

## Landing Page Modules – Course Module – Hide Previous Term Courses

To hide the previous term courses on the courses module:

1. From the landing page, select on the *Manage Course List Module Settings* icon.

NOTE: Hover the mouse cursor to the right corner to make the icon appear.

2. Locate the **Courses You are Teaching** section.
3. Find the course(s) to be hidden.
4. Uncheck all the checkboxes to the right of the course name (there is shortcut checkbox to the left of the name to select/unselect all).
5. Navigate to the bottom of the page, select Submit.
