

Creating SignUp Lists for Proctored Events

You can create signup lists to place in your Blackboard courses for students to choose the date/time/location they plan to attend.

Inside your Blackboard course go to Lessons – Build Content drop arrow – Choose Sign Up List

Select BATCH CREATE so you can create the multiple date/time/locations at one time.

SignUp Names and Instructions

Enter the dates/times/locations for each proctored event along with the instructions you would like them to know. (Sample below) You will need to advise them to only sign up for **one** date. The student can removed themselves from one list and add to another if they wish. They can also signup for both dates so you will need to monitor for this.

Note lists will only be created for entries where a name has been supplied
