RNSG 2030B Trends & Issues in Nursing and Healthcare

COURSE SYLLABUS Summer 2018

COURSE INFORMATION

Credit Hours/Minutes: 2/1500

Campus/Class Location: Swainsboro Campus Building 8 Room 8111

Class Meets: Tuesdays from 9:00 am-12:30 pm

Course Reference Number (CRN): 60195

INSTRUCTOR CONTACT INFORMATION

Instructor Name: Beth Hendrix, Master of Public Health (MPH), Master of Science in Nursing (MSN), Registered Nurse (RN)

Campus/Office Location: Swainsboro Campus Building 8 Room 8121

Office Hours: Wednesdays from 9:00 am-11:00am & 1:00 pm-4:00 pm

Email: [Beth Hendrix \(mailto:bhendrix@southeasterntech.edu\)](mailto:bhendrix@southeasterntech.edu)

Phone: 478-289-2284

Fax Number: 478-289-2336

Tutoring Hours: Please schedule an appointment

Instructor Name: Shannon Veal, Master of Science in Nursing (MSN), Registered Nurse (RN)

Campus/Office Location: Building 8 Room 8119

Office Hours: Wednesdays from 9:00 am-11:00am & 1:00 pm-4:00 pm

Email: [Shannon Veal \(mailto:sveal@southeasterntech.edu\)](mailto:sveal@southeasterntech.edu)

Phone: 478-289-2333

Fax Number: 478-289-2336

Tutoring Hours: Please schedule an appointment

SOUTHEASTERN TECHNICAL COLLEGE'S (STC) CATALOG AND STUDENT HANDBOOK

Students are responsible for all policies and procedures and all other information included in Southeastern Technical College's [Catalog and Student Handbook \(http://www.southeasterntech.edu/student-affairs/catalog-handbook.php\)](http://www.southeasterntech.edu/student-affairs/catalog-handbook.php).

REQUIRED TEXT

1. Ellis, J., & Hartley, C. (2012). *Nursing in today's world: Trends, issues, and management (10th ed.)*. Philadelphia, PA: Wolters Kluwer Health/Lippincott Williams & Wilkins.
2. ATI (Assessment Technologies Institute) Testing Web Service

REQUIRED SUPPLIES & SOFTWARE:

Pen, pencil, paper, large 3 ring binder, highlighter, computer access, ear phones (for ATI skills modules), and large

Subject to change

spiral notebook

Students should not share login credentials with others and should change passwords periodically to maintain security.

COURSE DESCRIPTION

This non-clinical course facilitates the transition of the student to the role of a professional nurse in the microsystem of a work unit. Emphasis is placed on contemporary issues, work ethics, and management concepts, as well as developing the skills of delegation, conflict management, and leadership. Legal and ethical issues are discussed with a focus on personal accountability and responsibility. Standards of practice and the significance of functioning according to state regulations and statutes are analyzed.

MAJOR COURSE COMPETENCIES

Upon completion of the course, the student will be able to:

1. Examine the organizational structure of a macrosystem, its governance structure, potential impact on the role of the nurse, and provision of healthcare within the microsystem of a work unit.
2. Analyze selected leadership styles and theories and their effect on the management of employees.
3. Integrate principles of group process and teamwork into the operation of the inter-professional healthcare team.
4. Apply leadership skills and empowerment strategies when managing the care of clients, families, and groups.
5. Apply ethical decision making when managing the care of clients, families, and groups.
6. Delegate tasks within the legal parameters of that entity's scope and practice, ensuring safe, quality client-centered care.
7. Act as an advocate for clients, families, and groups regarding healthcare and health-related decisions.
8. Use informatics to manage client care, support clinical judgments, mitigate error, and communicate relevant client information with members of the healthcare team.
9. Manage the care of clients, families, groups, communities, and populations while adhering to ethical, legal, and professional standards and maintaining accountability and responsibility for care provided.
10. Evaluate the effectiveness of quality improvement strategies using client outcome data to improve health care services.
11. Analyze personal career goals and additional education or certification needed to achieve these goals.

PREREQUISITE(S)

Program Admission, RNSG 1018B, 1019B, 1020B, 1030B, 2000B, 2005B

COREQUISITE(S)

RNSG 2020B

CONTENT/UNIT OUTCOMES

Organizational Structure and Governance

Unit Outcomes	Learning Domain	Level of Learning
1. Examine the mission statement and related philosophy and goals of an institution.	Cognitive	Analyzing

Subject to change

Unit Outcomes	Learning Domain	Level of Learning
2. Compare and contrast various levels of management.	Cognitive	Analyzing
3. Investigate the role of the stakeholders of an organization.	Cognitive	Analyzing

Leadership and Management

Unit Outcomes	Learning Domain	Level of Learning
1. Compare and contrast the concepts of management and leadership.	Cognitive	Analyzing
2. Analyze selected leadership theories and their perspective of the employer and employee.	Cognitive	Analyzing
3. Analyze selected leadership styles and the subsequent role of the manager.	Cognitive	Analyzing
4. Discuss the role and function of management within health care organizations.	Cognitive	Understanding

Delegation and Supervision

Unit Outcomes	Learning Domain	Level of Learning
1. Differentiate between decision making, problem solving, and clinical judgment.	Cognitive	Analyzing
2. Examine the process and implications of planned and unplanned change on staff and institutional integrity.	Cognitive	Analyzing
3. Evaluate the use of time management skills when providing, managing, and researching client care based on best practices.	Cognitive	Evaluating
4. Apply the rights of delegation in relation to appropriately delegating tasks to licensed and unlicensed personnel.	Cognitive	Applying
5. Compare the scope of practice of licensed and unlicensed personnel that make up the health care team.	Cognitive	Analyzing
6. Investigate the concepts of accountability and responsibility of the professional nurse in relation to delegated assignments and delegated tasks.	Cognitive	Analyzing
7. Analyze various conflict management/resolution strategies and their use in resolving intra/interpersonal conflict.	Cognitive	Analyzing
8. Examine the use of assertive and other communication skills during the process of conflict resolution and negotiation.	Cognitive	Analyzing

Teamwork

Unit Outcomes	Learning Domain	Level of Learning
1. Compare and contrast various methods of organizing human resources for the provision of client care.	Cognitive	Analyzing
2. Analyze team building strategies that can be used to enhance collaboration and cooperation between team members.	Cognitive	Analyzing
3. Examine various types of conflict and conflict management	Cognitive	Analyzing

Subject to change

Unit Outcomes	Learning Domain	Level of Learning
strategies.		

Quality Improvement

Unit Outcomes	Learning Domain	Level of Learning
1. Analyze the concept of quality improvement in relation to the provision of safe, high quality client care.	Cognitive	Analyzing
2. Investigate the role of quality improvement in relation to external constituents (Joint Commission, Prospective Payment Systems, and Professional Standards Review Organizations).	Cognitive	Analyzing
3. Ascertain the role of the nurse in the quality improvement process.	Cognitive	Analyzing
4. Compare Institute of Medicine (IOM) Competencies, American Association of Colleges for Nursing (AACN) Essentials, and Quality and Safety Education for Nurses (QSEN) Competencies in improving the quality of health care.	Cognitive	Analyzing

Legal Issues

Unit Outcomes	Learning Domain	Level of Learning
1. Evaluate the role of the nurse in relation to ensuring informed decision making by the client regarding advance directives, procedural consent, and other legal issues.	Cognitive	Evaluating
2. Justify the importance of maintaining HIPAA and the Privacy Acts' regulations related to confidentiality in all oral, written, and electronic communications.	Cognitive	Evaluating
3. Integrate ANA's Standards of Practice and state mandated scope of practice directives into client care provided either directly or indirectly.	Cognitive	Applying
4. Analyze the relationship between policies, procedures, and standards set by an institution.	Cognitive	Analyzing
5. Analyze the nurse's role in ensuring the provision of safe client care that meets institutional and professional standards.	Cognitive	Analyzing
6. Review organizational resources available and proper solicitation of these resources when issues related to safe, ethical, and legal nursing practice arise.	Cognitive	Understanding
7. Examine the elements of liability necessary to prove negligence.	Cognitive	Analyzing
8. Determine the responsibility of the nurse in relation to mandatory reporting.	Cognitive	Evaluating
9. Evaluate the sources of laws and consequence for violation.	Cognitive	Evaluating
10. Report unsafe practice of health care personnel and interventions as appropriate.	Cognitive	Applying
11. Integrate knowledge of advance directives into client care.	Cognitive	Applying

Subject to change

Ethical Issues

Unit Outcomes	Learning Domain	Level of Learning
1. Integrate Code of Ethics into client care provided either directly or indirectly.	Cognitive	Applying
2. Analyze the relationship between advocacy and client rights.	Cognitive	Analyzing
3. Analyze ethical principles.	Cognitive	Analyzing
4. Evaluate steps in the ethical decision making process.	Cognitive	Evaluating

Personal Development

Unit Outcomes	Learning Domain	Level of Learning
1. Analyze personal career goals and additional education or certification needed to achieve these goals.	Cognitive	Analyzing
2. Examine the path nurses take when transitioning from a novice nurse to an expert nurse.	Cognitive	Analyzing
3. Appreciate the role that preceptors and mentors have in assisting new graduates in becoming competent in their practice and socialized into their new role.	Affective	Valuing
4. Discuss how lifelong learning is necessary to maintain practice that is current and protects the welfare of clients.	Cognitive	Understanding
5. Analyze the various causes of occupational stress in nursing and personal strategies that can be used to minimize its effects.	Cognitive	Analyzing
6. Evaluate burnout and measures that can be taken to reduce the likelihood of its development.	Cognitive	Evaluating
7. Analyze current trends in the employment of nurses.	Cognitive	Analyzing
8. Discuss continuing education requirements of the registered nurse.	Cognitive	Understanding
9. Create a resume' and cover letter.	Cognitive	Creating
10. Participate in a mock interview.	Psychomotor	Demonstration

Informatics

Unit Outcomes	Learning Domain	Level of Learning
1. Analyze the integral role that health care informatics plays in delivering safe, quality client care.	Cognitive	Analyzing
2. Investigate strategies for transforming information into practice.	Cognitive	Analyzing
3. Examine databases that provide evidence based information for health care providers and their clients.	Cognitive	Analyzing
4. Ascertain methods for validating that information found on the Internet is accurate, reliable, and free from error.	Cognitive	Analyzing

GENERAL EDUCATION CORE COMPETENCIES

Southeastern Technical College has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.

Subject to change

3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS

Students are expected to complete all exams and daily assignments. A unit exam average of 70% or above must be obtained in order to take the final exam.

No assignment opportunities will be given for extra credit. Any unit exam grade will be entered as is to the nearest 10th. No scores will be rounded (up or down). *For example: exam has 60 questions and each question will be worth 1.66 pts. The student misses 7 questions $1.66 \times 7 = 11.62$. $100 - 11.62 = 88.38$. Grade will be recorded as 88.3.* This rule applies to every grade issued during this semester. All final averages will be recorded as is (ie a 69.9 is a 69.9).

During an examination, students are required to place all textbooks and personal property on the floor in the front of the classroom as directed by the instructor. Students may be separated in different classrooms, assigned different seats, and/or provided desk dividers during testing as informed by the instructor. No talking is allowed once the exam begins. Once the exam begins, students will not be allowed to exit the classroom until the exam is completed and/or turned into the instructor. Smart watches, cell phones, or any other electronic devices will not be allowed during exams. Students found with electronic/communication devices during the exam will be considered cheating; which will result in a zero for the exam. All exams are timed with students receiving one minute to answer each examination question.

EXAMS

If a student shows up late for class on a test date, the student will not be allowed to take the exam once the faculty has shut the door. The student will have to make up the test and this will be counted as their opportunity for a make-up exam. Students may be provided time to look at their exam score in class and a general discussion may occur; however, due to time constraints, students are encouraged to schedule an appointment with their instructor or another ASN faculty member to view and get further explanation on the missed concepts. In addition, if a student believes a test question needs to be challenged, the student must email their instructor the rationale for consideration. This request must be received via email within 24 hours of the examination. No verbal or text message requests will be granted. The test question and rationale will go before a panel of nursing faculty for decision.

ATI ACTIVITIES

All ATI activities must be completed as outlined on ATI rubric. Failure to do so will result in zero points for the missed activity. No points will be awarded if the activity is not completed on time or the benchmark (most are 85% or Satisfactory) is not met. ATI assignments will be checked at 0700 on the morning the assignment is due. If assignment is not satisfactorily completed by this time it will be considered incomplete and points will not be awarded.

All ATI Capstone activities must be completed as outlined on ATI Capstone Content Review Policy and Calendar Packet. Points are awarded according to the Points for ATI Capstone Grading Rubric.

TICKET TO CLASS

Assignments may be given as homework which will serve as the student's ticket into class. The student will not be allowed in class if they fail to complete the ticket to class assignment. This will count as an absence and the student will not be allowed to return to class until the assignment is completed in its entirety. Students may be required to wait until the class takes a break before they are allowed to enter as not to interrupt class.

Subject to change

SELF-ASSESSMENT JOURNAL-LIFELONG LEARNING ASSESSMENT

As part of your curriculum and in accordance with the Georgia Nursing Board Rule 410.-8-.04, you are required to keep a journal of your experiences during all didactic and clinical courses; you will continue to make entries until you graduate. By doing so, it is hoped that the entries made in this journal will provide insight into your strengths and weaknesses and assist in your learning experience. The purpose of the journal is to give you a written record of your experiences and professional and personal growth as a nursing student to a registered nurse.

This self-assessment should help you in determining what you may need to focus on improving, while allowing you to gain a sense of accomplishment at tasks well-done. Re-reading of your journal at intervals during your education should reveal the depth of knowledge you have gained and allow you to see the development of the clinical skills and critical thinking skills required to be an outstanding registered nurse, as well as successful member of the workforce.

Each week, you will be required to submit an entry. You will be provided certain topics about the week and may include feelings about the week's experiences. Your instructors will read your journal! It would be prudent to omit non-constructive personal comments about your instructors or classmates. If there is an issue with a course, clinical, instructor, classmate, etc., the student should discuss these issues with the program director and follow protocol for grievances.

The journal will be in an online format through Blackboard. The journals will be due, as outlined in your course syllabi, every Monday by midnight. The journal will be linked to the following courses: RNSG 1019B, 1020B, 2000B and 2020B. A point per week deduction for not submitting your journal by the date/time due will result in points being taken off your **FINAL AVERAGE**. For example, there will be 10 journal entries due for Summer Semester. If no journal entries were completed, then 10 points will be deducted from your **FINAL AVERAGE**.

ATTENDANCE GUIDELINES

Class attendance is a very important aspect of a student's success. Being absent from class prevents students from receiving the full benefit of a course and interrupts the learning process. Southeastern Technical College considers both tardiness and leaving early as types of absenteeism. Responsibility for class attendance rests with the student. Regular and punctual attendance at all scheduled classes is required for student success. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Instructors have the right to give unannounced quizzes/assignments. Students who miss an unannounced quiz or assignment will receive a grade of 0. Students who stop attending class, but do not formally withdraw, may receive a grade of F and face financial aid repercussions in upcoming semesters.

Instructors are responsible for determining whether missed work may be made up and the content and dates for makeup work is at the discretion of the instructor.

ADDITIONAL ATTENDANCE PROVISIONS

Requirements for instructional hours within Health Science programs reflect the rules of respective licensure boards and/or accrediting agencies. Therefore, these programs have stringent attendance policies. Each program's attendance policy is published in the program's handbook and/or syllabus which specify the number of allowable absences. All provisions for required make-up work in the classroom or clinical experiences are at the discretion of the instructor.

Attendance is counted from the first scheduled class meeting of each semester. To receive credit for a course a student must attend at least 90% of the scheduled instructional time. All work missed due to tardiness or

Subject to change

absences must be made up at the convenience of the instructor. Any student attending less than the required scheduled instructional time (90%) may be dropped from the course as stated below in the Withdrawal Procedure.

Tardy means arriving after the scheduled time for instruction to begin. Early departure means leaving before the end of the scheduled time. Three (3) tardies or early departures equal one (1) absence for the course. A tardy will be issued if a student has missed less than 20% of instructional class time. An automatic absence will be issued if the student misses greater than 20% of instructional class time. This averages out to 10 minutes per hour. For example, a class that meets from 9:00-11:30 will be considered absent if he/she is not in class by 9:30.

This class will meet for 30 hours. **For this class, which meets 1 day a week for 9 weeks, the maximum number of days a student may miss is 3 hours during the semester. Students missing more than 3 hours will be dropped for exceeding the attendance procedure.**

SPECIAL NEEDS

Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact [Helen Thomas \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126, to coordinate reasonable accommodations.

SPECIFIC ABSENCES

Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY

Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please advise me and make appropriate arrangements with [Helen Thomas \(hthomas@southeasterntech.edu\)](mailto:hthomas@southeasterntech.edu), 912-538-3126.

WITHDRAWAL PROCEDURE

Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% portion of the semester (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" (Withdrawn) is assigned when the student completes the withdrawal form from the course.

Students who are dropped from courses due to attendance (see your course syllabus for attendance policy) after drop/add until the 65% point of the semester will receive a "W" for the course. Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of "F" being assigned.

After the 65% portion of the semester, the student will receive a grade for the course. (Please note: A zero will be given for all missed assignments.)

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. All grades, including grades of 'W', will count in attempted hour calculations for the purpose of Financial Aid.

Remember - Informing your instructor that you will not return to his/her course does not satisfy the approved

Subject to change

withdrawal procedure outlined above.

WORK ETHICS

The Technical College System of Georgia instructs and evaluates students on work ethics in all programs of study. Ten work ethics traits have been identified and defined as essential for student success: appearance, attendance, attitude, character, communication, cooperation, organizational skills, productivity, respect, and teamwork. Students will be required to take a work ethics exam as marked in the lesson plan. A grade of 70 or better is required to complete the work ethics requirements for this class.

Work Ethics Assignment as outlined in Work Ethic Packet: (Due as outlined on lesson plan)

MAKEUP GUIDELINES (TESTS, QUIZZES, HOMEWORK, PROJECTS, ETC.)

A student will only be allowed to make-up one unit exam, which will be given at the discretion of the instructor. A physician's excuse/appropriate documentation may be required for the student to be eligible to take a make-up exam. A 10 point deduction may be issued if the student misses a unit exam and fails to provide appropriate documentation. A grade of "0" will be given to all subsequent unit exams missed. The make-up exam may or may not be the same as the original exam. It may also be a different test format. If a student misses the final exam and has already used their ONE time make-up, the student will NOT be allowed to make-up the final exam; which will result in a zero for the final exam.

STUDENT SUCCESS PLAN (SSP)

Our purpose is to educate safe entry-level health care professionals. At times, this may mean there are areas that must be improved upon. The SSP documents deficiencies and provides a means for improvement. A SSP should be initiated for the following reasons

If the student has a cumulative unit exam average of < 70% after the completion of 25% of the unit exams or skills deficiency, the faculty will initiate individual counseling session and complete a SSP.

If the student has a cumulative unit exam average of < 70% after the completion of 50% of the unit exams or skills deficiency, the faculty will initiate individual counseling session, as well as review and update the SSP and submit an Early Alert via TEAMS.

ACADEMIC DISHONESTY POLICY

The Southeastern Technical College Academic Dishonesty Policy states that all forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline. The policy can also be found in the Southeastern Technical College Catalog and Student Handbook.

PROCEDURE FOR ACADEMIC MISCONDUCT

The procedure for dealing with academic misconduct and dishonesty is as follows:

1. First Offense

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

2. Second Offense

Student is given a grade of "WF" (Withdrawn Failing) for the course in which offense occurs. The

Subject to change

instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

3. Third Offense

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of third offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

STATEMENT OF NON-DISCRIMINATION

The Technical College System of Georgia and its constituent Technical Colleges do not discriminate on the basis of race, color, creed, national or ethnic origin, sex, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, spouse of military member or citizenship status (except in those special circumstances permitted or mandated by law). This school is in compliance with Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin; with the provisions of Title IX of the Educational Amendments of 1972, which prohibits discrimination on the basis of gender; with the provisions of Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap; and with the American with Disabilities Act (ADA).

The following individuals have been designated to handle inquiries regarding the nondiscrimination policies:

American With Disabilities Act (ADA)/Section 504 - Equity- Title IX (Students) – Office of Civil Rights (OCR) Compliance Officer	Title VI - Title IX (Employees) – Equal Employment Opportunity Commission (EEOC) Officer

ACCESSIBILITY STATEMENT

Southeastern Technical College is committed to making course content accessible to individuals to comply with the requirements of Section 508 of the Rehabilitation Act of Americans with Disabilities Act (ADA). If you find a problem that prevents access, please contact the course instructor.

GRIEVANCE PROCEDURES

Grievance procedures can be found in the Catalog and Handbook located on Southeastern Technical College’s website.

ACCESS TO TECHNOLOGY

Students can now access Blackboard, Remote Lab Access, Student Email, Library Databases (Galileo), and BannerWeb via the mySTC portal or by clicking the Current Students link on the [Southeastern Technical College \(STC\) Website \(www.southeasterntech.edu\)](http://www.southeasterntech.edu).

Subject to change

TECHNICAL COLLEGE SYSTEM OF GEORGIA (TCSG) GUARANTEE/WARRANTY STATEMENT

The Technical College System of Georgia guarantees employers that graduates of State Technical Colleges shall possess skills and knowledge as prescribed by State Curriculum Standards. Should any graduate employee within two years of graduation be deemed lacking in said skills, that student shall be retrained in any State Technical College at no charge for instructional costs to either the student or the employer.

MAJOR COURSE COMPETENCIES:

1. Examine the organizational structure of a macrosystem, its governance structure, potential impact on the role of the nurse, and provision of healthcare within the microsystem of a work unit.
2. Analyze selected leadership styles and theories and their effect on the management of employees.
3. Integrate principles of group process and teamwork into the operation of the inter-professional healthcare team.
4. Apply leadership skills and empowerment strategies when managing the care of clients, families, and groups.
5. Apply ethical decision making when managing the care of clients, families, and groups.
6. Delegate tasks within the legal parameters of that entity's scope and practice, ensuring safe, quality client-centered care.
7. Act as an advocate for clients, families, and groups regarding healthcare and health-related decisions.
8. Use informatics to manage client care, support clinical judgments, mitigate error, and communicate relevant client information with members of the healthcare team.
9. Manage the care of clients, families, groups, communities, and populations while adhering to ethical, legal, and professional standards and maintaining accountability and responsibility for care provided.
10. Evaluate the effectiveness of quality improvement strategies using client outcome data to improve health care services.
11. Analyze personal career goals and additional education or certification needed to achieve these goals.

Subject to change

GENERAL CORE EDUCATIONAL COMPETENCIES:

- a) The ability to utilize standard written English.
- b) The ability to solve practical mathematical problems.
- c) The ability to read, analyze, and interpret information.
