical portion of this course requires 37.5 clinical hours (2250 minutes) during the semester. A student is allowed to miss a **maximum** of 1 one clinical day. **A clinical absence will require a makeup day and must be made up prior to beginning the next nursing course.** An excuse from a physician must be presented to the instructor. Students missing more than 1 day will be dropped for exceeding the attendance policy. Students that do not make up all clinical time missed will be issued a final clinical grade of "F". The date and site for makeup time will be specified by the instructor and are non-negotiable. See Clinical Rules for further attendance policies.

SPECIAL NEEDS: Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact Helen Thomas, 912-538-3126, hthomas@southeasterntech.edu, to coordinate reasonable accommodations.

SPECIFIC ABSENCES: Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY: Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please advise me and make appropriate arrangements with Helen Thomas, (912) 538-3126, hthomas@southeasterntech.edu.

WITHDRAWAL PROCEDURE: Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% portion of the semester (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" is assigned when the student completes the withdrawal form from the course.

Students who are dropped from courses due to attendance (see your course syllabus for attendance policy) after drop/add until the 65% point of the semester will receive a "W" for the course. Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of 'F' being assigned.

After the 65% portion of the semester, the student will receive a grade for the course. (Please note: A zero will be given for all missed assignments.)

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. All grades, including grades of 'W', will count in attempted hour calculations for the purpose of Financial Aid.

Remember - Informing your instructor that you will not return to his/her course does not satisfy the approved withdrawal procedure outlined above.

MAKEUP GUIDELINES (Tests, quizzes, homework, projects, etc...): A student will only be allowed to make-up one unit exam which will be given at the discretion of the instructor. **A physician's excuse/appropriate documentation will be required for the student to be eligible to take a make-up exam. A 10 point deduction will be issued if the student misses a unit exam due to an unexcused absence.** A grade of "0" will be given to all subsequent unit exams missed. The make-up exam may or may not be the same as the original exam. It may also be a different test format. If a student misses the final exam and has already used their ONE time make-up, the student will NOT be allowed to make-up the final exam; which will result in a zero for the final exam.

STRATEGIC REMEDIATION PLAN: Our purpose is to educate safe entry level health care professionals. At times, this may mean there are areas that must be improved upon. The Strategic Remediation Plan for Success documents deficiencies and provides a means for improvement. A remediation plan should be initiated for the following reasons:

- ❖ If the student has a cumulative unit exam average of $\leq 70\%$ after the completion of 25% of the unit exams or skills deficiency, the faculty will initiate individual counseling session and complete Academic Deficiency Notice/Strategic Remediation Plan for Success.
- ❖ If the student has a cumulative unit exam average of $\leq 70\%$ after the completion of 50 % of the unit exams or skills deficiency, the faculty will initiate individual counseling session, as well as review and update Academic Deficiency Notice/Strategic Remediation Plan for Success and submit an Early Alert.

ACADEMIC DISHONESTY PROCEDURE: The STC Academic Dishonesty Procedure states *All forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline.* The procedure can also be found in the *STC Catalog and Student Handbook.*

Procedure for Academic Misconduct

The procedure for dealing with academic misconduct and dishonesty is as follows:

--First Offense--

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

--Second Offense--

Student is given a grade of "WF" for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

--Third Offense--

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

STATEMENT OF NON-DISCRIMINATION: The Technical College System of Georgia and its constituent Technical Colleges do not discriminate on the basis of race, color, creed, national or ethnic origin, sex, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, spouse of military member or citizenship status (except in those special circumstances permitted or mandated by law). This school is in compliance with Title VI of the Civil Rights Act of 1964,

which prohibits discrimination on the basis of race, color, or national origin; with the provisions of Title IX of the Educational Amendments of 1972, which prohibits discrimination on the basis of gender; with the provisions of Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap; and with the American with Disabilities Act (ADA).

The following individuals have been designated to handle inquiries regarding the nondiscrimination policies:

ADA/Section 504 - Equity- Title IX (Students) - OCR Compliance Officer	Title VI - Title IX (Employees) - EEOC Officer
Helen Thomas, Special Needs Specialist Vidalia Campus 3001 East 1 st Street, Vidalia Office 108 Phone: 912-538-3126 hthomas@southeasterntech.edu	Blythe Wilcox, Director of Human Resources Vidalia Campus 3001 East 1 st Street, Vidalia Office 138B Phone: 912-538-3147 bwilcox@southeasterntech.edu

GRIEVANCE PROCEDURES: Grievance procedures can be found in the e-Catalog and Handbook located on STC’s website.

ACCESS TO TECHNOLOGY: Students can now access Blackboard, Remote Lab Access, Student Email, Library Databases (Galileo), and BannerWeb via the mySTC portal or by clicking the Current Students link on the STC website at www.southeasterntech.edu.

TCSG GUARANTEE/WARRANTY STATEMENT: The Technical College System of Georgia guarantees employers that graduates of State Technical Colleges shall possess skills and knowledge as prescribed by State Curriculum Standards. Should any graduate employee within two years of graduation be deemed lacking in said skills, that student shall be retrained in any State Technical College at no charge for instructional costs to either the student or the employer.

Grading Scale	Grading Procedure
A: 90-100 B: 80-89 C: 70-79 D: 60-69 F: 0-59	Unit Exam 50% Final Exam 25% ATI Activities 5% (as outlined on RNSG 2005 ATI Activities Rubric) Clinical 20% (as outlined on RNSG 2005 Clinical Grading Rubric) 100% Drug Calculation PASS/FAIL

Each student’s final course grade will be determined as follows:

Unit exam grade x 0.50 = _____

Final exam grade x 0.25 = + _____

ATI Activities x 0.05 = + _____

Clinical x 0.20 = + _____

Numerical course grade = _____

Course Description- RNSG 2005 Mental Health Nursing

Summer Semester 2017 Lesson Schedule

***This lesson plan is subject to change if necessary at the instructor's discretion.
 ****Clinical Schedule will be combined with the schedule for RNSG 2000

Date	Chap / Lesson	Content	Assignments & Tests Due	* Area ** Core
5/22	Intro	Intro to the course. Review syllabus and lesson plan	Read assigned chapters	*1 **1-3
