

ALHS 1011
Structure and Function of the Human Body
COURSE SYLLABUS
Summer Semester 2017

Semester: Summer 2017
Course Title: Structure & Function of the Human Body
Course Number: ALHS 1011
Credit Hours/ Minutes: 5/3750
Class Location: Room #733
Class Meets: Monday & Wednesday
8:30-12:45
CRN: 60200

Instructor: Brooke Hinson, RN , MSN
Email Address: bhinson@southeasterntech.edu
Office Hours: by appt
Office Location: Gillis Building Office 707
Phone: 912-538-3144 Hinson
Fax Number: 912-538-3106
Tutoring Hours: Please schedule an appointment

REQUIRED TEXT:

- 1) Elsevier's Structure & Function of the Body 15th By Thibodeau & Patton

RECOMMENDED:

- 2) Elsevier's Workbook/Study Guide for Structure & Function of the Body (*It is recommended to buy a new workbook.*) By Thibodeau & Patton

REQUIRED SUPPLIES & SOFTWARE: pen, pencil, paper, notebook, and highlighter, recorder strongly recommended. Power points are available on the M. drive.

COURSE DESCRIPTION: Focuses on basic normal structure and function of the human body. Topics include general plan and function of the human body, integumentary system, skeletal system, muscular system, nervous and sensory systems, endocrine system, cardiovascular system, lymphatic system, respiratory system, digestive system, urinary system, and reproductive system.

MAJOR COURSE COMPETENCIES:

1. General Plan and Function of the Human Body
2. Integumentary System
3. Skeletal System
4. Muscular System
5. Nervous and Sensory Systems

6. Endocrine System
7. Cardiovascular System
8. Lymphatic System
9. Respiratory System
10. Digestive System
11. Urinary System
12. Reproductive Systems

PREREQUISITE(S): Program Admission

COURSE OUTLINE:

General Plan and Function of the Human Body

Order	Description	Learning Domain	Level of Learning
1	Define anatomy and physiology.	Cognitive	Knowledge
2	Describe the major components of the cardiovascular system.	Cognitive	Knowledge
3	Define and use the principle directional terms in human anatomy.	Cognitive	Knowledge
4	Identify the sagittal, transverse, and frontal sections of the body	Cognitive	Knowledge
5	Define and locate the principal regions and cavities of the body	Cognitive	Knowledge
6	Identify the structure of a cell, tissue, organ, and system, and explain the relationship among these structures as they constitute an organism.	Cognitive	Knowledge
7	Define the terms homeostasis, metabolism, and cellular respiration.	Cognitive	Knowledge
8	Differentiate between organic and inorganic compounds and give examples of each.	Cognitive	Analysis
9	Describe the properties of water that make it essential for body functions.	Cognitive	Knowledge
10	Contrast acids and bases and use pH scale in describing acidity and alkalinity of a solution	Cognitive	Analysis
11	Identify the biologically significant chemical elements from a given list by their chemical symbols	Cognitive	Knowledge
12	Describe the structure of a typical cell	Cognitive	Knowledge
13	List organelles and discuss functions of each	Cognitive	Knowledge
14	Describe active and passive transport mechanisms	Cognitive	Knowledge
15	Define mitosis and meiosis	Cognitive	Knowledge
16	Define the term tissue and list the four major types	Cognitive	Knowledge
17	List and describe major types of epithelial, muscle, and connective tissue.	Cognitive	Knowledge
18	Locate and describe different categories of membranes in the body.	Cognitive	Comprehension

Integumentary System

Order	Description	Learning Domain	Level of Learning
1	Identify the main and accessory structures of the integumentary system and their functions	Cognitive	Knowledge
2	Discuss function of the skin in homeostasis of body temperature.	Cognitive	Comprehension

Skeletal System

Order	Description	Learning Domain	Level of Learning
1	Describe functions of the skeletal system	Cognitive	Knowledge
2	Identify major bones of the axial and appendicular skeletons.	Cognitive	Knowledge

3	Explain relationships of the endocrine system to the skeletal system	Cognitive	Comprehension
4	Describe development of the skeletal system.	Cognitive	Knowledge
5	Define articulation and identify types of joints	Cognitive	Knowledge

Muscular System

Order	Description	Learning Domain	Level of Learning
1	Explain functions of skeletal muscle	Cognitive	Comprehension
2	Identify major skeletal muscles and functions	Cognitive	Knowledge
3	Explain physiology of a muscle contraction.	Cognitive	Comprehension
4	Describe actions of muscles.	Cognitive	Knowledge

Nervous and Sensory System

Order	Description	Learning Domain	Level of Learning
1	Identify the general functions of the nervous system.	Cognitive	Knowledge
2	Explain the anatomical and functional classification of the nervous system.	Cognitive	Comprehension
3	Identify types of neurons and describe their functions.	Cognitive	Knowledge
4	Identify parts of a neuron.	Cognitive	Knowledge
5	Describe the physiology of nerve impulse transmission	Cognitive	Knowledge
6	Describe spinal cord and spinal reflexes.	Cognitive	Knowledge
7	Describe and give functions of the layers of the meninges and cerebrospinal fluid.	Cognitive	Knowledge
8	Identify spinal nerves and define plexus.	Cognitive	Knowledge
9	Identify cranial nerves and give functions of each.	Cognitive	Knowledge
10	Compare and contrast the sympathetic with the parasympathetic nervous system.	Cognitive	Evaluation
11	Name the principal areas and functions associated with the lobes of the cerebrum.	Cognitive	Knowledge
12	Identify and describe the function of the major regions of the brain.	Cognitive	Knowledge
13	Describe the structure and functions of the three major parts of the ear.	Cognitive	Knowledge
14	Describe the structure and functions of the eye.	Cognitive	Knowledge
15	Describe the physiology of vision.	Cognitive	Knowledge
16	Trace sound waves through the ear	Cognitive	Comprehension
17	Differentiate special and general senses.	Cognitive	Analysis
18	Describe tactile sensation and proprioception.	Cognitive	Knowledge

Endocrine System

Order	Description	Learning Domain	Level of Learning
1	Define endocrine gland and hormones; describe how the endocrine system works to maintain homeostasis.	Cognitive	Knowledge
2	Locate the principle endocrine glands, and identify the principle hormones, functions, and target tissues.	Cognitive	Comprehension
3	Describe the mechanism by which the hypothalamus links the endocrine and nervous systems.	Cognitive	Knowledge
4	Describe feedback mechanisms.	Cognitive	Knowledge

Cardiovascular System

Order	Description	Learning Domain	Level of Learning
1	Describe the functions of the cardiovascular system.	Cognitive	Knowledge
2	Describe the major components of the cardiovascular system.	Cognitive	Knowledge
3	Describe the components of plasma and give functions of each.	Cognitive	Knowledge
4	Describe and give the function of each type of formed element.	Cognitive	Knowledge
5	Explain ABO and Rh blood grouping systems.	Cognitive	Comprehension
6	Describe the location of the heart in relation to other organs of the thoracic cavity and the associated serous membranes.	Cognitive	Knowledge
7	Identify the chambers, valves, and associated vessels of the heart.	Cognitive	Knowledge
8	Trace the flow of blood through the heart, and distinguish between pulmonary and systemic circulation.	Cognitive	Comprehension
9	Describe the location of the parts of the conduction system of the heart, and trace the pathway of impulses initiation and conduction.	Cognitive	Knowledge
10	Identify major blood vessels.	Cognitive	Evaluation
11	Describe the structure and function of the different kinds of blood vessels.	Cognitive	Knowledge
12	Define blood pressure and contrast the clinical significance of systolic, diastolic, and pulse pressure.	Cognitive	Knowledge

Lymphatic System

Order	Description	Learning Domain	Level of Learning
1	Describe the structures of the lymphatic system and their functions.	Cognitive	Knowledge
2	Explain adaptive and innate resistance to disease.	Cognitive	Comprehension

Respiratory System

Order	Description	Learning Domain	Level of Learning
1	Describe parts of the upper and lower respiratory tracts.	Cognitive	Knowledge
2	Trace the pathway of air into and out of the respiratory tract.	Cognitive	Comprehension
3	Explain the physiology of breathing.	Cognitive	Comprehension
4	Differentiate external and internal respirations.	Cognitive	Analysis
5	Explain how oxygen and carbon dioxide are carried in the blood.	Cognitive	Comprehension

Digestive System

Order	Description	Learning Domain	Level of Learning
1	Differentiate chemical and mechanical digestion	Cognitive	Analysis
2	Identify the parts of the digestive system, their locations, and the functions of each.	Cognitive	Knowledge
3	Trace the pathway of food through the gastrointestinal system.	Cognitive	Comprehension
4	Identify the major digestive secretions and their functions.	Cognitive	Knowledge
5	Describe the process of absorption.	Cognitive	Knowledge

Urinary System

Order	Description	Learning Domain	Level of Learning
1	Identify the parts of the urinary system.	Cognitive	Knowledge

2	Explain general functions of the urinary system.	Cognitive	Comprehension
3	Explain the relationships of the urinary system to the endocrine and circulatory systems.	Cognitive	Comprehension
4	Describe the structure and function of the nephron	Cognitive	Knowledge
5	Compare the urinary system of the female with that of the male.	Cognitive	Synthesis
6	Identify the constituents of urine.	Cognitive	Knowledge
7	Differentiate the processes of secretion, filtration, and reabsorption and where they occur in the nephron.	Cognitive	Analysis

Reproductive System

Order	Description	Learning Domain	Level of Learning
1	Describe the anatomy and physiology of the female reproductive system.	Cognitive	Knowledge
2	Explain the relationship of the endocrine system to the menstrual cycle and the functioning of the	Cognitive	Comprehension
3	Describe the physiology of the male and female gonads, and the production of gametes.	Cognitive	Knowledge
4	Describe the anatomy and physiology of the male reproductive system.	Cognitive	Knowledge
5	Relate the urinary system to the reproductive system of the male.	Cognitive	Analysis
6	Explain the relationship of the endocrine system to the function of the male reproductive system.	Cognitive	Comprehension

GENERAL EDUCATION CORE COMPETENCIES: STC has identified the following general education core competencies that graduates will attain:

1. The ability to utilize standard written English.
2. The ability to solve practical mathematical problems.
3. The ability to read, analyze, and interpret information.

STUDENT REQUIREMENTS:

Students are responsible for policies and procedures in the STC E-Catalog and Student Handbook.

A final chapter/unit test average of 70 or above is required to sit for the final exam. Grades of 69.9 will not be rounded up. If the student has below a 70 average, the student will be not be allowed to take the final exam and the student will receive a zero as the grade for the final exam.

Prior to the discussion of each chapter in class, the student is expected to complete the following:

1. Read the assigned chapter.
2. Know the answers to the review questions and chapter test at the end of the chapter.
3. Know the definitions of the key terms listed at the end of the chapter.
4. Complete the workbook activities for the assigned chapter.

**NO EXTRA CREDIT OR BONUS POINTS WILL BE GIVEN.
NO EXAM GRADES ARE DROPPED.**

MAKEUP GUIDELINES FOR TESTS: In the event of an **excused absence** on an exam day, the student will be allowed to make-up **one** exam (excluding the final exam) which will be given at the discretion of the instructor. A grade of "0" will be given to all subsequent exams missed. The make-up exam may or may not be the same as the original exam. It may also be a different test format. Failure to show up for a make-up exam results in a grade of zero.

An excused absence is jury duty, military duty, court duty, or required job training. Other excused absences may also include illness, hospitalization or a death in the student's immediate family. Official, written documentation such as a subpoena or a doctor's excuse must be provided by the student prior to taking the make-up exam. The instructor reserves the right to refuse for the student to take the make-up exam based on the merit of the documentation.

ATTENDANCE GUIDELINES: Class attendance is a very important aspect of a student's success. Being absent from class prevents students from receiving the full benefit of a course and also interrupts the learning process. Southeastern Technical College considers both tardiness and leaving early as types of absenteeism. Responsibility for class attendance rests with the student. Regular and punctual attendance at all scheduled classes is required for student success. Students will be expected to complete all work required by the instructor as described in the individual course syllabus.

Instructors have the right to give unannounced quizzes/assignments. Students who miss an unannounced quiz or assignment will receive a grade of 0. Students who stop attending class, but do not formally withdraw, may receive a grade of F and face financial aid repercussions in upcoming semesters.

ADDITIONAL ATTENDANCE PROVISIONS

Health Sciences

Requirements for instructional hours within Health Science and Cosmetology programs reflect the rules of respective licensure boards and/or accrediting agencies. Therefore, these programs have stringent attendance policies. Each program's attendance policy is published in the program's handbook and/or syllabus which specify the number of allowable absences. All provisions for required make-up work in the classroom or clinical experiences are at the discretion of the instructor.

Attendance is counted from the first scheduled class meeting of each semester. To receive credit for a course a student must attend at least 90% of the scheduled instructional time. Time and/or work missed due to tardiness or absences must be made up at the convenience of the instructor. Any student attending less than the required scheduled instructional time (90%) may be dropped from the course as stated below in the Withdrawal Procedure.

Tardy means arriving after the scheduled time for instruction to begin. Early departure means leaving before the end of the scheduled time. Three (3) tardies or early departures equal one (1) absence for the course. **A tardy will be issued if a student has missed less than 20% of instructional class time. An automatic absence will be issued if the student misses greater than 20% of instructional class time. This averages out to 10 minutes per hour. For example, in this class which meets from 9:00-3:00 (5 hours excluding lunch) on Tuesday and Wednesday, a student will be counted tardy if he/she arrives between 9:01 and 10:00. After 10:00, the student will be counted absent. On Thursday, this class meets 9:00-12:00, a student will be counted tardy if he/she arrives between 9:01 and 9:36. After 9:36, the student will be counted absent. Tardies after lunch and early departures are calculated in the same manner.**

For this class, which meets 2 days a week for 9 weeks, the maximum number of days a student may miss is 2 days during the semester.

SPECIAL NEEDS: Students with disabilities who believe that they may need accommodations in this class based on the impact of a disability are encouraged to contact Jan Brantley, Room 1208 Swainsboro Campus, 478-289-2274, or Helen Thomas, Room 108 Vidalia Campus, 912-538-3126, to coordinate reasonable accommodations.

SPECIFIC ABSENCES: Provisions for Instructional Time missed because of documented absences due to jury duty, military duty, court duty, or required job training will be made at the discretion of the instructor.

PREGNANCY: Southeastern Technical College does not discriminate on the basis of pregnancy. However, we can offer accommodations to students who are pregnant that need special consideration to successfully complete the course. If you think you will need accommodations due to pregnancy, please

advise me and make appropriate arrangements with the Special Needs Office. Swainsboro Campus: Jan Brantley, Room 1208, (478) 289-2274 -- Vidalia Campus: Helen Thomas, Room 108, (912) 538-3126.

WITHDRAWAL PROCEDURE: Students wishing to officially withdraw from a course(s) or all courses after the drop/add period and prior to the 65% portion of the semester (date will be posted on the school calendar) must speak with a Career Counselor in Student Affairs and complete a Student Withdrawal Form. A grade of "W" is assigned when the student completes the withdrawal form from the course.

Students who are dropped from courses due to attendance (see your course syllabus for attendance policy) after drop/add until the 65% point of the semester will receive a "W" for the course. Abandoning a course(s) instead of following official withdrawal procedures may result in a grade of 'F' being assigned.

After the 65% portion of the semester, the student will receive a grade for the course. (Please note: A zero will be given for all missed assignments.)

There is no refund for partial reduction of hours. Withdrawals may affect students' eligibility for financial aid for the current semester and in the future, so a student must also speak with a representative of the Financial Aid Office to determine any financial penalties that may be assessed due to the withdrawal. All grades, including grades of 'W', will count in attempted hour calculations for the purpose of Financial Aid.

Remember - Informing your instructor that you will not return to his/her course does not satisfy the approved withdrawal procedure outlined above.

ACADEMIC DISHONESTY POLICY: The STC Academic Dishonesty Policy states *All forms of academic dishonesty, including but not limited to cheating on tests, plagiarism, collusion, and falsification of information, will call for discipline.* The policy can also be found in the *STC Catalog and Student Handbook.*

Procedure for Academic Misconduct

The procedure for dealing with academic misconduct and dishonesty is as follows:

--First Offense--

Student will be assigned a grade of "0" for the test or assignment. Instructor keeps a record in course/program files and notes as first offense. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus. The Registrar will input the incident into Banner for tracking purposes.

--Second Offense--

Student is given a grade of "WF" for the course in which offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Registrar will input the incident into Banner for tracking purposes.

--Third Offense--

Student is given a grade of "WF" for the course in which the offense occurs. The instructor will notify the student's program advisor, academic dean, and the Registrar at the student's home campus indicating a "WF" has been issued as a result of second offense. The Vice President for Student Affairs, or designee, will notify the student of suspension from college for a specified period of time. The Registrar will input the incident into Banner for tracking purposes.

STATEMENT OF NON-DISCRIMINATION: Southeastern Technical College does not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, disabled veteran, veteran of Vietnam Era or citizenship status, (except in those special circumstances permitted or mandated by law). This school is in compliance with Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin; with the provisions of Title IX of the Educational Amendments of 1972, which prohibits discrimination on the basis of gender; with the

provisions of Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of handicap; and with the American with Disabilities Act (ADA).

GRIEVANCE PROCEDURES: Grievance procedures can be found in the Catalog and Handbook located on STC's website.

ACCESS TO TECHNOLOGY: Students can now access Angel, Remote Lab Access, Student Email, Library Databases (Galileo), and BannerWeb via the mySTC portal or by clicking the Current Students link on the STC website at www.southeasterntech.edu.

TCSG GUARANTEE/WARRANTY STATEMENT: The Technical College System of Georgia guarantees employers that graduates of State Technical Colleges shall possess skills and knowledge as prescribed by State Curriculum Standards. Should any graduate employee within two years of graduation be deemed lacking in said skills, that student shall be retrained in any State Technical College at no charge for instructional costs to either the student or the employer.

GRADING SCALE:

- A: 90-100
- B: 80-89
- C: 70-79
- D: 60-69
- F: 0-59

EVALUATION PROCEDURES

Students will be given multiple written examinations throughout the semester and 1 comprehensive final examination at the end of the semester.

Grading Components

Unit Exams.....	75%
Final Examination.....	25%

Total	100%
-------	------

Each student's final course grade will be determined as follows:

Average of Unit Exams	X 0.75 =	+ _____
Final Exam	X 0.25 =	+ _____

Numerical Course Grade = _____

****Disclaimer Statements****

******Instructor reserves the right to change the syllabus and/or lesson plan as necessary.******

*****The official copy of the syllabus is located inside the student's online course shell or will be given to them during face to face class time the first day of the semester. The syllabus displayed in advance of the semester in a location other than the course you are enrolled in is for planning purposes only.*****

ALHS 1011 STRUCTURE & FUNCTION OF THE HUMAN BODY
M&W 8:30-12:45
SUMMER SEMESTER 2017 LESSON PLAN

Date	Chap / Less	Content	Assignments & Tests Due	Comp Area
Week 1				
5/17 W		Introduction to the course; get books, go over STC polices *****	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*1 **a-c
Week 2				
5/22 M	Ch 1 Ch 2	Introduction to Structure and Function of the Body Chemistry of Life Read/study at home Ch 1- 2 for test	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*1 **a-c
5/24 W	Test 1 Then Ch 3 & Ch 4	Test 1 (Ch 1-2) Then Cells Tissues	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*1-2 **a-c
Week 3				
5/29 M		Holiday		
5/31 W	Ch 5 Ch 6	Organ Systems Skin and Membranes	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*1-3 **a-c
Week 4				
6/5 M	Test 2 Then Ch 7	Test 2 (Ch 3-6) Then Skeletal System	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*4 **a-c
6/7 W	Ch 8	Muscular System	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*3-4 **a-c
Week 5				
6/12 M	Review Ch 7 & 8	Review 7 & 8	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*3-5 **a-c
6/14 W	Test 3 then Ch 9	Test 3 (Ch 7 & 8) Then Nervous System	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for	*5 **a-c

			test	
Week 6				
6/19 M	Ch 10	Senses	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*6 **a-c
6/21 W	Test 4 Then Ch 11	Test 4 (ch 9 & 10) Then Endocrine System	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*8 **a-c
Week 7				
6/26 M	Ch 14	Lymphatic System	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*7 **a-c
6/28 W	Test 5 Then Ch 12	Test 5 (Ch 11 & 14) Then Blood	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*7 **a-c
July 3-July 6 Summer Break No Classes				
Week 8				
7/10 M	Ch 13	65% Mark is Tomorrow 6/29 Cardiovascular System	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	* 9 **a-c
7/12 W	Test 6 Then Ch 15	Test 6 (ch 12 & 13) Then Respiratory System	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*10 **a-c
Week 9				
7/17 M	Ch 16	Digestive System	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*9-10 **a-c
7/19 W	Ch 15 & 16	Review Ch 15 & 16	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*11-12 **a-c

Week 10				
7/24 M	Test 7 Then Ch 18 & Ch 21	Test 7 (Ch 15 & 16) Then Urinary System Reproductive System	Read/study chapter(s) in preparation for test Complete workbook/study-guide for additionally preparation for test	*1-12 **a-c
7/26 W	Test 8	Test 8 (Ch 18 & 21) Then review for final exam Make-ups today if applicable	Read and study to prepare for final exam	*1-12 **a-c
Week of Final Exam				
7/31 M	Final Exam	Comprehensive Final Exam		*1-12 **a-c

*** Competency Areas:**

- | | |
|--|-------------------------|
| 1. General Plan and Function of the Human Body | 8. Lymphatic System |
| 2. Integumentary System | 9. Respiratory System |
| 3. Skeletal System | 10. Digestive System |
| 4. Muscular System | 11. Urinary System |
| 5. Nervous and Sensory Systems | 12. Reproductive System |
| 6. Endocrine System | |
| 7. Cardiovascular System | |

****General Core Educational Competencies**

- a) The ability to utilize standard written English.
- b) The ability to solve practical mathematical problems.
- c) The ability to read, analyze, and interpret information.
